3. IC TRAVEL (ALT III) (11/01) Travel Costs are a Separate Contract Line Item from the Service Line Items)
Travel costs are not included in the IC's base service fee. However, travel costs are part of the overall contract value. The IC will invoice and be paid necessary costs incurred in connection with travel as authorized by the Government:
- Invoicing and reimbursement for travel lodging and meals and incidental (M&IE) expenses will be limited to the lesser of:
  a. The rates and allowances in effect at the time of travel as set forth under the Federal Travel Regulations (for travel in the contiguous 48 United States), the Joint Travel Regulation (for travel in Alaska, Hawaii, The Commonwealth of Puerto Rico, and territories and possessions of the United States), or the Standardized Regulations for travel in areas not covered by the Federal Travel Regulations or the Joint Travel Regulation, or
  b. The alternate rate (if any) established by the component funding the contract.
- Airfare or other transportation costs shall be invoiced and reimbursed to the extent that the costs comply with the provisions of section 301-10 (transportation, including By American providers) of the Federal Travel Regulations (FTR) and the policies of the component that is funding the contract. Business class travel may be allowable if it is in accordance with the terms of section 301-10 11c of the FTRs and the policies of the component that is funding the contract. Business class travel must be approved in advance by the component that is funding the contract.
- In special or unusual situations, costs in excess of the above limits may be allowed, subject to the approval of the Contracting Officer and the Approving Official of component that is funding the travel. Such approval must be obtained in advance, unless the circumstances were unforeseen (e.g. inclement weather or natural disaster). A scheduled event (e.g. the Olympics) cannot be considered to be an unforeseen circumstance. Thus, advance approval would be required to invoice costs in excess of the above limits.
- Per Diem for travel expenses under this contract will not be advanced to the IC. All advance reimbursements under this contract are considered taxable income and will appear on the IC's Form 1099. Thus, the IC is to retain travel expenses for tax purposes, receipts are not to be submitted with the invoice.

It is further understood that this obligation does not expire upon completion or termination of this contract, but continues indefinitely. The Contractor may request a waiver or release from the foregoing, but shall not deviate therefrom unless authorized to do so in writing by the Contracting Officer. It is further agreed that this contractual relationship shall not be disclosed except as allowed by law or regulation.

5. ELECTRONIC INVOICING (03/02)
Invoices may be submitted as tasks or sub-tasks are completed, but not more than once a month.
- If the IC has access to the e-Invoicing system (which resides on the Agency Data Services Network), the IC shall submit all invoices electronically via the e-Invoicing system, in accordance with the procedures for that system. The IC may use the e-Invoicing system to directly check the status of invoices the IC has submitted via that system.
- If the IC does not have access to the e-Invoicing system, the IC shall submit hard copy invoices to the IC.
Independent Contract Administrator (ICA), who in-turn shall input the data into the e-invoicing system. The hard copy invoices submitted by the IC to the ICA shall be proper and complete. To be considered proper and complete, an invoice must include:

f. dates services performed;
g. the IC’s signature, and;

The Chief of Installation or designate is then responsible for transmitting the invoice information to the ICA in accordance with internal procedures.

The payment periods designated by the Prompt Payment Act will begin on the date a proper and complete invoice is received in CFE and Vendor Payments via the e-Invoicing system.

Contractor’s failure to properly designate a financial institution or to provide appropriate payee bank account information will delay payments.

Specifically, the due date for making invoice payments shall be on the 15th (calendar) day after the designated billing office has received a proper invoice from the Contractor. Payment shall be considered as made when the electronic funds transfer is made. An interest penalty shall be paid if payment is not made by the due date and a proper invoice was received by the designated billing office.

3. PERIOD OF PERFORMANCE (03/03)  
The period of performance of this contract shall be from 13 June 2003 to 12 June 2004.

4. IC TRAVEL (ALTERNATE I) (03/03)  
Travel Costs are a Separate Contract Line Item(s)  
Travel costs are not included in the IC's base service fee. However, travel costs are part of the overall contract value. The IC will invoice and be paid necessary costs incurred in connection with travel as authorized by the Government.

- Airfare or other transportation costs shall be invoiced and reimbursed to the extent that the costs comply with the provisions of section 301.10 (transportation, including Space America provisions) of the Federal Travel Regulation (FTG) and the policies of the component that is funding the contract. Business class travel may be allowable if it is in accordance with the terms of section 301.10.124 of the FTRs and the policies of the component that is funding the contract. Business class travel must be approved in advance by the component that is funding the contract.

In special or unforeseen situations, costs in excess of the above limits may be allowed, subject to the approval of the Contracting Officer and the Approving Officer of component that is funding the travel. Such approval must be obtained in advance, unless the circumstances were unforeseen (e.g. circumstances of civil unrest or natural disaster). A scheduled event (e.g. the Olympics) cannot be considered to be an unforeseen circumstance. Thus, advance approval would be required to invoice costs in excess of the above limits.
5. NON PUBLICITY (03/03)
It is a material condition of this contract that the IC shall not use or allow to be used any aspect of this contract for publicity or advertisement purposes. It is further understood that this obligation does not expire upon completion or termination of this contract, but continues indefinitely. The IC may request a waiver or release from the foregoing but shall not derogate there from unless authorized to do so in writing by the Contracting Officer. It is further agreed that this contractual relationship shall not be disclosed except as allowed by law or regulation.

