DTOU program managers and analytical personnel maintain responsibility for all domestic terrorism matters, both investigative and intelligence.

In this capacity, DTOU reviews all [REDACTED]

[REDACTED] as well as intelligence connections or gaps.

b7E

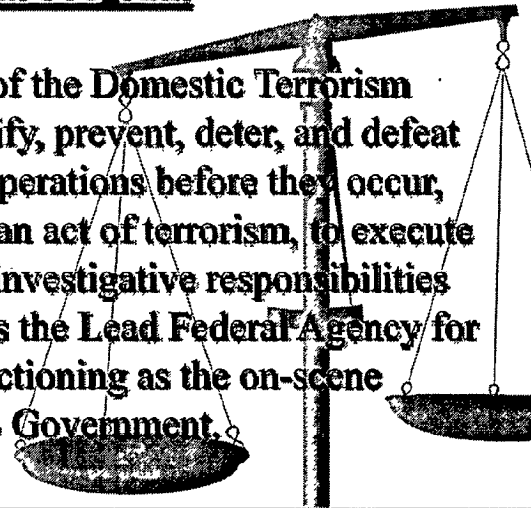

DTOU also has accountability to FBI executive management for providing timely situational updates, investigative strategy, and any other DT-related issues.

## **DTOU Mission Statement**

### **Domestic Terrorism Program**

**The Mission of the Domestic Terrorism Program is to identify, prevent, deter, and defeat domestic terrorist operations before they occur, and in the event of an act of terrorism, to execute the FBI's statutory investigative responsibilities and fulfill its role as the Lead Federal Agency for crisis response, functioning as the on-scene manager for the US Government.**

## DTOU Organization

**DTOU has two distinct organizational elements:**

- **Regions**

- [Redacted]

- **Programs**

- **Responsible for national level awareness**

b7E

DTOU has been divided in two ways:

### Regions

[Redacted]

b7E

Regions are divided by field offices and match the [Redacted]

[Redacted]

### Subprograms

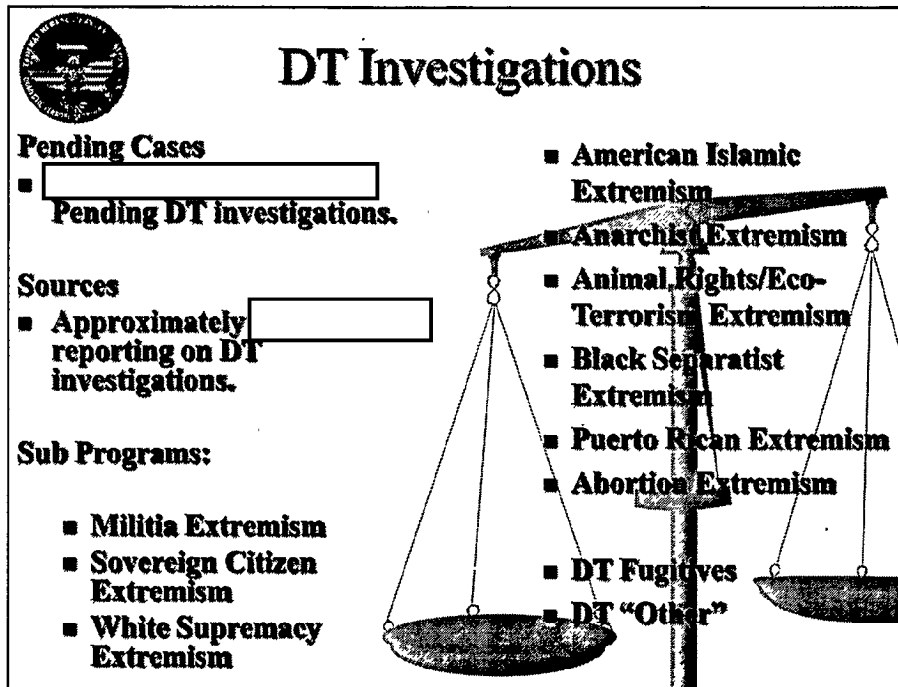

Subprogram coordinators are responsible for all [Redacted] full investigations within their specific subprogram, all Enterprise Investigations, and all undercover operations within their specific subprograms.

