

We need to let our leaders know that when we step into the ballot box the Constitution will be the first thing on our minds. Sign the pledge.

I'M A ★ CONSTITUTION ★ VOTER

- I believe that no one—including the President—is above the law.
- I oppose all forms of torture, and I support both closing the Guantánamo Bay prison and ending indefinite detention.
- I oppose warrantless spying.
- I believe that government officials, no matter how high-ranking, should be held accountable for breaking the law and violating the Constitution.
- I believe that the Constitution protects every person's rights equally—no matter what they believe, how they live, where or if they worship, and whom they love.
- I reject the notion that we have to tolerate violations of our most fundamental rights in the name of fighting terrorism.
- I am deeply committed to the Constitution and expect our country's leaders to share and act on that commitment—every day, without fail.
