Louisville Metro Police Department  
c/o Records Custodian  
633 W. Jefferson Street  
Louisville, KY 40202  

RE: Request Pursuant to Kentucky Open Records Act,  
Kentucky Revised Statute (KRS) §§ 61.870, et. seq.  

Dear Sir or Madam,  

I write pursuant to Kentucky Revised Statute (KRS) § 61.872 to request certain public records which are "prepared, owned, used, in the possession of or retained by" the Louisville Metro Police Department ("LMPD"). KRS § 61.870(2).  

This request seeks public records regarding the use of automatic license plate readers (ALPRs). ALPRs are also sometimes referred to as Automatic Vehicle Identification, Car Plate Recognition, or License Plate Recognition equipment and/or software. For the purposes of this request, the term "ALPR" shall include any of this technology. We specifically request all public records relating to the procurement and use of ALPRs, including but not limited to the following:  

1) Policies and procedures regarding:  
   a) the use of ALPRs;  
   b) the storage of data collected by ALPRs; and  
   c) data sharing of information collected by ALPRs with:  
      1) other state and federal law enforcement agencies;  
      2) other non-law enforcement governmental agencies; and  
      3) with non-governmental persons and/or entities;
2) Purchase orders, receipts, reimbursement forms, invoices, grant proposals, legislative appropriations, and any other expense-related documentation relating to the purchase of ALPRs;

3) Product manuals, vendor fact sheets, warranties, and other materials created by third parties but possessed by LMPD regarding ALPRs;

4) Agreements entered into by LMPD with any other law enforcement or other governmental agencies, or with non-governmental persons and/or entities regarding ALPRs; and

5) Training manuals or other educational materials used to instruct LMPD employees regarding ALPRs and their use, including materials regarding data collection, storage and management.

You may comply with this request by delivering copies of the requested records to my office at the address listed above pursuant to KRS § 61.872(3). If you choose to withhold any documents responsive to this request, please note that KRS § 61.880(1) requires that you identify the specific Open Records exception "authorizing the withholding of the record and a brief explanation of how the exception applies to the record withheld."

Thank you in advance for your attention to this matter and I look forward to hearing from you.

Sincerely,

[Signature]

William E. Sharp, Staff Atty.

Performing to the Constraints of Law Enforcement

Remington Elsag MPH-900 ALPR Systems

- The system operates in all lighting levels including total darkness.
- The system operates in all weather conditions including extremes.
- The system operates stationary and at up to 120 m.p.h. variable speed.
- Remington Elsag produces fixed and mobile (including covert) ALPR systems that can be networked together.
- The system can read license plates from all 50 states (including vanity and flat tags) with a 95% capture rate, and a 95% accuracy rate.
- The system can cross reference a hotlist of up to 4 million lines and alarms within a second of recognizing a database match.
- The system creates a visual and audio alarm when it recognizes a database match that remains locked in place until the user takes action. If a second alarm occurs before the first one is acknowledged, that alarm will be held in queue and will sound after the first is acknowledged. All scans (including alarms) can be immediately reviewed in car.
- The mobile system can fit in any patrol vehicle with minimal reconfigurations of existing equipment. In fact, system software can be loaded to multiple MDT’s and the mobile processor and cameras could be moved from car to car to simplify transfer.
- The mobile system in total adds less than 45 lbs. of total weight to a vehicle.
- Database updates can be performed by the operator of the system immediately. Whenever a license plate is added in this way, the system will search previous records for a match on the plate. If one is found, the system displays the image of the alarm, along with a time and date stamp and GPS coordinates of the scan. Partial license plates can also be searched in the system.
- The mobile system can scan three lanes of traffic (four with optional 3rd camera).
- The system uses a 128 bit encrypted WEP to communicate securely.
- The system stores every license plate it has scanned, including an image of the vehicle, date, time and GPS coordinates of the scan. This information is immediately accessible in the car and can be uploaded to an operations center. The system can be integrated to GPS mapping software so results can be mapped.