## DTOU Regions

b7E

b7E

•Historically, DTOU manages between [Redacted] at any given time. This number includes [Redacted] as well as enterprise investigations and [Redacted] matters covered by DT. This number does not include other investigations, such as WMD or Special Events, which are traditionally covered on mixed DT squads.

b7E

•Around [Redacted] report on DT matters. [Redacted] source coverage exists in the white supremacy subprogram, while other subprograms have [Redacted] source coverage. Some subprograms are [Redacted] in (such as animal rights and environmental extremism) and typically have [Redacted] source coverage.

•Currently, six subprograms are managed under the DT umbrella:

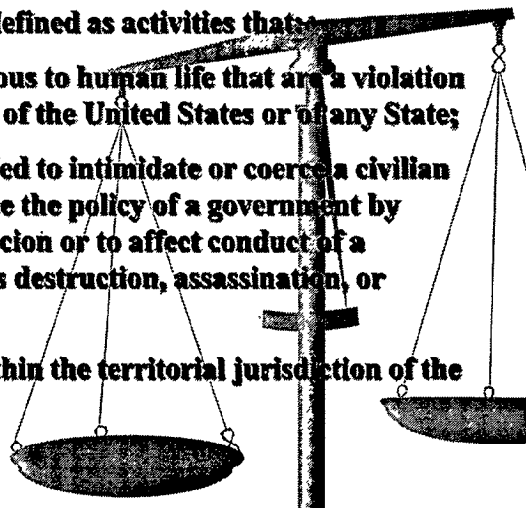

- Anarchist Extremism
- Animal Rights and Environmental Extremism
- Anti-Abortion Extremists
- Black Separatists & Macheteros
- Militia Extremism
- Sovereign Citizen Extremism
- White Supremacists

## Domestic Terrorism

**Domestic Terrorism is defined as activities that:**

- 1. Involve acts dangerous to human life that are a violation of the criminal laws of the United States or of any State;**
- 2. Appear to be intended to intimidate or coerce a civilian population, influence the policy of a government by intimidation or coercion or to affect conduct of a government by mass destruction, assassination, or kidnapping;**
- 3. Occur primarily within the territorial jurisdiction of the United States.**

## DT Elements

- Use or threatened use of force or violence
- Activities motivated by political or social goals
- Federal crime

All DT investigations / incidents must have three elements:

- 1.
- 2.
- 3.

b7E

4. **Photo:** Allen Berg, Jewish Talk show host killed by members of The Order, a white supremacy group Denver Colorado, 1984 in the driveway of his home.

b7E

The three elements are commonly known as the "DT Triangle." All three must be present to have a DT investigation. Without one, such as  a DT investigation cannot be initiated.

No foreign nexus

b7E

[redacted] continues to be handled by DTOU, but exists separate from the distinct subprograms.

[redacted] differs from the other DT programs.

- Mostly reactive - [redacted]
- No ideology → transferred to criminal and/or ATF
- Ideology identified → DT program or IT program.

[Redacted]

In

the US, the anarchist extremist movement is cyclical with criminal activity increasing around major events and decreasing in-between. Additionally, much of the criminal activity associated with anarchist extremists occurs on a **local or state level and never rises to the level of a federal violation.**

Over the past few years, a continuing trend has emerged of anarchist extremists merging with environmental extremists to conduct criminal activity.

Recent examples:

- An anarchist cell in California targeted a US Forest Service Laboratory for a bombing campaign

several attempted arsons and at least

This cell also had anarchist extremist leanings.

- In 2005-06, a small cell of primarily anarchist extremists developed a plot to conduct a bombing campaign targeting both environmental extremist targets as well as traditional anarchist extremist targets.

## SHAC

- **Stop Huntingdon Animal Cruelty (SHAC)**
- **Began in UK in 1999**
- **Migrated to US in 2000**
- **New form of AR campaign**
  - **Sophisticated targeting**
  - **More public type of campaign**
  - **Global in nature**
- **Trial & Convictions in 2005**

Special mention needs to be made of the AR group SHAC as it has had such an impact on the evolution of the AR extremist movement,

SHAC began in the UK as a group of AR extremists focused on closing HLS. When they were unsuccessful, they "internationalized" the campaign to target HLS' offices in other countries and eventually the secondary and tertiary contacts of HLS. SHAC targeting began to focus less on HLS itself and more on its financiers, clients, suppliers, and anyone necessary to the running of the business as a whole.