6. ELECTRONIC INVOICING (03/03)

If the IC has access to the e-Invoicing system (which resides on the Agency Data Services Network), the IC shall submit all invoices electronically via the e-Invoicing system, in accordance with the procedures for that system. The IC may use the e-Invoicing system to directly check the status of invoices the IC has submitted via that system.

If the IC does not have access to the e-Invoicing system, the IC shall submit hard copy invoices to the IC's Independent Contract Administrator (ICA), who in turn shall input the data into the e-Invoicing system. The hard copy invoices submitted by the IC to the ICA shall be proper and complete. To be considered proper and complete, an invoice must include:

- the IC's name;

- the invoice date;
- the contract number;
- a description of the tasks and price for services actually rendered;
- dates services performed;
- the IC's signature; and,

If the IC is working at a field location that precludes the IC from having access to the e-Invoicing system, or that precludes the IC from presenting invoices directly to the ICA, the IC is to present proper and complete invoices to the Chief of the Installation or designee. The Chief of installation or designee is then responsible for transmitting the invoice information to the ICA in accordance with internal procedures.

The payment periods designated by the Prompt Payment Act will begin on the date a proper and complete invoice is received in the Chief of Vendor Payments via the e-Invoicing system.

Specifically, the due date for making invoice payments shall be on the 30th (calendar) day after the designated billing office has received a proper invoice from the IC. Payment shall be considered as being made on the day the electronic funds transfer is made. An interest penalty shall be paid if payment is not made by the due date and
a proper invoice was received by the designated billing office.

9. TERMINATION (03/03)
The contract may terminate earlier than the end of the period of performance for any of the following reasons:
   a. If the Contracting Officer determines that a real or potential conflict of interest exists with respect to the relationships
c   described in the "Rules of Conduct/Conflict of Interest" paragraph below, the Government may terminate this contract upon
ten (10) days notice.
   b. Upon thirty (30) days notice by either party for any reason.
   c. By the Director of Central Intelligence or designee, in accordance with the Director's non-reviewable discretion, when
termination is in the interests of the United States.
   d. When the Contracting Officer determines that the IC has failed to fully comply with the security requirements of this
contract as a result of the willful misconduct or lack of good faith.

Upon termination of this contract, the IC will be required to turn in his/her badge or any other item of identification issued by the
Agency as well as any Government-purchased, owned or provided property. Termination or expiration of this agreement will not release

foreign entity.

12. TAX AND LICENSES (03/03)
This contract is written to the best of the Government's ability to conform to Internal Revenue Service tax guidelines for independent
Contractors as presently known. Tax concerns of the IC should be discussed with a tax consultant or attorney on an unclassified basis. If
classified information is involved, the IC's tax consultant or attorney must be cleared by the Government and approval must be received
from the IC and CORS prior to discussing any classified information with the tax consultant or attorney. No taxes will be withheld from
the contract price. It is the responsibility of the IC to report such income under existing federal, state, and self-employment (Social
Security) income tax laws and regulations. The IC is also responsible for obtaining any necessary business licenses and paying any
Federal, state, or local taxes.

13. EXECUTION OF DOCUMENTS (03/03)

whatever documents may be required by the Government to evidence this relationship.

14. STATUS (03/03)

Compensation Act. If the IC feels such a situation exists, he/she is obligated to inform immediately the Contracting Officer.

15. INSURANCE (03/03)

In such cases, the IC grants to the Government, and others acting on its behalf, a paid-up non-exclusive, irrevocable, worldwide license for all such data to reproduce, prepare derivative works, distribute copies to the public, and perform publicly and display publicly, by or on behalf of the Government.

The IC also agrees, upon request from the Contracting Officer, to assign a copyright in works first produced in the performance of this contract to the United States Government where the works are intended for the Government's internal use only, as determined by the Contracting Officer. 24. SERVICE AND CANCELLATION (03/03)
The Government agrees to provide, at a minimum, five (5) working days notice in the event that any block of scheduled services is to be provided hereunder and is not required in its entirety. Under such circumstances, there are no costs to be borne by the Government in association with the cancellation of a scheduled block of services in its entirety. In the event that the Government fails to provide the indicated minimum notification, the IC may invoice the Government for such canceled blocks of scheduled appointments in accordance with the payment terms set forth herein unless, as may be determined by the Contracting Officer, that cancellation is due to an act of God (i.e. singular, unexpected and irregular visitation of a force of nature). In those instances where individual appointments, vice an entire scheduled block of appointments are canceled, the IC shall only invoice and be paid for those services actually performed. The independent Contractor Administrator (ICA) will be informed of all cancellations with less than the required five (5) working days notice for which the Government is to be invoiced.
