Absolutely. We'll keep quiet. Will check in with you later on.

—just a quick request. We know CBP Boston can get pretty defensive, and thus would you mind keeping my request below under wraps? I think we'll be able to accomplish more that way...Can explain more over the phone if you'd like.

Thanks!

Thank you I will include the details of complaints. And yes, I do plan on contacting (I already have some cases from but several of these are JFK related rather than BOS). But yes, if you could get me whatever you can, that would be great...and once again, if names are not available, we can submit the entry anonymously if the date of the incident and some details are provided. Thanks!

complaint was sent to your office too. Letter attached. We have some other incidents but may not be able to give you the names by the end of this week. Many of the groups at the Bridges meetings said they had people complain to them. Are you asking them too? I think has a few people
complaining to him, had some, and some other people mentioned incidents at Logan as well. I'll check with

This is a project that I am hoping you might be able to help me with. CRCL Officer Margo Schlanger has asked my colleagues and I to collect specific cases where travelers have had problems with CBP at Boston Logan Airport. If possible, it would be good to have information such as name (if the individual is willing to share, otherwise we can submit an anonymous entry), date of incident, and some details. I've already included reports from and Mr. My colleague is collecting more stories from the Somali community in Boston and in Portland, Maine.

Specifically are there incidents where:  
- Travelers have been told they cannot call relatives while held in secondary inspection  
- Travelers have been told they cannot use the restroom while in secondary  
- Travelers have not been provided appropriate interpretation services  
- Travelers have been asked offensive/inappropriate questions

But if you have other incidents that are noteworthy, we'd like to hear about them as well.

I need to compile this data by the end of the week for finalizing early next week. If it might be easier to do this over the phone, I am happy to call any of you at a time that's convenient.

I am hoping that collecting this information will perhaps lead to some broader policy initiatives or at least local directives to CBP Boston. Thus any info would be much appreciated!

Thanks,

Hi —

This is what I have thus far. I’ve contacted some folks and hopefully more stories will roll in. If you could fill out as much as you can, that would be great. I think the Somali community has some truly crazy stories about what they went through with CBP Boston and if we could provide some details, maybe we can eventually help things get changed...

Thanks!
