Specification. 28728, Miscellaneous Motorola Radio Communication Equipment And Related Parts and Devices, Page 74 of 75
Exhibit H

Software License Agreement

In this Exhibit H, the term "Licensor" means Motorola, Inc., ("Motorola"). "Licensee," means the Customer; "Primary Agreement" means the agreement to which this exhibit is attached; and "Agreement" means this Exhibit and the applicable terms and conditions contained in the Primary Agreement. The Parties agree as follows:

Section 1 SCOPE

Licensor will provide to Licensee proprietary software; or radio communications, computer, or other electronic products ("Products") containing embedded or pre-loaded proprietary software; or both. "Software" means proprietary software in object code format, and adaptations, translations, de-compilations, disassemblies, emulations, or derivative works of the software, and may contain one or more items of software owned by a third party supplier ("Third Party Software"). Product and Software documentation that specifies technical and performance features and capabilities, and the user, operation and training manuals for the Software (including all physical or electronic media upon which this information is provided) are collectively referred to as "Documentation."

This Agreement contains the terms and conditions pursuant to which Licensor will license to Licensee, and Licensee may use, the Software and Documentation.

Section 2 GRANT OF LICENSE

Subject to Section 1, Licensor hereby grants to Licensee a personal, non-transferable (except as permitted in Section 8 below), limited, and non-exclusive license under Licensor's applicable proprietary rights to use the Software and related Documentation for the purposes for which they were designed and in accordance with the terms and conditions of this Agreement. The license does not grant any rights to source code.

If the Software is or includes Integration Framework, Customer Service Request ("CSR"), or Cityworks software, that Software is licensed pursuant to this Agreement plus a separate document entitled "Software License Agreement Rider for Integration Framework, Customer Service Request, or Cityworks Software" (which document is incorporated by this reference and is either attached to this Agreement or will be provided upon Licensee's request).

Section 3 LIMITATIONS ON USE

3.1. Licensee may use the Software only for Licensee's City Purposes and only in accordance with the Documentation. Any other use of the Software is strictly prohibited. Licensee may not for any reason modify, disassemble, peel components, decompile, otherwise reverse engineer or attempt to reverse engineer, derive source code, create derivative works from, adapt, translate, merge with other software, copy, reproduce, distribute, or export any Software or permit or encourage any third party to do so, except that Licensee may make two (2) copies of each licensed copy of Software provided by Licensor to be used solely for archival, back-up, or disaster recovery purposes. Licensee must reproduce all copyright and trademark notices on all copies of the Software and Documentation.

3.2. Licensee may not copy onto or transfer Software installed in one Product device onto another device. Notwithstanding the preceding sentence, Licensee may temporarily transfer Software installed on one device onto another if the original device is inoperable or malfunctioning, if Licensee provides written notice to Licensor of the temporary transfer and the temporary transfer is discontinued when the original device is returned to operation. Upon
Licensor's written request, Licensee must provide a written list of all Product devices in which the Software is installed and being used by Licensee.

3.3. Concerning Motorola's Radio Service Software ("RSS"), if applicable, Licensee must purchase a copy for each licensed user of the RSS. Licensee may make two (2) additional copies for each licensed user.

Section 4 OWNERSHIP AND TITLE

Title to all copies of Software will not pass to Licensee at any time and remains vested exclusively in the copyright owner. The copyright owner owns and retains all of its proprietary rights in any form concerning the Software and Documentation, including all rights in patents, patent applications, inventions, copyrights, trade secrets, trademarks, trade names, and other intellectual properties (including any corrections, bug fixes, enhancements, updates, or modifications to or derivative works from the Software whether made by Licensor or another party, or any improvements that result from Licensor's processes or, if applicable, providing information services). Nothing in this Agreement is intended to restrict the proprietary rights of Licensor or to grant by implication or estoppel any proprietary rights. All intellectual property developed, originated, or prepared by Licensor in connection with providing to Licensee Software, Products, Documentation, or related services remain vested exclusively in Licensor, and this Agreement does not grant to Licensee any shared development rights of intellectual property.

