MEMORANDUM FOR SEE DISTRIBUTION

SUBJECT: CID REPORT OF INVESTIGATION - FINAL SUPPLEMENTAL - 0038-04-
CID789-83988-5H9A

DATES/TIMES/LOCATIONS OF OCCURRENCES:

1. 19 MAY 04/0800 - 19 MAY 04/0915; BAGHDAD CENTRAL CONFINEMENT
FACILITY (BCCF), ABU GHRAIB, IZ

DATE/TIME REPORTED: 19 APR 04, 0915

INVESTIGATED BY: SA *7C-1 66-1 62* ; SA *7C-1 66-1 62*

SUBJECT: 1. NONE. (NFI) [NATURAL DEATH]

VICTIM: 1. FADIL, ABBAS ALWAN (DECEASED); CIV, NATIONAL DETAINEE
REPORTING SYSTEM (NDRS) 160243; UNKNOWN, IZ; M; WHITE; DETAINEE; BCCF,
ABU GHRAIB, IZ; (NFI); [NATURAL DEATH]

This is an "Operation Iraqi Freedom" investigation.

This investigation was initiated upon notification from the 391st Military Police (MP) Battalion
(BN) Operations Section, BCCF, Abu GHRAIB, IZ, that Detainee FADIL died.

Investigation disclosed Detainee FADIL died as a result of Peritonitis of Undetermined Etiology,
while detained at the BCCF, Iraq.

On 10 Aug 04, this office received the Armed Forces Institute of Pathology Final Autopsy
Report, #ME 04-386, 8 Jul 04, which listed the cause of death as Peritonitis and the manner of
death as natural, which is consistent with previously reported information.

STATUTES:

None.

DETAILS

BASIS FOR INVESTIGATION: On 19 May 04, this office was notified by 391st Military Police (MP) Battalion (BN), Baghdad Correctional Confinement Facility (BCCF), Abu Ghryeb, Iraq (AGI), that Detainee Abbas Alwan FADIL, National Detainee Reporting System (NDRS) #160243, BCCF, AGI, died.

About 1010, 19 May 04, SA *7C-66-1* and SA *7C-66-1* this office, interviewed SSG *7C-3* *66-3* 17th Combat Support Hospital (CSH), BCCF, AGI, who stated she was the attending nurse for Detainee FADIL. She stated Fadil was admitted to the Detainee Ward at 1200, 18 Apr 04, for abdominal pain. She said although he was coughing blood when he arrived, his pulse was only slightly elevated. She said FADIL stabilized and had normal vital signs with elevated respiration at midnight. She said between 0620 and 0630, 19 May 04, FADIL's Nasogastric Tube was removed presumably by Detainee FADIL, which was in place to relieve pressure from his abdomen. She stated no one saw him remove the tube, but Detainee FADIL was awake when they found it removed, which leads her to believe he removed it himself. At 0800, he was transferred from the detainee ward to the emergency room when he became unstable. Life saving medicines and treatment were given without success. Detainee FADIL was pronounced dead at 0915 hours by COL (DR.) *7C-3* *66-3* 348th Forward Surgical team (FST), BCCF, AGI. (See Death Certificate)

About 1020, 19 May 04, SA *7C-66-1* exposed photographs of Detainee Fadil using a Kodak Digital Camera. (See Compact Disc)

About 0930, 20 May 04, SA *7C-66-1* interviewed SFC *7C-3* *66-3* 391st MP BN, Ganci #4 NCOIC, BCCF, AGI, who related that Detainee FADIL had complained about abdominal pain about 1420, 17 Apr 04, and was transported to the medical hold section for treatment. He was later returned to the camp. He said the next morning, about 0930, 20 May 04, Detainee FADIL was brought to the front gate in a blanket with the same abdominal pain. He was transported to the CSH for treatment. SFC *7C-3* *66-3* said FADIL never returned to the camp.

About 0945, 20 May 04, SA *7C-66-1* interviewed Detainee *7CF-3* *66-3* NDRS # *66-3* Ganci #4 Camp Chief, BCCF, AGI, who stated he was aware that Detainee FADIL was complaining of stomach pain the day before he was taken to the CSH. He said he was unaware of any past medical problem. He also stated that the medics gave Detainee FADIL some medication.

