It went to SAC Miami and CT. We still have, I think, interrogators in GITMO, but I've not heard any more rumblings about detainee treatment. It is entirely possible that the Army took care of it when they sent an inspection team there -- but who knows.

Who do you think we should give this to?

Yes -- it needs to be provided immediately

Was any of this information provided to anyone else in this building at the time? Do we have agents in GITMO participating in interrogations?
