MEMORANDUM FOR

C2, Combined Joint Task Force Seven, Baghdad, Iraq 09335
 C3, Combined Joint Task Force Seven, Baghdad, Iraq 09335
 Commander, 205th Military Intelligence Brigade, Baghdad, Iraq 09335

SUBJECT: CJTF-7 Interrogation and Counter-Resistance Policy

1. (~~SECRET~~)^U This memorandum establishes the interrogation and counter-resistance policy for security internees under the control of CJTF-7. Security internees are civilians who are detained pursuant to Articles 5 and 78 of the Geneva Convention Relative to the Protection of Civilian Persons in Time of War of August 12, 1949 (hereinafter, Geneva Convention).
2. (~~SECRET~~)^U I approve the use of specified interrogation and counter-resistance approaches A-Q, as described in Enclosure 1, relating to security internees, subject to the following:
 - a. (~~SECRET~~)^U Use of these approaches is limited to interrogations of security internees under the control of CJTF-7.
 - b. (~~SECRET~~)^U These approaches must be used in combination with the safeguards described in Enclosure 2.
 - c. (~~SECRET~~)^U Segregation of security internees will be required in many instances to ensure the success of interrogations and to prevent the sharing of interrogation methods among internees. Segregation may also be necessary to protect sources from other detainees or otherwise provide for their security. Additionally, the Geneva Convention provides that security internees under definite suspicion of activity hostile to the security of Coalition forces shall, where absolute military necessity requires, be regarded as having forfeited rights of communication. Accordingly, these security internees may be segregated. I must approve segregation in all cases where such segregation will exceed 30 days in duration, whether consecutive or nonconsecutive. Submit written requests with supporting rationale to me through the CJTF-7 C2. A legal review from the CJTF-7 SJA must accompany each request.
 - d. (~~SECRET~~)^U In employing each of the authorized approaches, the interrogator must maintain control of the interrogation: The interrogator should appear to be the one who controls all aspects of the interrogation, to include the lighting, heating and configuration of the interrogation room, as well as the food, clothing and shelter given to the security internee.