Section 5 CONFIDENTIALITY

Licensee acknowledges that the Software and Documentation contain Licensor's valuable proprietary and Confidential Information and are Licensor's trade secrets, and that the provisions in the Agreement concerning Confidential Information apply.

Section 6 INTENTIONALLY OMITTED

Section 7 LIMITATION OF LIABILITY

The Limitation of Liability provision is described in the Primary Agreement.

Section 8 TRANSFERS

Licensee will not transfer Software or the related Documentation to any third party without Licensor's prior written consent, which consent may be withheld in Licensor's reasonable discretion and which may be conditioned upon the transferee paying all applicable license fees and agreeing to be bound by this Agreement. Notwithstanding the preceding sentence, if Licensee transfers ownership of radio Products to a third party, Licensee may assign its rights to use the Software (other than Radio Service Software and Motorola's FLASHport® Software) embedded in or furnished for use with those radio Products if Licensee transfers all copies of the Software and the related Documentation to the transferee, and the transferee executes a transfer form to be provided by Licensor upon request (which form obligates the transferee to be bound by this Agreement).

Section 9 TERM AND TERMINATION

Licensee's right to use the Software and Documentation will begin when this Agreement is mutually executed by both parties and will continue during the life of the Products in which the Software is used, unless Licensee breaches this Agreement in which case it will have thirty (30)
days to cure said breach. If the Licensee fails to cure the breach as provided above this Agreement will be terminated immediately upon notice by Licensor. Licensee acknowledges that Licensor has made a considerable investment of resources in the development, marketing, and distribution of its proprietary Software and Documentation and that reasonable and appropriate limitations on Licensee's use of the Software and Documentation are necessary for Licensor to protect its investment, trade secrets, and valuable intellectual property rights concerning the Software and Documentation. Licensee also acknowledges that its breach of this Agreement will result in irreparable harm to Licensor for which monetary damages would be inadequate. In the event of a breach of this Agreement and in addition to termination of this Agreement, Licensor will be entitled to all available remedies at law or in equity (including immediate injunctive relief and repossession of all non-embedded Software and associated Documentation unless Licensee is a Federal agency of the United States Government). Within thirty (30) days after termination of this Agreement, Licensee must certify in writing to Licensor that all copies of the Software and Documentation have been returned to Licensor or destroyed and are no longer in use by Licensee.

Section 10 NOTICES

Notices are described in the Primary Agreement.

Section 11 UNITED STATES GOVERNMENT LICENSING PROVISIONS

If Licensee is the United States Government or a United States Government agency, then this section also applies. Licensee's use, duplication or disclosure of the Software and Documentation under Licensor's copyrights or trade secret rights is subject to the restrictions set forth in subparagraphs (c)(1) and (2) of the Commercial Computer Software-Restricted Rights clause at FAR 52.227-19 (JUNE 1987), if applicable, unless they are being provided to the Department of Defense. If the Software and Documentation are being provided to the Department of Defense, Licensee's use, duplication, or disclosure of the Software and Documentation is subject to the restricted rights set forth in subparagraph (c)(1)(ii) of the Rights in Technical Data and Computer Software clause at DFARS 252.227-7013 (OCT 1988), if applicable. The Software and Documentation may or may not include a Restricted Rights notice, or other notice referring to this Agreement. The provisions of this Agreement will continue to apply, but only to the extent that they are consistent with the rights provided to the Licensee under the provisions of the FAR or DFARS mentioned above, as applicable to the particular procuring agency and procurement transaction.

Section 12 GENERAL

LIMITED WARRANTY
MOTOROLA COMMUNICATION PRODUCTS

If the affected product is being purchased pursuant to a written Communications System Agreement signed by Motorola, the warranty contained in that written agreement will apply. Otherwise, the following warranty applies.

I. WHAT THIS WARRANTY COVERS AND FOR HOW LONG:

Motorola Inc. or, if applicable, Motorola Canada Limited ("Motorola") warrants the Motorola manufactured radio communications product, including original equipment crystal devices and channel elements ("Product"), against material defects in material and workmanship under normal use and service for a period of One (1) Year from the date of shipment.

