<p>I, [REDACTED] want to make the following statement under oath: I was a part of the advance party into Camp Bucca, Iraq. I arrived approximately two to three weeks prior to the main unit arriving. When I arrived at Camp Bucca the British military was in charge of the camp. With a joint effort between the British Medical Team and me we conducted a joint effort. The British had already established command and control and had some Iraqi prisoners already within the camp. I was there first and when the main unit arrived the additional medical personnel joined me with augmentation of the British. Q: Do you recall the incident involving an Iraqi Prisoner named Mr. Al KANAN, who died of an alleged heart attack? A: I do not recall any specifics of the incident, as there was so many incidents that I was involved in. I do recall minor things afterwards and I know the protocol that I would have used regarding an incident like that. I recall the patient was loaded in the back of a British ambulance and they were getting ready to transport him, I do recall where specifically, but it was a British hospital I believe in Bahsara. They were waiting for a convoy escort. That was all I recall about the incident. I do recall that the British medical doctor would not do a death certificate because he feared being sued for malpractice. I also recall that the patient did expire. With knowledge of proper burial procedures through what we had been taught by the Iraqis, the individual was buried at the camp as there were no Mortuary Affairs available. The body was prepared like we were told by the Iraqis. I recall the family came to the camp and wanted to see the body, I do not know how they were contacted, possibly by the ICRC. The grave site was exhumed and the body was released to the family and that was it. Q: How were you informed of the cause of death of Mr. KANAN? A: I was never officially informed by a medical doctor that MR. KANAN died as a result of a heart attack, but MR. KANAN had all the symptoms of a heart attack. Additionally, I do not know but since the British doctor would not sign a death certificate, I may have signed one I cannot recall if I did or not. I may have done it because it had to be done. You should understand that I probably saw about 300 people on a daily sick call.</p>

I, [REDACTED] want to make the following statement under oath:

Sometime at the beginning of 2003, I believe in April, we were just arriving at Camp Bucca, Iraq, which was under the command of British forces. There was an incident involving an Iraqi Prisoner, (Now identified as MR. AL KANAN). MR. KANAN was transported from the compound where he was held to the British Aid Station, with complaints of something wrong. No one had any interpreters at the time. At which time they called on the lead British doctor, I cannot recall his name. They conducted vitals on him and from that diagnosis they determined that it was a serious issue and he needed to be medivaced to a higher medical facility to the lack of equipment. MR. KANAN was placed in ambulance and the British tried to round up an escort for the trip. They waited for the escort and they attempted to transport MR. KANAN, but he coded enroute to the British hospital. At that time they returned to Camp Bucca and completed the administrative paperwork and buried MR. KANAN.

Q: Was there any U.S. medical personnel involved in the medical assistance on MR KANAN to your knowledge?

A: I believed CPT [REDACTED] (Unknown unit or where he is located-CPT [REDACTED] was a lateral transfer into the 320<sup>th</sup> MP Bn, for Camp Bucca) was there and I was there as a right seat medical person, but none of us had any involvement in the incident, as the British Medical Doctors were in charge. They also had their own staff.

Q: To your knowledge did anyone one official called the cause of death?

A: Not to my knowledge.

Q: Did any U.S. personnel create a death certificate for MR. KANAN?

A: No, because we were not in charge and he was not our prisoner.

Q: Do you have anything further to add to this statement at this time?

A: No. ///END OF STATEMENT/// [REDACTED]

## DETAILS

### BASIS FOR INVESTIGATION:

About 0800, 26 Oct 04, this office received a Request For Assistance (RFA) #0239-04-CID259-80275, from the Detainee Abuse Task Force, 3rd Military Group (CID) (FWD), 22nd Military Police Battalion, Baghdad, Iraq, APO AE 09342, to locate, fully identify and locate MAJ [REDACTED] regarding the determination he made concerning the death of a detainee at Camp Bucca, Iraq.