Additional Relevant Information

- The 3rd Camera is a video camera with optical character recognition (OCR) that features a 100x zoom to scan license plates from a greater distance. This camera is not infrared so it can function through glass and works in any daylight condition.
- The MPH-900 transportable is being used by over 25 agencies throughout the U.S. and in over 3500 cars throughout Italy. Attached reference list has contacts from each U.S. agency.
- The system is in place in over 120 U.S. Law Enforcement Agencies
- An Operations Center Solution is available (at additional cost) that allows all LPR activity to be networked together, including wireless hotlist transfer/data uploads. (Currently in place with Ohio State Highway Patrol).
- Remington ELSAG’S strict no public PR policy will ensure that officer safety and effectiveness is at the highest possible level.
- Our equipment is currently in use with state and local agencies in Ohio, Maryland, and New York. These systems could be regionally networked together for the benefit of homeland security.
- Covert solutions of fixed and mobile systems are available. As examples: Stationary LPR housed entirely in a construction barrel, Mobile LPR built into a rooftop cargo box.
Remington Elsag Law Enforcement Systems

Automatic License Plate Reader RFI

System Type: Transportable Mobile System  Model: MPH-900 Transportable

Product Description: The MPH-900 automatic license plate recognition system is a transportable LPR system that involves three components:

1) Two magnetic rooftop mounted infrared OCR cameras (3rd zoom camera optional)
2) A processor housed in a ruggedized weatherproof suitcase
3) A client workstation supplied by agency (can be laptop or M.D.T.)

If desired, this system can be moved from vehicle in a matter of minutes and is designed for use by agencies with a need to use the equipment on different vehicles from day to day.

Technical Specifications:

Unit Weight: Processor suitcase – 18 lbs.  Cameras and magnetic base – 8 lbs.

Unit Size: Processor suitcase – 19” L x 15” W x 7” H
Cameras and base – 13” L x 6” W x 6.5” H

Power Supply Options: Processor runs on 12v cigarette outlet power

Power Requirements: One 12v outlet for processor, one for laptop if not using M.D.T.

Mounting Options: Infrared cameras are magnetically roof mounted and can be adjusted to accommodate any vehicle type. Left side camera can be swiveled to capture rear license plate reads of vehicles traveling in opposite direction. Optional 3rd camera is mounted on the windshield next to rearview mirror with a suction cup assembly. System can be transported from vehicle to vehicle within 10 minutes.

Method of Communication: The laptop and processor use a standard ethernet connection. The processor utilizes standard 802.11G for hotlist and image/data transfer but can be configured to operate within an existing wireless TCP/IP communication network. The system can be configured to broadcast in-car activity to an agency operations center.

General Maintenance Requirements: Cleaning the lenses on an occasional basis. Software upgrades are delivered at least semi-annually (as available) and are conducted with Remington Elsag support.

Unit Cost of Equipment: (includes processor, cameras, all cables and wiring, no computer):
1-9 Systems  $20,100
10-24 Systems  $18,425
25+ Systems  $16,749
3rd Camera  $720 per system
Maintenance/Support Free for first year, 5% of system cost annually thereafter,
Includes software upgrades
Installation No installation charge
No additional charges for standard hotlist management or software installation.

Standard Warranty:
This equipment has a full one year warranty against any manufacturing defect.

Availability of Equipment:
Orders of 10 or fewer units can be filled in one week, 10 or more require 25-45 day lead time.
The Commonwealth of Kentucky

Terms and Conditions

Master Agreement

Section 1
Scope of Contract
The Office of Material and Procurement Services issues this Master Agreement for:
Remington Elsig MPH-900 LPR System

Section 2
Initial Contract Period
The contract will be for the initial period of one (1) year from the date of award.

Renewal Clause – Optional Renewal Period
This contract may be extended at the completion of the initial contract period for four (4) additional one-year periods. This extension must have the written approval of the Vendor and the Office of Material and Procurement Services. If the contract provides for an optional renewal period, the Commonwealth of Kentucky reserves the right to renegotiate any terms and/or conditions as may be necessary to meet requirements for the extended period. The Vendor will be advised of any proposed revisions prior to the renewal periods. In the event proposed revisions cannot be agreed upon, either party shall have the right to withdraw without prejudice from either exercising the option or continuing the contract in an extended period.

Section 3
Agencies to be Served
This contract shall be for use by the following agency of the Commonwealth of Kentucky:

Kentucky State Police

Section 4
Warranty
The manufacturer’s most favorable warranty offered to preferred customers shall apply to all items. A copy of such warranty shall be furnished to the agency upon delivery of the equipment or product. The vendor not be liable under the above warranty for any defects or damages resulting from unforeseeable causes beyond the control and without the fault or negligence of the vendor, such as misuse or neglect by the State, acts of God, fires, floods and hurricanes.

