WANT TO MAKE THE FOLLOWING STATEMENT UNDER OATH:

On March 11 2006 approx at 22:30 we (A13) received a call on our radio reporting a possible IED and the location. responding to the call we arrived at the possible area we the FED was located. The area was divided by two roads our vehicle parked to the right and the other two went to the left side. Approaching a intersection on the right corner a individual pops out looking down the road, at the same time our gunner spotted him. We approach the corner, head light on and spot light. As we stop parallel to the corner were the individual was, immediately we saw him carrying something on his right side (something thin and long). He looked at us and started running towards the opposite side of

On March 11th we were out on a night patrol. At about 1231Z we received a call to go check out a possible E.D. Being that we were the trail vehicle and I was traversed to the rear, I'm really not sure as to where we were. All I know is our vehicle broke off from the other 2 vehicles to search from an adjacent route. When we broke off I traversed to the front and saw a guy standing on a corner. I alerted my crew and watched him dock back out of our view. We continued off his position at the corner. About the time we got there he came out and began to walk back up the street we had just come down. I shined my spot light on him and told him to "aggoff" or stop. I noticed that he had something long and white like a stick or ribs that he seemed to be trying to hide from my view. I again yelled "aggoff to bramme" (spelling may be off I just know how to say it)

At this point he took off at a flat sprint. My TC and Driver had already dismounted and they were screaming at him as well. At this point my TC began to fire his first warning shots into the wall to the left of the man. I did not see part of the nest few seconds because I was trying to get my rifle up and still maintain my spot light on the man as he ran. I managed to get my rifle and fire 2-3 shots but quickly realized that firing with a handgun was more dangerous than it was worth so I just held the lighter so my crew could hear clear shots. After the man was down I did my 5's & 25's and noticed what looked like an artillery round on the ground beside us. We moved about 10 meters from the area and cordoned it off. [REDACTED] My crew stayed dismounted to check out the area and set up our TGP as I began to call the situation in. Shortly after we lost comms on our vehicle due to a power issue. Since I was in the gun I didn't hear to much after that. I know Rough Rider 6 and a few others showed up. I was told that the Oxo I saw was dd and empty. And somewhere around 0300 the Z.P.'s showed up to collect the body at which point we cleared the area.

1. [REDACTED] WANT TO MAKE THE FOLLOWING STATEMENT UNDER OATH: On the night of the 11th of March 2006, I was the acting Medic on patrol with Alpha's 1st Platoon alpha section. We were on patrol from 2000 to 2400. When we were in the vicinity of Canal road we got the call to check out some "Suspicious Movements of chit" within a 6x6 grid. When we were close to the grid we realized a lopp in the roads and vehicles 92 and 2 went to the left and our vehicle went right so we could meet up and simultaneously check the only roads in that grid. We were in sight of each other until a building blocked our view. As we were coming down a straight road with a concrete wall down the passenger side of us, we saw a local national pop out around a corner and upon seeing us he jumped back. This was about 40 meters ahead. We rolled up slow not too concerned about and planned to see what he was upto when we hit the corner. [REDACTED] positioned our spotlight so that it would be on him as we rounded the corner. The minute the front of our vehicle was at the corner and we saw him for about a second he took off sprinting back the way we came. As soon as he took his first step our Gunner [REDACTED] was screaming at him in arabic to halt. Then [REDACTED] and our driver [REDACTED] jumped out of the 11/2 and [REDACTED] was screaming [REDACTED] had opened my door I would have hit [REDACTED]. suspect. I'm going to guess at about 4 rounds into the wall and then 2 to 3 more on the ground in front of the suspect. He clearly was not going to stop and had about 25 meters until he would be around a corner and we would not have been able to catch him. That's when [REDACTED] said to take him down. I believe 4 to 5 rounds total between [REDACTED] and [REDACTED] were fired to take him down. The second he was down [REDACTED] yelled "5 and 25" so we would look around the corner where the suspect had been standing and started running then and saw the bottom of a mortar round. I yelled to [REDACTED] that I could see the primer on the round and he confirmed and yelled for [REDACTED] to move the vehicle down the road and clear of the round. I just looked over my statement and I realized I did not mention that I saw the suspect as he was coming around the corner, tracking something under his arm, as if trying to hide it. From us we still don't know what it was or why he tried to hide it. Upon search we found nothing back to when we pulled forward. I grabbed my aid bag and waited the chance to see if I could help the suspect. I could not go back the way we came because of the suspected round and the other two vehicles had not linked up yet. When the other two vehicles got there [REDACTED] and I went through a open area around well as our power to the truck. When we got there the SCO and Sgt Major and XO were already there and then everyone, and so the body is realize the suspect was already dead because one round struck him in the back of the head and exited the upper left side of the head. So there was nothing I could do for him.

On 11 Feb, 2006 I led a patrol, call sign A Red 2, for [REDACTED] success (b) clearance. At approximately 2030 my patrol received a call from Rough Rider X-Ray pertaining to two suspicious dirt mounds vicinity of the canal road grid MB 328 809. The Red 1 and Red 3 vehicles are approximately 200 m apart as we both start around a building momentarily blocking our line of site. At this time my vehicle, Red 2 receives small arms contact from the east which is on the west side of [REDACTED]. I report contact. Immediately after which is approximately 10-15 seconds, Red 3 reports contact informing me that an individual has been shot. I report this to X-Ray and have them stand by as Red 3 develops the situation. I immediately put my vehicle, and my A92 in position to seal off the area. Red 3 informs Red 2 that an individual acting suspiciously peaks around the corner of a wall as his vehicle a goes then ducking back, Red 3 continues saying, as the individual