About 0955, 20 May 04, SA *7C-66-1* interviewed HM2 *7C-3-66-3* K. Company, 3/24 Marines, BCCF, AGI, who stated he had treated Detainee FADIL on the 17 Apr 04 for abdominal pain. He said he transported Detainee FADIL to the medical holding area, where he was treated for dehydration and given anti-nausea medicine.

About 1005, 20 May 04, SA *7C-66-1* interviewed COL *7C-66-3* who stated Detainee FADIL had a two day history of abdominal pain, distention, and dehydration. Detainee FADIL was admitted to

DETAILS

the detainee ward, where blood work was drawn and several medications were given for dehydration pain in his abdomen. He was also given a Nasogastric Tube to relieve pressure from his abdomen as well as medication to relieve constipation. COL ~~Rick~~ stated Detainee FADIL was monitored throughout the night and sometime between 0620 and 0630, 19 May 04, Detainee FADIL removed his Nasogastric Tube. An attempt was made to place the tube back in without success. Detainee FADIL was taken to X-ray and while in X-ray, he stopped breathing. He was immediately brought to the emergency room where emergency breathing procedures were given. Detainee FADIL recovered shortly thereafter. At about 0800, an attempt to reinsert the Nasogastric Tube was made. While inserting the tube, Detainee FADIL stopped breathing again. Cardio Pulmonary Resuscitation (CPR) was attempted for 20 minutes as well as lifesaving medication without success. Blood was drawn for testing which revealed Detainee FADIL's Creatine Phospho Kinase (CPK) was 3400, to which the normal is 100. COL ~~Rick~~ stated this indicated massive heart muscle damage. He said he pronounced Detainee FADIL dead at 0915, 19 May 04. COL ~~Rick~~ stated, in retrospect, he believed in reaction to the dehydration, Detainee FADIL's body cut the blood flow to non-critical organs of the body, which may have caused the abdominal pain. He also stated, Detainee FADIL had to have had a history of heart disease due to manner in which he died. (See Medical Record)

About 1400, 22 May 04, SA ~~7C-166-1~~ interviewed SFC ~~7C-3 663~~ 391st MP BN, Detainee Operations NCOIC, BCCF, AGI, who stated detainees have a continuous supply of potable water available at all times. He also stated that detainees, who do not have access to the potable water, are provided one liter bottle of water per hour.

About 1400, 23 May 04, SA ~~7C-166-1~~ interviewed MAJ (Dr.) ~~7C-3 663~~ 391st MP BN Aid Station, BCCF, AGI, who opined that a continuous amount of potable water or one liter of water per hour is sufficient to prevent dehydration. He also stated, that through his experience with the detainees, they do not drink the water as they should and are constantly encouraged to drink more.

On 6 Jun 04, SA ~~7C-166-1~~ obtained the Preliminary Autopsy Report, #ME04-387, 1 Jun 04, pertaining to Detainee FADIL which listed the cause of death as Peritonitis of Undetermined Etiology and the manner of death as Natural. (See Prelim Autopsy Report)

4. SUBJECT: 1. UNKNOWN. (NFI) [NATURAL DEATH]
5. VICTIM: 1. FADIL, ABBAS ALWAN (DECEASED); CIV, NATIONAL DETAINEE REPORTING SYSTEM (NDRS) 160243; UNKNOWN, IZ; M; WHITE; DETAINEE; BCCF, ABU GHRUYEB, IZ; ZZ; (NFI) [NATURAL DEATH]
6. INVESTIGATIVE SUMMARY: THE INFORMATION IN THIS REPORT IS BASED UPON AN ALLEGATION OR PRELIMINARY INVESTIGATION AND MAY CHANGE PRIOR TO THE COMPLETION OF THE INVESTIGATION.

THIS IS AN "OPERATION IRAQI FREEDOM" INVESTIGATION.

THIS INVESTIGATION WAS INITIATED UPON NOTIFICATION FROM THE 391ST MILITARY POLICE (MP) BATTALION (BN), BCCF, OF A DETAINEE DEATH.

