Concur, no violations of ROE and therefore no punitive action is appropriate.

The petrel was driving too fast which is not only a significant accident risk, it is also an operational risk. A speed of 45 mph loses itself to collision with the mud. Furthermore, with the poor quality of roads, significant road hazards and poor long driving skills, 45 mph will create additional risk in an already risky environment. Finally, 45 mph greatly increases closure rate between petrel vehicles and non-petrel vehicles requiring ~~the~~ slows to make life & death decisions in his time.

Therefore: BPE speed limit

is now 37 mph for
ETI racing.

MEMORANDUM FOR COMMANDER, 3rd BRIGADE COMBAT TEAM, 1st ARMOR DIVISION

THRU COMMANDER, 2nd BATTALION, 70th ARMOR REGIMENT

SUBJECT: AR 15-6, BCT No: _____ (Shooting of Local National vicinity of Saba Al Boor, Iraq)

1. Enclosed is the 15-6 investigation outlining the circumstances of the use of escalation of force that resulted in the shooting of a local national. As a result of the incident one Iraqi citizen was killed. The shooting occurred along ASR Lincoln vic the town of Saba Al Boor (MB 2918 0452) at approximately 1900hrs on 21 August 2005.
2. SUMMARY: 212005AUG2005 an IZ male entered the Saba Al Boor Iraqi Police Station and reported that a U.S. Motorized Combat Patrol consisting of 4x M114s shot at his vehicle on RTE Lincoln. The IZ claims that the incident took place at approximately 1900 hrs. The IZ claimed that as a result of the shooting a passenger in the IZ's vehicle was struck and died due to the injury sustained by the bullet wound. The IZ stated that the patrol continued on its direction of travel to the east. A second IZ (IZ2) claimed to have witnessed the incident from the roadside where he and his son were fishing. IZ2 stated that as soon as the shot was fired the IZ (vehicle operator) pulled the blue mini van off of the road and came to a stop at which point all of the passengers in the van exited the van and fled the scene on foot. The only passenger that remained in the van, the IZ claims, is the IZ3 that was wounded from the gunshot. IZ2 stated that he approached the van to ensure that the vehicle operator was all right. Upon reaching the van, IZ2 recognized that IZ3 was injured and recommended that IZ seek assistance and report the incident to the Iraqi Army Soldiers posted at CP57A. The Iraqi Soldiers Posted at the CP 57A informed the two IZs that they would have to report the incident to the Iraqi Police. The two IZs (IZ and IZ2) proceeded to the TAJI Iraqi Police Station to report the incident, where an Iraqi Police official informed them that they would have to report the incident to the Saba Al Boor Police Station because the incident occurred in the Saba Al Boor area of responsibility. Once at the Saba Al Boor Police Station the Iraqi Police notified the Warrior element of the IZ's allegations. Warrior contacted Task Force 2-70 Armor's TOC to inquire if there were any reports of the use of escalation of force requiring warning shots to be fired. The Task Force TOC acknowledged that 3/A/2-70 had in fact fired a warning shot at approximately the time period, which the IZ and IZ2 claim that the incident occurred. The Task Force Executive Officer was dispatched to the Iraqi Police Station to conduct interviews and receive sworn statements from the two IZs and the crew of A32.

3. Relevant to the incident is that as the patrol was traveling east along ASR LINCOLN and all of the civilian traffic (east and west bound) either pulled off onto the shoulder of the road or were in the process of pulling off onto the shoulder of the road to yield the right of way to the coalition combat patrol (this was verified during the questioning of IZ2). The only vehicle that was not yielding the right of way was the blue mini van. The crewmembers of A32 all perceived the blue mini van as traveling at a higher rate of speed in the center of the road, and not showing any signs of slowing or yielding the right of way. [REDACTED] asked the IZ why he remained in the center of the road and failed to show signs of yielding the right of way or pulling off of the road, the IZ responded by saying that he was in a hurry to get to Saba Al Boor. The IZ acknowledges seeing the coalition convoy to his direct front along ASR LINCOLN.

