Title: COMMUNITY OUTREACH PROGRAM (COP) YOUTH PROGRAM SAN FRANCISCO DIVISION

Synopsis: To document completion of the Junior Special Agent (JSA) program at FAME Public Charter School, Fremont, CA.

Details: On 3/24/2010, the final session of the 2009-2010 Junior Special Agent (JSA) program with FAME Public Charter School was held at the San Francisco field office.

Since October 2009, COS and agents from the San Francisco Division have traveled to the Fremont based school and provided presentations to 25 (5th grade) students on topics such as internet safety, gangs, building character, peer pressure, bullying, etc. Following the six month program, students were given the opportunity to travel to the San Francisco field office as part of their field trip/graduation. The students received interactive briefings on ERT, SWAT, the importance of physical fitness, and a chance to interview employees. At the end of the field trip, SAC Stephanie Douglas presented all of the students with their Junior Special Agent credentials.

As part of their final assignment, students interviewed several employees in the office. Based on the information they retrieved during those interviews, each student wrote essays about their designated employee. The top two essays were

UNCLASSIFIED
selected and the writers of those essays received an FBI hat, t-shirt, and stuffed animal.

This is the first JSA program held in the San Francisco Division in over a decade.