Section 5
Basis of Price Revisions
PRICE ADJUSTMENTS: Unless otherwise specified, the prices established by the
contract shall remain firm for the contract period subject to the following:

A: **Price Increases**: A price increase will not be allowed during the first twelve (12) months of the contract. Only one price increase will be allowed during the contract period. The price increase must be based on industry wide price changes. The contract holder must request in writing a price increase at least thirty (30) days prior to the effective date, and shall provide firm proof that the price increase(s) is justified. The Office of Material and Procurement Services may request additional information or justification. If the price increase is denied, the contract holder may withdraw from the contract without prejudice upon written notice and approval by the Office of Material and Procurement Services. Provided, however, that the vendor must continue service, at the contract prices, until a new contract can be established (usually within sixty (60) days).

B: **Price Decreases**: The contract price shall be reduced to reflect any industry wide price decreases. The contract holder is required to furnish the Office of Material and Procurement Services with notice of any price decreases as soon as such decreases are available.

C: **Extended Contract Periods**: If the contract provides for an optional renewal period, a price adjustment may be granted at the time the contract is renewed, subject to price increase justification as required in Paragraph A "Price Increases" as stated above.

**Section 6**
**Post Contract Agreements**

This contract shall constitute the entire agreement between the State and awarded contractor. Unless contractually provided, State agencies utilizing this contract will not be required to enter into nor sign further agreements, leases, company orders or other documents to complete or initiate the terms of the contract. Any such documents so obtained will be non-binding on the State and agents of the State and will be cause for breach of contract.

**Section 7**
**Equipment / New Technology**

All equipment must be a new and current model. The Commonwealth recognizes the rapid advancement of technology. If the vendor can provide new equipment of advanced technology after the award of the contract, the Commonwealth and the vendor may choose by mutual agreement to install such equipment. The price of the new technology equipment cannot exceed the cost of the award contract.
Section 8
Equipment / Condition
Unless otherwise indicated in the contract, it is understood and agreed that any item offered or shipped on this contract shall be new and the latest or current year model and be in first class condition. Any unit failing to meet the foregoing requirements shall be returned to the contractor, at their expense, and replaced with a new unit.

Section 9
Quantity Basis of Contract – Estimated Quantities
Any and all quantities mentioned in this contract are purely estimates, and are not to be implied nor inferred as being guarantees. The State is obligated to buy only that quantity needed by its agencies during the term of the contract. Requirements may exceed the quantities shown and the contractor will be required to furnish all requirements shown on Delivery Orders dated during the life of the contract.

Section 10
Manuals
Instruction and operating manuals shall be furnished for all equipment installed.

Section 11
Distribution of Literature
Upon request, the Vendor shall furnish State agencies and other public bodies with descriptive literature and service information for items awarded.

Section 12
FOB Basis of Shipment – Vendor Responsible
The Vendor shall be fully responsible for all shipments and freight charges involved to the ordering agency.

Section 13
Cancellation Clause – 30 Days Notice
The Commonwealth may cancel the contract by giving written notice thirty (30) days prior to effective cancellation date. In the event such action is taken, the contract shall be null and void upon receipt of a Modification from the Office of Material and Procurement Services canceling the contract.

Section 14
Addition or Deletion of Items or Services
The Office of Material and Procurement Services reserves the right to add new and similar items, with the consent of the Vendor, to this contract. The Office of Material
and Procurement Services to effect this change will issue a Contract Modification. Until such time as the Vendor receives a Modification, the Vendor shall not accept Delivery Orders from any agency referencing such items or services.

**Section 15**  
**Governmental Restrictions**

In the event any Governmental restrictions may be imposed which would necessitate alteration of the material, quality, workmanship, or performance of the items offered on this proposal prior to delivery, it shall be the responsibility of the vendor to notify the Office of Material and Procurement Services in writing, indicating the specific regulation which requires such alterations. The Commonwealth reserves the right to accept any such alterations, including any subsequent price adjustments, or to cancel the contract.

**Section 16**  
**Payments**

The vendor shall be paid, upon the submission of proper invoices to the receiving agency at the prices stipulated for the supplies delivered and accepted, or services rendered. Unless otherwise specified, payment will not be made for partial deliveries accepted. Payments will be made within thirty (30) working days after receipt of goods or a vendor's invoice in accordance with KRS 45.453 and KRS 45.454.