About 1230, 26 Oct 04, SA [REDACTED] interviewed MAJ [REDACTED], wherein he related that he was the Operations Officer (S-3) Forward at Camp Bucca, in Umm Qasr, Iraq. MAJ [REDACTED] further related there was an Iraqi prisoner of war who he recalled died of an apparent heart attack sometime in April 2003 during the war. MAJ [REDACTED] related he did not make the determination of the cause of death, nor did he see the body. There were three medical doctors assigned to camp Bucca, Umm Qasr, Iraq. The doctors were from their organic units of the 530th MP Battalion, the 320th MP Battalion, and the 724th MP Battalion. MAJ [REDACTED] did not recall the names of any of the Medical Doctors at this time. The British Coalition Forces were at the time in control of Holding Area Freddy where all prisoners were brought into be processed according to the Geneva Convention before being sent into Camp Bucca, the EPW Camp. MAJ [REDACTED] did remember several of the Iraqi Officers (EPW) conducting some type of funeral ceremony. The grave was marked with a makeshift tombstone and the grid was recorded as well. MAJ [REDACTED] further related that he did not see the body again until sometime in May when family members came to the EPW Camp to recover the remains. MAJ [REDACTED] was involved in the exhumation of the body for release to family members and believed the body either went to An Nasiriyah or An Najaf.

About 1100, 28 Oct 04, SA [REDACTED] interviewed MAJ [REDACTED] wherein he related that paper work was not lost but transferred to a unit assuming the mission. There was a war going on and there were changes in mission as well. Some of the BDE staff of the 800th MP BDE was in Camp Bucca, outside Umm Qasr, Iraq. I was the S-3 Forward at that EPW Camp. In June 2003 MAJ [REDACTED] was ordered up to Baghdad, Iraq to take over the prison mission from the 18th MP BDE. The prisoner died while the British Coalition Forces had control of Camp Freddy, the holding area for the EPW Camp. The 800th MP BDE was co-located there because of a change in the FRAGO Order from building the EPW Camp at in the vicinity of the Al Jazeer ammunition facility (abandoned from the 1st Gulf War). The 800th MP BDE was ordered to build the EPW Camp by Holding Area Freddy. The British Commander was LTC [REDACTED] of the British Coalition Forces. Serious Incident reports (SIR) were done and sent both hard copy and electronic to MAJ [REDACTED] higher headquarters at the time, Coalition Forces Land Component Command, Provost Marshal Office (CFLCC-PMO) at Camp Doha, Kuwait. The EPW Officer was Major [REDACTED]. Electronic copies were also sent to MAJ [REDACTED] higher headquarters in Camp Arifjan, Kuwait as well. When the 800th MP BDE went up to Baghdad, Iraq in June 2003 to assume its new mission, all the files were handed off to the 320th MP Battalion, which assumed command of Camp Bucca, Umm Qasr,

From: [REDACTED]  
Sent: [REDACTED] @prodigy.net  
To: [REDACTED]  
Subject: Inquiry

CID Agent [REDACTED] As per our conversation of 26 October 2004, I was the Operations Officer (S-3) Forward at Camp Bucca, in Umm Qasr, Iraq. There was an Iraqi prisoner of war who I recalled died of an apparent heart attack sometime in April 2003 during the war. I did not make the determination of the cause of death, nor did I see the body. There were three medical doctors assigned to camp Bucca, Umm Qasr, Iraq. The doctors were from their organic units of the 530th MP Battalion, the 320th MP Battalion, and the 724th MP Battalion. I do not recall the names of any of the Medical Doctors at this time. The British Coalition Forces were at the time in control of Holding Area Freddy where all prisoners were brought into be processed according to the Geneva Convention before being sent into Camp Bucca, the EPW Camp. I do remember several of the Iraqi Officers (EPWs) conducting some type of funeral ceremony. The grave was marked with a makeshift tombstone and the grid was recorded as well. I did not see the body again until sometime in May when family members came to the EPW Camp to recover the remains. I was involved in the exhumation of the body for release to family members. I believe the body either went to An Nasiriyah or An Najaf. (END OF STATEMENT) Major [REDACTED]

## SWORN STATEMENT

For use of this form, see AR 190-45: The proponent agency of the Deputy Chief of Staff for Personnel.

LOCATION Hawes Street Osram, Sylvania Product Towanda, PA	DATE 28 OCT 2004	TIME 1712	FILE NUMBER 0110-04-CID342
LAST NAME, FIRST NAME, MI [REDACTED]	SOCIAL SECURITY NUMBER [REDACTED]	GRADE/STATUS MAJ/04	
ORGANIZATION OR ADDRESS 11 <sup>th</sup> Military Police Brigade, Ashley, PA 18706			

I, [REDACTED] want to make the following statement under oath:

I arrived in Iraq, about 26 Jan 2003, and was assigned to the 800<sup>th</sup> Military Police Brigade, as the S-1 (FWD). I arrived at Camp Bucca, IZ as the S-1 Officer during the first week of July 2004. A part of my job entailed Theater Detainee Reporting, which included status of detainee sickness, escapes, transfers, releases, and death.

