~~MAJ~~ related saw rocks and bricks being thrown at the MP and at the cell doors. MAJ ~~7C-3, 66-3~~ stated he did not have any direct contact with the IRF team and could not provide any further information for this investigation.

About 0900, 29 Mar 04, SA ~~7C, 66-1~~ interviewed MAJ (Dr.) ~~7C, 66-3~~ 391st MP BN, Abu Ghruyeb, Iraq, who stated he arrived at the "hard site" and observed Detainee ~~7C, 66-4~~ lying on a stretcher with an injury to his knee. MAJ ~~7C-3, 66-3~~ related he applied a dressing to the wound and had Detainee ~~7C-4, 66-4~~ transported to Battalion Aid Station. While at the aid station, MAJ ~~7C, 66-3~~ said he cleaned and stitched the wound to Detainee ~~7C, 66-4~~. MAJ ~~7C, 66-3~~ stated there was an entry and exit wound above the knee, apparently caused by a shotgun pellet, which caused no broken bones or other severe damage.

At 1117, 29 Mar 04, SA ~~7C, 66-1~~ interviewed MAJ ~~7C-4, 66-4~~ 391st MP BN, Abu Ghruyeb Prison, Iraq, who rendered a Sworn Statement which detailed his knowledge of the shooting incident (See Sworn Statement for details).

About 1429, 29 Mar 04, SA ~~7C, 66-1~~ interviewed SGT ~~7C-3, 66-3~~ 128th MP CO, Abu Ghruyeb, Iraq. He stated about 1700 hrs he and the IRF team responded to the hard site because of a riot. He stated when the team entered the hallway near the tier, he could see the bricks being thrown. SGT ~~7C, 66-3~~ said that a plan was devised to us non lethal to make entry into the tier. He said after a couple of attempts to gain entry using flash bangs and non lethal rounds with no success, MAJ ~~7C-66-3~~ ordered the team to go to lethal rounds. He said MAJ ~~7C-3~~ said do not shoot unless you actually see them throw a rock at you or any other soldier. SGT ~~7C, 66-3~~ said he and the other shot gunners posted on the left and right of the door in the windows. As the team began to try to make entry, he heard SGT ~~7C-4-66-4~~ he had one. I could see a couple of rocks being thrown. About 4-5 seconds later he heard a shot. He then saw a couple of Iraqi prisoners bring an injured detainee to the door. SGT ~~7C, 66-3~~ said most of the detainees went into their cells at that time. He and the rest of the team made entry and secured the tier. He stated while securing the tier, MAJ ~~7C-66-3~~ said the other tier had the same problem. SGT ~~7C, 66-3~~ said as he approached the tier he could see rocks being thrown from the tier windows into the hallway. He said the lights were off in the tier. SGT ~~7C, 66-3~~ said he and the team used non-lethal rounds to approach the door of the tier. He said the team made entry using a flash bang. He said when the team made entry into the tier, he heard SSG ~~7C-66-4~~ all, "If you throw that brick, I will shoot you". He then heard the shot and the detainees went into their cells. He said the team began to secure the tier.

I, 7C-4, 66-4, want to make the following statement under oath: I am making this statement freely.

I am part of the Internal Reaction Force (IRF) and the Bravo Team leader. About 1700 hrs, 28 Mar 04, we were called to the hard site. When we showed up we staged in the hallway near the administration office. MAJ 7C-3, 66-3 I believe the battalion S-3, called us down to tier three I believe. At that time he informed us the detainees in the tier were all out of their cells and were rioting. Then we went over a plan of action of how to take the tier back. The first phase of the plan was to enter with the ballistic shields and less than lethal rounds for our shotguns, but I was not part of that team. They tried to enter the tier three times total and it did not calm them down at all. Before they went in with the less than lethal force, we had an interpreter tell them to return their cells. We did offer them a warning that we had shotguns and we were prepared to use them. After the three attempts with less than lethal rounds and flash bangs, we decided that we would enter the tier. Myself, SSG 7C-4, 66-4 and SGT 7C-3, 66-3 were ordered by either MAJ 7C-3, 66-3 or MAJ 7C-3, 66-3, I'm not sure which, to load the lethal rounds. MAJ 7C-3, 66-3 clearly stated our rules of engagement. We were authorized deadly force against any detainee that posed a threat to myself or any American soldier. He identified the bricks and pipes they were throwing at us as a threat. At that point, the shotgun team, consisting of us three, moved forward. My sector of fire was the upper right hand tier. I immediately identified a detainee holding a large brick and wearing a green scarf around his head and face. He was standing on the upper right hand tier, third cell down. I then screamed, "I got him, I got him" so the whole team could hear, but I did not engage, I just had him in my sights. The detainee then threw the brick at my position. As he threw the brick, I pulled my trigger and he dropped. After I shot, everyone ran to their cells and we regained control of the cells. As they were running back to their cells, a couple of detainees threw rocks at us. While we were still finishing in the tier, MAJ 7C-3, 66-3 told us we have another incident down at the other tier; I'm not sure which one. We assembled outside the tier. MAJ 7C-3, 66-3 briefed us and said the same type of incident was happening. They were also throwing bricks and stuff. They were up against the tier door throwing rocks outside of the tier. Another MP unit had already engaged them with less than lethal rounds with no success. We had an interpreter tell them that if they don't get back in their cells, we had lethal and were prepared to use them. I don't know who the interpreter was. They still continued to throw rocks and that's when MAJ 7C-3, 66-3 decided to send us in with lethal rounds. We had a shotgun team of five; three of us had lethal and two had non lethal. We were in the hallway and moved toward the tier door. Rocks were still being thrown at us. SSG 7C-4, 66-4 and one of the non-lethal shot gunners fire at the window where the rocks were coming from. We got to the door and they had backed away from the door towards their cells. We then deployed a flash bang grenade so we could enter the door. SSG 7C-4, 66-4 fired the

