Chris; for your information, a decision was made at the DOJ a while back that these matters would not be investigated as Civil Rights violations. Therefore, the DOJ Civil Rights Division is not involved. We spoke briefly with Pat Sullivan, Attorney, Counterterrorism Division, DOJ, who advised that depending on whether or not the individuals involved in this matter were civilian or military would determine who looked into the allegations. Sullivan said that individuals in the military would be dealt with by the military. Sullivan's military contact is Army Jag officer Lt Col [Redacted] of the Pentagon, telephone [Redacted]. Sullivan advised that Lt Col [Redacted] would be able to provide direction as to how military members accused of abuse would be handled. Sullivan advised that Lt Col [Redacted] was also in a position to provide direction on the Sacramento complaint matter if, in fact, the accused are members of the military. Sullivan advised that civilians involved in such abuses could be addressed by DOJ and potentially prosecuted under Title 18, U S C , Section 113 (Assaults Within Maritime and Territorial Jurisdiction)

Sullivan said that these matters are not being addressed under the Civil Right statutes and normally would not have FBI involvement, however, in a matter involving a [Redacted] accused of abuse, an FBI Special Agent has been assigned as an investigator for only because of a potential conflict due to the fact that [Redacted]. Sullivan reiterated that this particular case is a very unique circumstance and would not, otherwise, have any FBI involvement.

We passed this information to the Sacramento office who is already dealing with one of the SSAs of CTD. They re-interviewed the individual that provided the information and are drafting an LHM suitable for dissemination to pass it to the military. Thanks, [Redacted]

Attached you will find a PowerPoint presentation regarding the transformation of GTMO which the Principal's wanted. This product has been reviewed several times by the regular attendees at the PCC to include DOJ. This will be briefed to the SecDef at 9:30 a.m. today. If he approves he will brief this during the Principal's meeting which is scheduled tomorrow at 11:30 a.m. The first 9 slides will definitely be used. The next "Backup Slides" will be used if asked specific questions which relate to them. You will notice that the "DOJ View" slide is wrong. I have notified DoD that they should not use the slide without making changes.

You do not need to respond to this unless you have specific concerns that you want brought to DoD or DOJ.

Thank you