Motorola will at no charge either repair the Product (with new or reconditioned parts), replace it with the same or equivalent Product (using new or reconditioned Product), or refund the purchase price of the Product during the warranty period provided purchaser notifies Motorola according to the terms of this warranty. Election of which of the aforesaid options will be utilized in case of a valid warranty claim will be determined solely by Motorola. Repaired or replaced Product is warranted for the balance of the original applicable warranty period. All replaced parts of the Product shall become the property of Motorola.

This express limited warranty is extended by Motorola to the original end user purchaser purchasing the Product for purposes of leasing or for commercial, industrial, or governmental use only, and is not assignable or transferable to any other party. This is the complete warranty for the Product manufactured by Motorola. Motorola assumes no obligations or liability for additions or modifications to this warranty unless made in writing and signed by an officer of Motorola. Unless made in a separate written agreement between Motorola and the original end user purchaser, Motorola does not warrant the installation, maintenance or service of the Product.

Motorola cannot be responsible in any way for any ancillary equipment not furnished by Motorola which is attached to or used in connection with the Product, or for operation of the Product with any ancillary equipment, and all such equipment is expressly excluded from this warranty. Because each system which may use the Product is unique, Motorola disclaims liability for range, coverage, or operation of the system as a whole under this warranty.

II. GENERAL PROVISIONS:

This warranty sets forth the full extent of Motorola's responsibilities regarding the Product. Repair, replacement or refund of the purchase price, at Motorola's option, is the exclusive remedy. THIS WARRANTY IS GIVEN IN LIEU OF ALL OTHER EXPRESS WARRANTIES. MOTOROLA DISCLAIMS ALL OTHER WARRANTIES OR CONDITIONS, EXPRESS OR IMPLIED, INCLUDING THE IMPLIED WARRANTIES OR CONDITIONS OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE.

III. HOW TO GET WARRANTY SERVICE:

Purchaser must notify Motorola's representative or call Motorola's Customer Response Center at 1-800-247-2346 within the applicable warranty period for information regarding warranty service.

IV. WHAT THIS WARRANTY DOES NOT COVER:

A) Defects or damage resulting from use of the Product in other than its normal and customary manner.
B) Defects or damage from misuse, accident, water, or neglect.
C) Defects or damage from improper testing, operation, maintenance, installation, alteration, modification, or adjustment.
D) Breakage or damage to antennas unless caused directly by defects in material workmanship.
E) A Product subjected to unauthorized Product modifications, disassemblies or repairs (including, without limitation, the addition to the Product of non-Motorola supplied equipment) which adversely affect performance of the Product or interfere with Motorola's normal warranty inspection and testing of the Product to verify any warranty claim.
F) Product which has had the serial number removed or made illegible.
G) Batteries (they carry their own separate limited warranty).
H) Freight costs to the repair depot.
I) A Product which, due to illegal or unauthorized alteration of the software/firmware in the Product, does not function in accordance with Motorola's published specifications or with the FCC type acceptance labeling in effect for the Product at the time the Product was initially distributed from Motorola.
J) Scratches or other cosmetic damage to Product surfaces that does not affect the operation of the Product.
K) That the software in the Product will meet the purchaser's requirements or that the operation of the software will be uninterrupted or error-free.
L) Normal and customary wear and tear.
M) Non-Motorola manufactured equipment unless bearing a Motorola Part Number in the form of an alpha numeric number (i.e., TDE6030B).

V. GOVERNING LAW

In the case of a Product sold in the United States and Canada, this Warranty is governed by the laws of the State of Illinois and the Province of Ontario, respectively.

VI. PATENT AND SOFTWARE PROVISIONS:

Laws in the United States and other countries preserve for Motorola certain exclusive rights for copyrighted Motorola software such as the exclusive rights to reproduce in copies and distribute copies of such Motorola software. Motorola software may be used in only the Product in which the software was originally embodied and such software in such Product may not be replaced, copied, distributed, modified in any way, or used to produce any derivative thereof. No other use including, without limitation, alteration, modification, reproduction, distribution, or reverse engineering of such Motorola software or exercise of rights in such Motorola software is permitted. No license is granted by implication, estoppel or otherwise under Motorola patent rights or copyrights.