door of the tier. When he entered, a detainee from the far left hand cell popped out with a brick. SSG 7C-4, 1664 aid, "If you throw that I will shoot you." The detainee threw the brick at him and SSG 7C-4, 1664 shot one time. The detainee then ran back into the cell and we began a routine clearing of the cells.

Q: SA 7C-1, 1661

A: SGT 7C-4, 1664

Q: When you got to the tier, were the detainees throwing rocks and pipes?

A: Yes, in fact one of our ballistic shields, which are supposed to sustain 9MM rounds, was dented by one of the rocks during the first attempt to enter.

Q: Were any soldiers hit by any thrown objects?

A: We had one soldier get hit in the leg, I think during the second attempt to enter.

Q: When they went in with the less than lethal, did anyone shot?

A: Yes, SSG 7C-4, 1664

Q: Did it have any effect?

A: No.

Q: Were you hit by any thrown objects?

A: No.

Q: Why did you shot?

A: To protect my soldiers and myself.

Q: Were you in fear of your life?

A: Yes.

Q: During the attempt to enter the cell by the shotgun team, did anyone else shot besides you?

A: No, not when we had lethal rounds.

Q: What kind of round did you have loaded and what kind of shotgun did you have?

A: 00 Buck shot and I had a Mosburg 590 Shotgun 12 gauge with serial number 03296 and stock number 1005-01-251-8578.

Q: When you shot him what position was he standing?

A: I only saw his upper torso. Then he threw the rock with his right hand; that's when I shot.

Q: How many times did you fire?

A: I shot him once. I shot center mass like I was trained.

Q: What time did you enter the tier?

A: I don't know.

Q: Which tier did this occur in?

A: I believe it was 3.

Q: During the second shooting, did SSG 7C-4, 1664 an interpreter when he warned the detainee to drop the rock?

A: No.

Q: Describe rules of engagement that you abide by.

A: Typically, in our shotgun we have two less than lethal rounds followed by six lethal rounds loaded. We are authorized to address any aggressive threat to myself or my soldiers. During this incident, less lethal was attempted three times so we were ordered to take out our less lethal rounds. If you fear for the safety of yourself or your soldiers you can use lethal. want to make the following statement under oath: I am making this

statement freely.

On 28 Mar 04, the MPs on duty were dealing with a small-scale riot most of the day. At about 1610 hrs, a runner from the hard site came to the operations cell and told us the IRF was needed in the hard site. I went down to the hard site, tier 6A, and observed the situation. I saw that bricks and pieces of cement were being thrown and the detainees were out running free in their tiers. At this time it was only in tier 6. I then decided to deploy 301st soldiers around the perimeter of tier 6. I was able to determine that an Iraqi Correctional Officer (ICO) was located in the adjacent tier in which prisoners were loose. He would only be able to get out by coming through tier 6A where prisoners were also out loose. I then deployed the IRF. I talked to SSG

7C, 66-4 and planned to enter the tier by using a flash bang and three less than lethal shotguns. Because of the severity of the situation, I had all soldiers not on the IRF team go "red" with their weapons in case any prisoners escaped during the attempt to enter. The IRF attempted to enter using the plan. When they entered the rocks kept coming. I believe the team deployed 7-10 less than lethal rounds. We tried the plan again with no success. I then called the Quick Reaction Force (QRF). We tried the same plan, but with M-203 less than lethal rounds. We still had no success. I then instructed SSG 7C, 66-4 and his team to remove all non-lethal rounds. I was concerned about the ICO still located somewhere in the tier. The plan was to have SSG

7C, 66-4 and SGT 7C-4, 66-4 position themselves with their weapons pointing through the windows from outside of the tier. I instructed them if you have a clean shot of a detainee who is throwing rocks at us go ahead and shoot. As the team entered the door, I heard SGT 7C-4, 66-4 fire his weapon. I then saw a detainee drop and crawl in the cell. Several of the detainees from that cell came out and motioned as if they wanted to bring the injured detainee down to the door. The detainees then brought the injured detainee down. It was less than five minutes after the shot, that we removed the injured detainee from the tier and began medical aid.

