The following additional information was shared by the [redacted] culminating their portfolio briefing.
The following is a list of projects the [Redacted] has in their portfolio that was shared during the briefing. The agenda was changed slightly and there is one more full day of briefing scheduled for tomorrow but I was able to capture and share with our TTU unit what has been briefed thus far.
All,

The agenda for the project briefings has been developed. It includes some half days due to conflicting schedules. Due to space limitations in the conference rooms, and the need for four agencies to attend, we need to keep the group very small. Let's keep it to one SME per unit per day.

Thanks,

Operational Technology Division

I'll probably go and observe.

I noted a complaint from last time, but I don't recall complaining or anyone else complaining. I thought that did well down in If there is an issue that needs to be discussed, please call me so we can get together.

It would be nice if we had some type of update to give. If you have any bullet points/updates I can use, please advise.