SHAC targeting has and continues to include a lot of threatening communications, implying rather than stating a threat.

SHAC also became the first truly "international" AR campaign.

The affect of SHAC on the AR movement in general has been one of introducing a more sophisticated and concentrated form of targeting and campaigning. Recently, SHAC tactics have begun to emerge in non-SHAC campaigns throughout the AR and Eco extremist movements.

During the early morning hours of October 19, 1998, multiple fires were set at eight structures located on Vail Mountain, a large ski resort in the Rocky Mountains. The fires resulted in \$12 million damage, but caused no injuries.

Five days before the fires, the District Court of Colorado had dismissed a lawsuit filed against the owners of the ski resort, ending a protracted seven-year legal battle initiated by several environmental groups in an attempt to stop the planned expansion of the facility. Upon the court's ruling, October 19<sup>th</sup> was announced as the proposed start date for land-clearing and construction related to the expansion project.

Shortly after the fires, individuals associated with the Earth Liberation Front, an extremist environmental movement, send an e-mail message to local universities, newspapers, and public radio stations claiming responsibility for the fires. The message also warned skiers to "... choose other destinations" until the resort discontinued its expansion efforts.

Anti-Abortion extremism remains the smallest subprogram but, when active, one of the most violent. Typically, anti-abortion extremism is closely tied to the political party in power as it is highly reactionary to current politics and judicial decisions.

**There are two types of groups that have been identified within the Anti-Abortion movement:**

1. Those that pose an economic threat to service providers (clinics) and intimidate clients.
2. Those that advocate and engage in the use of violence and force against individuals and groups who oppose abortions.

## Abortion Extremism

- The anti-abortion extremist movement consists of a loosely affiliated network of individuals who have engaged in violence or advocated the use of force as an option to end legal abortions.

### Criminal Activity:

- Assassinations of abortion providers
- Bombings
- Arson
- Threats
- Denial of access to abortion clinics

## AOG Continued

**The "AOG manual" provides specific instructions on how to disrupt abortion facilities, to include the use of violence to prevent abortions.**

**In the early 1990's, a manual entitled, "When Life Hurts We Can Help...The Army of God" was distributed among anti-abortion extremists.**

For example, the AOG manual recommends wrapping waffle-pattern duct tape on gun handles and triggers to eliminate fingerprints and the use of high powered rifles with armor-piercing bullets to destroy a doctors' car engine block. The manual also dedicates a section on making explosives, such as the manufacturing of C-4. The manual states, ***"the editors (unidentified) of this manual hope and pray that the information contained herein will be useful to those who are committed to pro-life activism, and may perhaps provide the catalyst to inspire others to such a commitment."***

During the 1990's, members within the AOG movement continued their violent activities.

## Abortion Extremism Trends

## Black Separatist Extremism

b6  
b7C

The black separatist ideology saw a peak several decades ago; however, it remains a persistent problem in select areas of the country.

## Black Separatist Extremism

**A movement to create separate institutions for black people in societies historically dominated by whites. Force and violence are advocated to achieve this goal.**

- All share racial grievances with the US government
- Most seek restitution, or governance base on religious ideology or social principals
- Some seek physical separation from the continental United States

b6  
b7C

While some early 19th century leaders sought a separate homeland, current movement rhetoric is generally focused on racially-based disillusionment with the US government and law enforcement.

## Black Separatist Extremism

- Derivatives of pre-civil rights defense organizations aimed at the protection of African-Americans from racial attack
- Revising goals, later to evolve as violent extremist factions validating unlawfulness and acts of terrorism with racial injustice
- New Black Panther Party  
(Not the Black Panther Party)

b6  
b7c

## New Black Panther Party

- Formed in 1991 as a community activist group in Dallas, TX
- Advocates a separate & independent black nation formed within the United States
- White, blue-eyed devils imposed Christianity on black people to keep them submissive
- Marxist ideology

■ We will protect ourselves from the force and violence of the racist police and the racist military, "by any means necessary!"

■ We therefore believe that all Black people should unite and form an "African Union Front" and arm themselves for self-defense.

