Title: DOMAIN MANAGEMENT INTERNATIONAL TERRORIST THREAT

Synopsis: To document the Domain Intelligence Note concerning events occurring within the San Francisco Domain.

Details: In June 2009 the Domain Management Team produced a Domain Intelligence Note on the threat posed by events occurring within the San Francisco Domain. The author of this note was IA. The note analyzes the threat to the SF domain, contains 2 pertinent maps, and provides recommendations as to how to best address the threat from an intelligence program perspective.

Enclosure(s): Enclosed for file is the Domain Intelligence Note concerning events occurring within the San Francisco Domain. The electronic version does not contain maps but these maps are included in the file copy.

IA welcomes any feedback on the enclosed Domain Intelligence Note. Please direct any questions or comments to IA.

ALL INFORMATION CONTAINED HERIN IS UNCLASSIFIED EXCEPT WHERE SHOWN OTHERWISE.

DECLASSIFY ON: 03-03-2036
