MISSION STATEMENT

CUMBERLAND COUNTY

AUTOMATED LICENSE PLATE READER USAGE

It shall be the mission of the Bridgeton Police Department, Millville Police Department, Vineland Police Department, Cumberland County 911 Communications Center, Cumberland County Prosecutor's Office and Cumberland County Sheriff's Department, to utilize Automated License Plate Readers (ALPRs), and the subsequent data gathered, to support a wide range of law enforcement operations and activities. These operations and activities include but are not limited to homeland security, criminal and terrorist suspect interdiction, revoked/suspended drivers license interdiction, stolen property recovery, stay-away order enforcement, AMBER alert assistance and the apprehension of individuals who are subject to an outstanding arrest warrant.

The aforementioned law enforcement agencies utilizing Automated License Plate Readers (ALPRs) have agreed to abide by the provisions of New Jersey Attorney General's Directive 2010-5, effective January 16, 2011, which requires that these Automated License Plate Readers (ALPRs), and the data generated, be used in an appropriate manner and only for a bona-fide public safety purpose as well as for legitimate, specified and documented law enforcement purposes.

The use of Automated License Plate Readers by law enforcement agencies within Cumberland County, while adhering to the New Jersey Attorney General's Directive 2010-5 will enhance the safety of the citizens within Cumberland County while at the same time respecting their Constitutional Rights.

Jennifer Webb-McRae
Cumberland County Prosecutor
