Steve - There is no IP for [redacted]. The only JTF paper done, as indicated below, was our request to conduct interrogations of [redacted] outside Camp Delta, which were never conducted, as you know. The General Counsel of the FBI, Valerie Caproni, is aware of all facts and circumstances surrounding [redacted].

The attached is modified version of your draft that incorporates suggested changes based on UC [Redacted]'s conversations today with SSA's [Redacted] (not [Redacted] and [Redacted] was present with [Redacted] in the observation room observing another interview and was not with [Redacted] when he observed the detainee [Redacted]. His additions to the draft letter are bolded and deletions are bracketed [Redacted]

Although the recommended changes add detail that we believe is important, I have a broader concern about the letter and GTMO issues in general. The letter is reporting 3 incidents (or 4 if the observation of the canine use is counted separately)