4. FACTS:

- a) How many local nationals were injured in the incident? One Iraqi citizen was involved in the incident.
 - 1x KIA (Male)
- b) What is the description of the vehicle(s) involved in the incident? Vehicle involved in the incident is blue mini van.
- c) When and where was the first warning shot(s) fired? No warning shots were fired.
- d) When and where was the disabling shot(s) fired?
 - a. [REDACTED]
 - b. [REDACTED]
- e) What means has the unit used to educate there assigned soldiers on the use of escalated force (IAW CFFLC ROE) and the initiation of warning, disabling and lethal fires?
 - a. The unit received briefings and conducted Forward Operating Base security missions at the National Training Center as part of the MRE (OCT/NOV 04).
 - b. The patrol, as part of the pre mission brief conducted a historical vignette discussing a possible scenario that could be encountered and the actions that could be taken to mitigate a possible ROE violation.

g) Did the patrol have Positive Identification (were they reasonably certain that the local national was a legitimate military target) before engaging?

- No. The patrol was not attempting to shoot at the individual, which is claimed to have died due to injuries inflicted by the coalition patrol.
- The gunner fired an aimed disabling shot at the grill of the oncoming vehicle from a moving vehicle to an oncoming vehicle.
- Was deadly force authorized? Yes. The crew felt threatened by the vehicle remaining in the center of the road driving directly towards them and not making any attempt to slow or signs of pulling off of the road.
- Were there any Law of War violations? No.
- Are there any operational lessons that could be captured and disseminated? Yes. Soldiers, as in this case must be taught that when firing a weapon from a moving platform towards another moving platform and both platforms are moving towards each other the gunner must aim lower to the target. The speed and distance are a huge factor and when a gunner fires his weapon at what at the oncoming target the strike of the round will be different than what he has been taught from firing at a stationary target from a stationary position.

4. FINDINGS.

- All personnel involved in the incident acted in accordance with the "CFLCC Rules For Use Of Force" Card (as of 011800ZNOV03). The soldiers believed that were acting in self-defence; in defence of their unit; and that their acts would prevent the destruction of both military and civilian property.
- All soldiers (SP [REDACTED]) acted in accordance with the CFLCC guidance in the use "Escalation of Force" with direct fire. All shots were aimed (warning shots in front of the individual; lethal shots were aimed / focused at the fleeing individual); the cease-fire order was given once the individual was observed falling to the ground.
- The crew of A32 did not feel threatened until the vehicle was approximately 150 meters away.
- The operator of the vehicle (A32) PFC [REDACTED] in an attempt to provide more time in allowing the situation to develop slowed his vehicle speed from approximately 45 mph to 30 mph.

b7c

e) The use of hand and arm signals were applied in an attempt to having the vehicle pull over onto the shoulder of the road and yield the right of way.

f) [REDACTED]

g) [REDACTED] Ex 1
[REDACTED]

h) [REDACTED]

i) The patrol did not learn of having possibly injured a local national due to the disabling shot being fired until approximately 90 minutes of the disabling shot being fired.

j) There is a strong possibility that the local national was unintentionally shot by the coalition patrol and died from the injury sustained due to the gunshot. Ex 6

k) All attempts in contacting the local national's family have been unsuccessful.

l) The vehicle operator claims that he has no knowledge of who the local national was. The vehicle operator stated that he was just giving the individual a ride to Saba Al Boor.

5. RECOMMENDATION.

a) Coach, teach and mentor our wheel vehicle gunners on the dynamics of where we are aiming the weapon as to moving platforms are approaching each other is not where the round(s) will strike. The gunner(s) must be instructed on where to aim in allowing the round to strike its intended target.

