If the award is to be made on the basis of a combination of a Base Bid with Options, it will be made to that responsible bidder whose net bid on such combination is the lowest.

A. Availability of Funds

XI. TERMINATION OF CONTRACT

A. If, through any cause, the successful bidder shall fail to fulfill in a timely and proper manner obligations under this contract or if the contractor shall violate any of the requirements of this contract, the City shall thereupon have the right to terminate this contract by giving written notice to the contractor of such termination and specifying the effective date of termination. Such termination shall relieve the City of any obligation for balances to the contractor of any sum or sums set forth in the contract.

B. The City may terminate this contract at its convenience at any time by giving written notice to contractor of such termination and specifying the effective date thereof at least seven days before the effective date of such termination. In the event, all finished or unfinished materials prepared under this agreement shall at the option of the City become its property.
In the event of termination for the convenience of the City, contractor shall be paid in accordance with the amount expended in performing its services, and for that portion of the actual out of pocket expenses (not otherwise reimbursed under this contract) incurred by contractor during the contract period which are directly attributable to the uncompleted portion of the services covered by this contract.

C. Notwithstanding the above, the contractor shall not be relieved of liability to the City for damages sustained by the City by virtue of any breach of the contract by the contractor and the City may withhold any payments to the contractor for the purpose of compensation until such time as the exact amount of the damage due the City from the contractor is determined.

D. The contractor agrees to indemnify and hold the City harmless from any liability to subcontractors/suppliers concerning payment for work performed or goods supplied arising out of the lawful termination of the contract by the City under this provision.

E. In case of default by the successful bidder, the City may procure the articles or services from other sources and hold the successful bidder responsible for any excess cost occasioned thereby.

(7) To keep a complete and accurate record of all requests made for the referral of workers in any trade covered by the contract and on forms made available by the Affirmative Action Office and shall be submitted promptly to that office upon request.
(C) The contractor or subcontractor agrees that nothing contained in the preceding provision (B) preceding provision shall preclude the contractor or subcontractor from complying with the hiring hall or apprenticeship provisions in any applicable collective bargaining agreement or hiring hall arrangement, and where required by custom or agreement, it shall send journey workers and trainees to the union for referral, or to the apprenticeship program for admission, pursuant to such agreement of arrangement; provided, however, that where the practices of a union or apprenticeship program will result in the exclusion of minorities and females or the failure to refer minorities and females consistent with the county employment goal, the contractor or subcontractor shall consider for employment persons referred pursuant to said provisions (B) without regard to such agreement or arrangement; provided further, however, that the contractor or subcontractor shall not be required to employ female and minority advanced trainees and trainees in numbers which result in the employment of advanced trainees and trainees as a percentage of the total workforce for the construction trade, which percentage significantly exceeds the apprentice to journey worker ratio specified in the applicable collective bargaining agreement or in the absence of a collective bargaining agreement, exceeds the ratio established by practice in the area for said construction trade. Also, the contractor or subcontractor agrees that, in implementing the procedures of the preceding provision (B), it shall, where applicable, employ minority and female workers residing within the geographical jurisdiction of the union.

(D) The contractor agrees to complete an Initial Project Manning Report on forms provided by the Affirmative Action Office or in the form prescribed by the Affirmative Action Office and submit a copy of said form not later than three (3) days after signing a construction contract: provided, however, that the public agency may extend in the particular case the allowable time for submitting the form to no more than fourteen (14) days; and to submit a copy of the Monthly Project Manning Report once a month (by the seventh working day of each month) thereafter for the duration of this contract to the Affirmative Action Office and to the Public Agency Compliance Officer. The contractor agrees to cooperate with the public agency in the payment of budgeted funds, as is necessary, for on-the-job and off-the-job programs for outreach and training of minority and female trainees employed on the construction projects.
(E) The contractor and its subcontractors shall furnish such reports or other documents to the Affirmative Action Officer as may be requested by the office from time to time in order to carry out the purposes of these regulations and public agencies shall furnish such information as may be requested by the Affirmative Action Office for conducting a compliance investigation pursuant to Subchapter 10 of the Administrative Code (N.J.A.C 17:27).

In any and all complaints brought pursuant to the OWNER'S grievance procedure, the CONTRACTOR agrees to abide by any decision of the OWNER which is rendered pursuant to said grievance procedure. If any action or administrative proceeding results in an award of damages against the OWNER or if the OWNER incurs any expense to cure a violation of the ADA which has been brought pursuant to its grievance procedure, the CONTRACTOR shall satisfy and discharge the same at its own expense.

The OWNER shall, as soon as practicable after a claim has been made against it, give written notice thereof to the CONTRACTOR along with full and complete particulars of the claim. It is expressly agreed and understood that any approval by the OWNER of the services provided by the CONTRACTOR pursuant to this contract will not relieve the CONTRACTOR of the obligation to comply with the Act and to defend, indemnify, protect, and save harmless the OWNER pursuant to this paragraph.

It is further agreed and understood that the OWNER assumes no obligation to indemnify or save harmless the CONTRACTOR, its agents, servants, employees, and subcontractors for any claim which may arise out of their performance of this Agreement. Furthermore, the CONTRACTOR expressly understands and agrees that the provisions of this indemnification clause shall in no way limit the Contractor's obligations assumed in this Agreement, nor shall they be construed to relieve the CONTRACTOR from any liability, nor preclude the OWNER from taking any other actions available to it under any other provisions of the Agreement or otherwise at law.

The Federal Signal Slate™ automated license plate recognition (ALPR) camera system delivers the high performance expected from Federal Signal in a compact, low-profile form factor. Designed for today's low-profile lightbars, the Slate camera does not hinder lightbar visibility. With the Federal Signal SupeRex III mobile ALPR processor and the Federal Signal PAGIS ALPR graphical interface system, the Slate camera provides a turnkey, high-performance, feature-rich ALPR system unlike any other.

In an extremely small package, the Slate camera incorporates infrared illumination for high performance plate capture anywhere at anytime, an infrared camera for effective license plate imaging and a color camera for vehicle overview image.

With patented technologies and more than 20 years of infrared camera design experience, Federal Signal can achieve the highest performance plate capture and plate read rates available in the industry. Patented filter and flash techniques provide excellent suppression of headlights and bright sunlight, while field-by-field control of camera parameters enables the use of patented TripleFlash™ technology to reduce problems of plate-to-plate variation issues. Federal Signal reduces the processing burden on the ALPR processor by pushing analytics to the network edge. Patented Platefinder algorithm technology is embedded in the camera to reduce the number of frames processed by the SupeRex III processor.
