MEMORANDUM FOR Commander, Task Force 1-41 Infantry, Camp Liberty, Baghdad, Iraq APO AE 09303

SUBJECT: AR 15-6 Investigation Concerning the Shooting of Three (3) Iraqi Local Nationals on 02APR05

- 1. On 03 April 2005, I was appointed as the AR 15-6 Investigating Officer (IO) for the Shooting of three (3) Iraqi Local Nationals on 02 April 2005. On or about 021640 three (3) local national were shot and injured during a direct fire contact between Coalition forces and Anti-Iraqi Forces. I have conducted a thorough investigation surrounding this accident. My observations, conclusions, and recommendations are provided in the following format: facts, findings, and recommendations.
- 2. FACTS. On or about 021515APR05 3rd Platoon, B Company, 2-14 Infantry moved to assist in the cordon of the site. The 2B vehicle cras set in an alleyway on the East side of RTE Vernon at grid △A vehicle was located at 🚛 While securing their area of the cordon the 2b vehicle took fire from a RPG from their East at grid detonated on the turret shield of the 2b vehicle. The 2a gunner SPC positively identified the target and returned fire with an M-240B on two AIF that were East in an unnamed alleyway. The AIF were taking cover behind a white Mercedes sedan and loading their second RPG round. SPC fired at the car trying to hold the AIF position or kill both AIF personnel; he fired 200 rounds of 7.62mm. SGT Truck Commander of 2a, also fired with an M-4 at the AIF using 21 5.56mm rounds. The majority of SGT shots were fired when SPC was reloading his M-240B. SPC the driver of 2a, fired 15 5.56mm rounds from his M-4 at the AIF. SPC coaded his M-240B and commenced firing at the AIF and white Mercedes. During the second 200 rounds of 7.62mm fired by SPC one of the AIF (the RPG gunner) ran North to an unnamed alleyway without being struck. After the first member of the AIF team crossed the East-West alleyway and was traveling North in the North-South alleyway the second AIF member started his movement to the North. He was struck in the leg with a round; what type is unknown. He did make it to the North-South alleyway and both members were reported to board a blue Opal sedan and drive North in the alleyway and East at the next intersection. After the second AIF member passed out of the field of fire a cease fire was called. All weapons systems were shut down and maneuvering on the objective began. The 3 vehicle and the 6 vehicle maneuvered to the East-West alleyway and moved to the white Mercedes and observed the alleyway

- North. 1LT and his soldiers, using their interpreter, began asking the Local Nationals what they saw and where the AIF went. The Local Nationals reported the AIF ex-fill route from the direct fire contact. Simultaneously to this action the 2a vehicle moved to the location of the Local National vehicles East of the AIF location and helped treat the two wounded Local Nationals. One female was injured and evacuated by Local Nationals before the area was secure to treat casualties.
- 3. FINDINGS. The Local Nationals were in direct line of fire of the 2a personnel. The rounds fired at the white Mercedes and AIF would pass through and by the vehicle and struck the vehicles behind the target. The amount of M-240B ammunition fired was used entirely to suppress the AIF. The fire kept the AIF from firing the second RPG round at Coalition Forces. There was no fault found on the part of any soldiers involved in the incident.
- 4. RECOMMENDATIONS. I find that no administrative or UCMJ action should be taken against any member of this platoon. I do recommend that the unit pay solatia payments to the family member of the injured individuals.

4. The point of contact for this memorandum is the undersigned,

SECTION IV - FINDINGS (para 3-10, AR 15-6)

The investigating officer) (board), having carefully considered the evidence, finds:

The Linux Rationals were in direct line of fire of the 2a personnel. The rounds fired at the white Mercedes and AIF would pass through the vehicle and struck the vehicles behind the target. The amount of M-240B ammunition fired was used entirely to suppress the fire kept the AIF from firing the second RPG round at Coalition Forces. There was no fault found on the part of any solutions and the incident.

SECTION V - RECOMMENDATIONS (para 3-11, AR 15-6)

In view of the above findings, the (investigating officer) (board) recommends:
I find that no administrative or UCMJ action should be taken against any member of this platoon. I do recommend that the unit pay so payments to the family member of the injured individuals.