SUBJECT: Appointment as Investigating Officer

1. Pursuant to AR 15-6, paragraph 2-1, you are hereby appointed as an investigating officer to investigate the escalation of force incident that occurred on 21 August 2005, involving elements of 3/A/2-70 AR, which allegedly resulted in the death of a local national. Ex-6
2. In your investigation, use procedures under AR 15-6, Chapter 4, for an informal board of officers. All witness statements will be sworn, and you will follow the procedures in AR 15-6, paragraph 3-7e for Privacy Act statements. If the person you are interviewing states that he/she does not know anything about the allegations, prepare a sworn statement to that affect for the witness to sign. If, in the course of your investigation, you suspect a soldier has committed an offense under the UCMJ, you must advise and read him/her their rights under the UCMJ, Article 31, or the Fifth Amendment, as appropriate, prior to conducting any interview.
3. In your investigation, you need to answer the following questions:
 - a. What was the sequence of events that led up to the incident?
 - b. Did the soldiers involved properly escalate the use of force?
 - c. Did the patrol have Positive Identification (were they reasonable certain that the local national was a legitimate military target) before engaging?
 - d. Was deadly force authorized?
 - e. Were there any Law of War violations?
 - f. Are there any operational lessons that should be captured and disseminated?
 - g. Were there any other contributing factors that, if changed, could have altered the outcome?

Al Taji, Military Neighborhood, across from Saba Al Bore Checkpoint

I was fishing right by the old Saba al bore checkpoint. I saw an American convoy going from Saba al bore towards taji. There was also a KIA going from Al-Kathimia towards Saba al bore and who has stopped on the opposite side. I heard a gunshot coming from the KIA's direction and saw one of its passengers falling down. I ran to the rescue. After that we were brought (the driver and I) to Al Taji Police station and we went afterwards to Saba Al Bore Police Station by order of the Taji police chief.

<p>Upon my return from Kathimia going towards Saba Al Bore and right before I got to the check point (Saba Al Bore). I saw an American convoy going towards the bridge, so I pulled over. One of the Americans shot towards my car. The passengers informed me that one of them got shot in the chest, so I asked them to come down and then I proceeded to the Taji police station where the wounded passed away. After that a convoy escorted me to Saba al bore police station. There was a convoy and several people around the place of the incident and they all saw the shooting with their own eyes.</p>

LINe 6: SUMMARY: At 2005 an IZ male entered the SAB IP station and reported that a U.S. wheeled patrol shot at his vehicle on RT [REDACTED] at approximately 1900 hrs. The civilian vehicle was traveling west on A [REDACTED] and the U.S. patrol was traveling east. After the shooting all personnel ran from the vehicle. Another IZ that witnessed the shooting approached the van and noticed that the driver of the vehicle showed no signs of life. The witness claimed that the driver was killed from a gunshot wound. The witness did not know who the man was, and went to the TAJI IP station to report the incident. The IPs at the Taji station escorted the witness and the remains to the SaB IP station. B/1-115th, collocated at the IP Station, learned of the incident and reported the information to the TF TOC. All units that were traveling along A [REDACTED] between 1830-2030, to include 70th EN, where questioned regarding warning shots and escalation of force. Upon further investigation, 2/A/2-70 reported that they had fired warning shots at a mini-van while traveling east on A [REDACTED] enroute to Camp Taji. The TF XO is currently conducting an AR 15-6 investigation at the SaB IP station.

UPDATE:

Ex

**Appendix 1 (CIR BLUE 2 REPORT) to Annex C to FRAGO 4 to OPORD 05-007
(RSOI)**

The crew and follow-on crews of the patrol observed no unusual activity and continued their mission without further incident.

Additional information: The platoon/patrol had recently completed ROE refresher training and conducted an ROE vignette as part of the pre-patrol brief and preparation. The platoon had recently been attacked by a VCIED along [REDACTED] on 12AUG. The platoon did not report the EOF until the LNs reported the event at the SAB IP Station. AR 15-6 investigation continues.