**Section 17**  
**Inspection**

All supplies, equipment and services shall be subject to inspection or tests by the Commonwealth prior to acceptance. In the event supplies, equipment or services are defective in material or workmanship or otherwise not in conformity with specified requirements, the Commonwealth shall have the right to reject the items or services or require acceptable correction at the Vendor's expense.

**Section 18**  
**Governing Law**

This contract shall be governed by and construed in accordance with the laws of the Commonwealth of Kentucky and any litigation with respect to this contract shall be brought in state or federal court in **Franklin County, Kentucky**.

This device will read not only Kentucky plates but others, there are several states that do issue dual(front and back) plates. Plus as the oncoming vehicle passes the device can read the rear plate. If this does not suffice please let me know and I will supply you with more information. Thanks

Kevin Nally

Shirley, KSP's request was reviewed last Thursday but there was some confusion regarding the language "plate readers (LPR) to read oncoming vehicles". Since KY does not require license plates on the front vehicles please clarify. Thanks

Request for Taxpayer Identification Number and Certification

Remington ELSAG Law Enforcement Systems LLC

Business name, if different from above:

Check appropriate box: ☐ Individual ☐ Sole proprietor ☐ Corporation ☐ Partnership ☐ Other ☐ Exempt from backup withholding

Address (number, street, and apt. or suite no.):
870 Remington Drive, PO Box 1046
Madison, NC 27706

Requester’s name and address (optional):

Part I Taxpayer Identification Number (TIN)

Enter your TIN in the appropriate box. For individuals, this is your social security number (SSN).

Social security number or
Employer Identification number

Note: If the account is in more than one name, see the chart on page 4 for guidelines on whose number to enter.

Part II Certification

Under penalties of perjury, I certify that:

1. The number shown on this form is my correct taxpayer identification number (or I am waiting for a number to be issued to me), and
2. I am not subject to backup withholding because: (a) I am exempt from backup withholding, or (b) I have not been notified by the Internal Revenue Service (IRS) that I am subject to backup withholding as a result of a failure to report all interest or dividends, or (c) the IRS has notified me that I am no longer subject to backup withholding and
3. I am a U.S. person (including a U.S. resident alien).

Certification instructions. You must cross out item 2 above if you have been notified by the IRS that you are currently subject to backup withholding because you have failed to report all interest and dividends on your tax return. For real estate transactions, item 2 does not apply. For mortgage interest paid, acquisition or abandonment of secured property, cancellation of debt, contributions to an individual retirement arrangement (IRA), and generally, payments other than interest and dividends, you are not required to sign the Certification, but you must provide your correct TIN. (See the instructions on page 4.)

Signature of U.S. person: "Mark E. Wurdony"

Date: 3-1-07

Purpose of Form

A person who is required to file an information return with the IRS, must obtain your correct taxpayer identification number (TIN) to report, for example income paid to you, real estate transactions, mortgage interest paid, acquisition or abandonment of secured property, cancellation of debt, or contributions you made to an IRA.

U.S. person. Use Form W-9 only if you are a U.S. person (including a resident alien), to provide your correct TIN to the person requesting it (the requester) and, when applicable, to:

1. Certify that the TIN you are giving is correct (or you are waiting for a number to be issued),
2. Certify that you are not subject to backup withholding,

Note: If a requester gives you a form other than Form W-9 to request your TIN, you must use the requester’s form if it is substantially similar to this Form W-9.

Foreign person. If you are a foreign person, use the appropriate Form W-8 (see Pub. 515, Withholding of Tax on Nonresident Aliens and Foreign Entities).

Nonresident alien who becomes a resident alien. Generally, only a nonresident alien individual may use the terms of a tax treaty to reduce or eliminate U.S. tax on certain types of income. However, most tax treaties contain a provision known as a “saving clause.” Exceptions specified in the saving clause may permit an exemption from tax to continue for certain types of income even after the recipient has otherwise become a U.S. resident alien for tax purposes.

If you are a U.S. resident alien who is relying on an exception contained in the saving clause of a tax treaty to claim an exemption from U.S. tax on certain types of income, you must attach a statement that specifies the following five items:

1. The treaty country. Generally, this must be the same treaty under which you claimed exemption from tax as a nonresident alien.
2. The treaty article addressing the income.
3. The article number (or location) in the tax treaty that contains the saving clause and its exceptions.
4. The type and amount of income that qualifies for the exemption from tax.
5. Sufficient facts to justify the exemption from tax under the terms of the treaty article.
Mr. Friedman,

Please set up Remington Elsag in Leap.