2ND STATUS:

THIS STATUS REPORT IS BEING GENERATED TO CHANGE THE MANNER OF DEATH FROM UNDETERMINED TO NATURAL AND THE CAUSE OF DEATH AS PERITONITIS OF UNDETERMINED ETIOLOGY.

FOR OFFICIAL USE ONLY

02483

ON 6 JUN 04, THIS OFFICE RECEIVED THE PRELIMINARY AUTOPSY REPORT, ME04-387, 1 JUN04, WHICH LISTED THE MANNER OF DEATH AS NATURAL AND THE CAUSE OF DEATH AS PERITONITIS OF UNDETERMINED ETIOLOGY.

INITIAL:

PRELIMINARY INVESTIGATION REVEALED AT APPROXIMATELY 1200, 18 MAY 04; DETAINEE FADIL WAS ADMITTED TO THE DETAINEE WARD FOR ADOMINAL PAIN. DETAINEE FADIL WAS COUGHING UP BLOOD AND HIS VITAL SIGNS WERE SLIGHTLY ELEVATED. DETAINEE FADIL WAS STABILIZED AND UNDER CLOSE OBSERVATION BY MEDICAL PERSONNEL.

ABOUT 0800, 19 MAY 04, DETAINEE FADIL WAS HAVING BREATING PROBLEMS AND WAS TRANSPORTED TO THE EMERGENCY ROOM WHERE LIFE-SAVING MEASURES WERE TAKEN, BUT UNSUCCESSFUL, AND AT 0915, 19 MAY 04, COL (DR) *7c-3 kb-3* 57TH COMBAT SUPPORT HOSPITAL (CSH), BCCF, AGI (NFI), PRONOUNCED DETAINEE FADIL DECEASED.

A VIEWING OF THE BODY BY USACIDC PERSONNEL REVEALED NO SIGNS OF EXTRAORIDNARY TRAUMA OR INJURY TO DETAINEE FADIL INDICATING HE DIED OF ANYTHING OTHER THAN NATURAL CAUSES.

THE CASUALTY LIAISON OFFICER (CLO) THIS OFFICE IS CW2 *7c-1 kb-1* SPECIAL AGENT IN CHARGE, AT DNVN 302-550-~~74~~ *161*

7. COMMANDERS ARE REMINDED OF THE PROVISIONS OF AR 600-8-2 PERTAINING TO SUSPENSION OF FAVORABLE PERSONNEL ACTIONS AND ARE 380-67 FOR THE SUSPENSION OF SECURITY CLEARANCES OF PERSONS UNDER INVESTIGATION.

8. CID REPORTS ARE EXEMPT FROM AUTOMATIC TERMINATION OF PROTECTIVE MARKINGS IN ACCORDANCE WITH CHAPTER 3, AR 25-55.

TIME, DATE, AND AGENT	SUMMARY OF INVESTIGATIVE ACTIVITY
1230. 22 May 04 R-1bb1	SAC Review: Good wok so far. Follow up on the issue of dehydration. Find out how much water is provided to the detainees per day and then check with the Dr. to get a medical opinion if that is sufficient so as to determine if there is any negligence are procedural deficiencies.
1400, 22 MAY 04 7C-1 bb1	Interview of SFC 67C-3 (66-3) (SFC AIR)
1400, 23 MAY 04 7C-1 bb1	Interview Dr. 67B-1003 (SFC AIR)
0900, 24 MAY 04 7C-1 bb1	Pending Autopsy.
5 Jun 04 7C-1 bb1	Received Prelim Autopsy from SA 7C-1 bb1 F
9 Jun 04 7C-1 bb1	updated 2nd stat + Final drafts.
11 Jun 7C-1 bb1	To SAC For Review
14 Jun 04 7C-1 bb1	<p>Good work, but there is <u>ONE</u> lead remaining. We need to interview someone who saw FADIC take the tube <u>out</u>. If not then we need to eliminate any possibility of foul play. How do we know FADIC removed the tube and no one else? After this lead this case will only be pending the autopsy.</p>
14 Jun 04 7C-1 bb1 1	Clarified AIR entry to reflect she could not be positive he removed it. More accurately reflected what she stated.