Q: During your assignment at Camp Bucca did you know or have knowledge of an Iraqi Detainee named Mr. Muhammed AL KANAN?

A: Yes he was a detainee, [REDACTED] EPW.

Q: What was his medical condition to your knowledge when you first met him?

A: Mr. KANAN was a detainee already at Camp Bucca (formerly Camp Freddy) when I arrived. I never saw the detainee until after his death.

Q: Can you provide specific details of his death and what paperwork did you prepare after his death?

A: Mr. KANAN died in the back of a British Medical Team Ambulance. They were assigned to the British Royal MP's at Camp Freddy. The individual that attempted to resuscitate Mr. KANAN was SFC [REDACTED] Lead Medic, assigned to the 320<sup>th</sup> MP Bn. Mr. KANAN was in the interment facility when the MP's contacted medical stating that there was a detainee having health problems. He was brought out to the ambulance where it was determined that he was having a heart attack. The resuscitation attempts failed and he was pronounced dead by the medics. There was no doctor present. The UK would not generate a death certificate.

Q: How did you verify the specific cause of Mr. KANAN'S death?

A: I verified it by asking SFC [REDACTED] I coordinated his burial before sun down to comply with Muslim culture.

Q: How did you verify the location of Mr. KANAN'S death?

A: I observed him in the back of the ambulance.

Q: What documents did you prepared after Mr. KANAN'S death?

A: I requested a death certificate from the UK, however they refused to provide one because they did not have a doctor present at the death. They were concerned about liability and being sued by the detainees later. I reported the death in my Theater Detainee rollup to CENTCOM, CJTF 7, and CFFLC (Central Forces and Land Command).

Q: What type of form was this that you submitted?

A: It was a locally generated form.

Q: Where can that document be located at this time?

A: It should be located at the Provost Marshal, CFFLC or CJTF7 and CENTCOM may have it in their files.

Q: Did you retain any of the documents prepared for the Detainee Reporting?

A: I have some documents, but I do not have that specific date document. I also gave a memorandum to the family when they came to pick up the body.

Q: Was there an official investigation into Mr. KANAN'S death?

A: Not by the U.S. as we had not assumed control of the camp at the time. There should have been an investigation by the British who were in charge at the time.

Q: Do you know why a medical doctor was not present in the camp at the time of Mr. KANAN'S death?

A: I am not sure if there doctors in the camp, because a transition going on or was underway.

WANT TO MAKE THE FOLLOWING STATEMENT UNDER OATH:

During OIF in 2003 my Squad and two doctors were task to do medical coverage in Camp Bucca Iraq. There was also two ambulance crews from the 437<sup>th</sup> Ambulance Company attached to our squad. We arrived at Bucca probably the last week of April. We were told that we would be providing medical coverage for the EPWs. Our mission for the day would start at about 0700 and end at 1300-1400. During those hours we would provide tailgate medical to the detainees. Though our mission was supposed to be at least two weeks long, we were there for about 5-7 days. During that time I wasn't aware of any EPWs dying. On one occasion we were visited by a SGT officer who wanted to know whether we saw any of the guards abusing the prisoners. There were some comment made about the way the British soldiers were treating the prisoners in the corners but that was all I remember. After the Brigade that was to replace us arrived we left about a day later.

Subject: Death's at Camp Bucca

Chief,

Per our last conversation, I am emailing you the information that I have regarding two deaths at Camp Bucca.

Hadi Abdul Hussain HASSON, National Detainee Reporting System Number 300055

Muhammed Al KANAN, NDRS# 103881.

I told that both deaths occurred at Bucca and from being posted there, I know that the autopsies were performed at the British Hospital in Basrah, IZ. I coordinated with the old EPW OIC who related that one death was from natural causes while the Camp was under British Control. The other death was from a Riot, but there was no clear indication of who did what..

Any assistance you can obtain from the British LNO concerning the autopsies or any investigative activity conducted in regard to either subject is greatly appreciated.