The most prominent or well-known black separatist organization is the New Black Panther Party which formed separate from the original Black Panther Party.

The NBPP adopted the 10 Point Plan from the original Black Panther Party.

## Black Hebrew Israelites

- **Superiority of the black race over all the races.**

- **Lost nation of Israel, robbed of their culture and heritage by centuries of white domination.**

- **Have been involved in criminal and violent activities, including murders.**

- **Recruit at military installations engage in paramilitary training.**

- **Members often have access to specialized weaponry.**

- **Factions of the BHI movement are dispersed throughout the United States.**

b6  
b7C

The Black Hebrew Israelite movement ideology espouses the superiority of the black race over all the races.

Black Hebrew Israelites believe that they are the lost nation of Israel, who were robbed of their culture and heritage by centuries of white domination. They believe that they are one of the 12 lost tribes.

In the past, militant members of the Black Hebrew Israelite movement have been involved in criminal and violent activities, including murders.

Militant members of the movement have been known to recruit at military installations and some have engaged in paramilitary training. Through employment at military bases, members often have access to specialized weaponry. Factions of the Black Israelite movement are dispersed throughout the United States.

## Black Separatist Extremism Trends

- The domestic African-American Sunni Islamic fundamentalist movement, has become the focal point of current emerging US Black Radical Islamic Movements.
- Continued prison radicalization and recruitment
- Gang Recruitment
- Criminal Activity:

## American Islamic Extremist (AIE)

- Espouses mixed Islamic theology with some levels of anarchy and anti-white rhetoric.
- Consider the US to be anti-Islam / minority rights

## White Supremacy Extremism

### White Supremacy

- Extremist point of view in which members believe in the superiority of the white race. These groups target minorities, homosexuals, the Jews and the Federal Government.

### Criminal Activity:

- Hate crimes
- Illegal weapons procurement
- Bombings
- Narcotics
- Counterfeiting
- Armored car robberies
- Bank robberies
- Murder

## White Supremacy Extremism Ideology

- **"Religiously" motivated**
  - Some ideologies rely on interpretations from the Bible. Others are derived from belief systems or mythology.
- **Politically motivated**
  - Admiration for Adolph Hitler
  - Less emphasis on Identity
  - Typified by Skinhead movement
  - Demonization of minorities
  - Economic hardships are blamed on non-whites

b6  
b7c

White supremacy divides into two types of ideological motivations:

- Religious motivation which focuses on a religious context and belief for racist views. They attempt to justify their ideological stance through sacred literature.
- Political motivation which focuses on a political context, blaming minorities for societal ills.

## White Supremacy Extremism "Religious" Ideology

- **Christian Identity**
  - Aryan Nations
- **Ku Klux Klan**
  - Imperial Klans of America
- **Creativity Movement**
  - The Church of the Creator
  - World Church of the Creator
- **Phineas Priesthood**
- **Odinism / Asatru**

### Christian Identity:

- Eve & Serpent (Satan) made Able (mud people...got it wrong), then Adam & Eve made Kan (white people) = Dual seedline theory
- White people of European descent are descendants of the ancient Israelites of the Bible...therefore the Bible was written for "God's chosen people"
- Arian Nations (AN) most infamous Christian Identity group
- Christian Identity believers tend to be among the most radical extremist members.

### Creativity Movement:

- Founded in 1974, Creativity Movement (previously called The Church of the Creator & World Church of the Creator) believes that force and violence are justified to create an all-white society.
- not really religious, think white man is savior.
- Subscribes to the racist doctrine of Racial HOly War or (RAHOWA) and "Our race is our religion."
- In 1995 Matthew Hale took leadership and on January 8, 2003, he was arrested and is currently serving a 40 year sentence in Colorado for soliciting the murder of a United States Federal Judge

## History of the KKK

- Originally founded on December 24, 1865 in Pulaski, TN
- Revitalized in 1915 and during Civil Rights Movement
- Opposed to miscegenation, immigration of non-whites and any religion other than Christianity

One of the key components to understanding and investigating white supremacist activity is understanding their language and references. A pervasive reference to the "14 words" exists throughout the white supremacist subculture.

On 28 May 2007, David Lane, a cofounder of the 1980s domestic terrorist group, The Order, died in prison of natural causes.
