

## Filters vs. COPA Comparative Effectiveness

Method of Speech	Filters	COPA
Web – domestic websites	X	X
Web – overseas websites	X	
Web – commercial websites	X	X
Web – non-commercial websites	X	
Email	X	
Instant Messaging	X	
Chat	X	
Peer-to-peer	X	
Voice over IP	X	
Streaming video and audio	X	
Usenet newsgroups	X	
FTP	X	

The left-hand column sets out many varieties of Internet communications. For each form of communication, the chart indicates whether it is blocked by filters or regulated by COPA. For example, overseas websites are blocked by filters, but are not addressed by COPA.