After that, the team went in and secured the tier. We were then able to verify the ICO was OK. About ten minutes before we were finished with 6A, we got word that 4A was having trouble as well. We got down to 4A and I saw rocks being thrown from the tier. I also saw that the prisoners had removed a handrail, 14 ft X 3in diameter, and was using it as a ram against the door. I instructed members of the 301st MPs to use less than lethal rounds against any attempt to reach through the windows of the tier. As a standby, we had lethal round shotguns standing by in case the door was breached. The IRF then moved to tier 4A. We used an interpreter to tell the prisoners to return to their cells and if they didn't we would use deadly force. I planned with SSG 7C, 66-4 to have one less than lethal shotgun and three lethal. The non-lethal shotgun, as we opened gate, shot five rounds. The three lethal shotguns moved forward and positioned in the windows with the same instructions as before. As soon as we opened the door, the rocks started

7C-4, 1204 firing. SSG 7C-4, 1204 then shot. This tier had broken all their lights so we had no visibility. SSG 7C-4, 1204 stated he thought he hit his target. We then moved in and secured the tier. It wasn't until we entered and began to secure the tier that we found the injured detainee. We then brought in the medics to treat the prisoner. The total time it took from the shot fired and when treatment began was about 20 minutes.

Q: SA 7C-4, 1204

A: MAJ 7C-4, 1204

Q: Did you use an interpreter to warn the prisoners at tier 6A?

A: Yes. We talked to the detainees using the interpreters in 6A more a lot.

Q: Did you here SGT 7C-4, 1204 anything before he shot?

A: No, it was very loud because of the rocks hitting the doors.

Q: Describe to me the rules of engagement you use when dealing with detainees during a riot.

A: We start with verbal warnings; then we use a show of force, which we did by staging the IRF team in front of the tier; less than lethal force is then used; and then we use deadly force. My major concern was for the ICO that was still unaccounted for.

Q: Do you have anything to add to this statement?

A: Yes, I gave the order to use lethal rounds and any lethal rounds used were by my order.

Q: Do you have anything to add to this statement?

A: No. ///END OF STATEMENT//

I, TC-4, bb-4 want to make the following statement under oath: I am making this statement freely.

About 1700, 28 Mar 04, we got a call to get the IRF to the hard site. We went to the hard site. I left the team at the truck to go get a briefing as to the situation. The team went ahead and staged in the hallway in the hard site. When I got inside, MAJ TC-3, bb-3 briefed me about the situation while we stood in front of tier 6. He said that all the inmates had busted the locks and were running free in the tier. I could see this for myself as I looked into the tier. He asked me how we could get the tier back under control. I suggested that we use shield members with oc spray available. We would also use two less than lethal shotguns behind them. I would follow them with a lethal shotgun. The show of force by staging at the tier door work for the detainees on the lower tier but the top tier continued to throw rocks and bricks. We then tried a second time using a flash bang. We got the door cracked two times, one of which we were able to get two shield guys in. The front shield guy began to get hit hard with several rocks. So then I came in and tried to suppress the rock throwing by using non-lethal rounds from the shotgun. I fired about 3-4 times, but it didn't work. That was the third try. Once we backed out and regrouped, we got the word from MAJ TC-3, bb-3 to go lethal. He told us that any detainee threatening us with bodily harm by throwing the bricks were to be engaged with lethal force. Because we could not actually gain entry, I decided to have the lethal guns in the windows of the tier. The detainees continued to throw bricks. I then heard SGT TC-4, bb-4 say he had someone in his sights. I could see someone in the top tier with a green towel around his face. He was standing ready to throw the brick. He then threw the brick at the door and popped back in his cell. He came back out with a bigger rock. MAJ TC-4, bb-4 said, "If he is throwing bricks engage". The detainee threw the brick and SGT TC-4, bb-4 shot a round. The detainee dropped on the top tier and went into the cell. Some detainees began to wave and say they had somebody hurt. The detainees then brought the injured detainee down. The detainees began to retreat to their cells and we removed the injured man. At that point we began a routine sweep and secured the tier. While we were settling tier 6 down, MAJ TC-4, bb-4 that we had the same problem in another tier. We moved down to that tier. I saw that they were also throwing rocks and running freely in the tier. The rocks were coming out of the tier windows. We could not get close because of the rocks. I had a non lethal gun fired a crowd control round at the door as we approached. That got us to the door. Once we got to the door, we formed a plan similar to the previous plan but with six guns. We had to use spotlights to see in the tier because they had busted the lights. Once we were shining the light in the tier, I could see detainees popping out of their cells throwing rocks at the tier door. I threw a flash bang in the door of the tier. I stepped in the door and saw a detainee with a rock in his hand. I screamed that I would shoot if he threw the rock. My two team leaders came along beside me, at which time the detainee threw the rock.

Q: During the first shooting, were members of your team attempting to enter the door when SGT 7C-4, 10-4 shot?

A: We were trying to get the door open, but couldn't because of the rocks being thrown.

Q: Were you hit by any rocks?

A: No, but one of my team members was hit in the leg.

Q: Why did you shoot the detainee that was throwing the rock?

A: Because he was trying to do bodily harm to me.

Q: Were you in fear of your life?

A: Yes.

Q: What kind of round did you have loaded and what kind of shotgun did you have when you shot the lethal round?
