2/ Use of the N/A column constitutes a positive representation that the circumstances described in the question did not occur in this investigation or board.
SECTION IV - FINDINGS (para 3-10, AR 15-6)

The (investigating officer) (board), having carefully considered the evidence, finds:

At approximately 0145, 19 May 2005, 3/A/2-11ACR encountered a dump truck parked on the side of the road along route Christy, vicinity grid MB 473307. The patrol, led by [ ], stopped 200 meters behind the vehicle, and attempted to persuade any occupant to dismount and make their presence known by the following means:

1. Spotlights shined at the vehicle
2. Warning shots to the right rear of the vehicle
3. Shots fired into the right rear of the vehicle.
4. Shouts in Arabic directing any occupant to dismount.

The patrol then split and bypassed the vehicle and repeated the same steps from the front of the vehicle. No response was given by the occupant. At that time, [ ], gave the command to fire into the grill of the vehicle. The occupant of the vehicle, a local national male aged 22 years old by the name of Ali Salem Gaber, screamed out in pain. He was shot in both legs. First aid was rendered and a medevac was called. The Mr. Gaber later died of his wounds.

After reading the initial statements collected at the time of the incident, I had the following concerns:

1. Were the Rules of engagement followed?
2. Were the Rules of Engagement clear?
3. Had adequate warning been given to the occupant of the vehicle?
4. What made the vehicle suspicious?
5. Did the troops involved in the incident have the equipment necessary to carry out the mission?
6. Was adequate, timely medical attention given to the local national?

Answers to the above questions follow:

1. The Rules of Engagement were followed.
2. Yes, they only concern I have was at the time, a portion of them were verbal. But now they are written.
3. Yes, very clear.
4. Yes, the vehicle was in a place where there had been numerous VBIED and / or IEDs. It was also past curfew.
5. No, they did not have a bullhorn at the time and the standoff distance of two hundred meters is a considerable distance to expect an occupant of a vehicle to hear a verbal warning. Since then, Bull horns have been issued to the troops.
6. Yes, adequate timely medical attention was given to the local national.

SECTION V - RECOMMENDATIONS (para 3-11, AR 15-6)

In view of the above findings, the (investigating officer) (board) recommends:

I find no wrongdoing on the part of the platoon or their command involved in this incident. I recommend no punitive actions against any member of the parties involved.
SECTION VI - AUTHENTICATION (para 3-17, AR 15-6)

THIS REPORT OF PROCEEDINGS IS COMPLETE AND ACCURATE. (If any voting member or the recorder fails to sign here or in Section VII below, indicate the reason in the space where his signature should appear.)

6. ORGANIZATION OR ADDRESS

ACE TROOP, TF 2/11 ACR, 155 BCT, NC 24 FOB KALSU, IRAQ, APO-AE 09325

9. _______________ WANT TO MAKE THE FOLLOWING STATEMENT UNDER OATH:

Prior to the shooting incident of 19 May 2005 involving 3rd Platoon of Ace Troop, TF 2/11 ACR, I had multiple conversations with Intelligence Officer, TF 2/11 ACR) about the increase of VBIEDs in the AO (area of operations). These conversations culminated after the deaths of CPTs Harting and Franks on 29 April 2005 in Diyara when they encountered a VBIED on Route Cleveland. My thoughts at that time were something like this: (1) The S-2 is telling us that AIF are starting to use VBIEDs much more often than traditional IEDs given their increased effectiveness. (2) The Commander mandating that we must protect ourselves within the limit of the ROE given the AIF knowledge of our existing TTPs. (3) My assessment that AIF were using “honey-pot” or “salt-loaf” techniques to condition soldiers into ignoring disabled and abandoned vehicles along routes within the AO by parking / placing vehicles (and, we later discovered, trash) in “innocent” situations day after day, thereby reducing the level of danger that soldiers feel when in those situations (increasing the likelihood that complacency will set in, making for “softer” targets while on patrol).

Subsequent to the deaths of CPTs Harting and Franks, I sat down with [Intelligence Officer, TF 2/11 ACR] to discuss the new TTP that needed to be adopted by soldiers to protect themselves against both the VBIED itself, and also reduce the AIF capability to place those “honey-pots” in the AO. As our conversations progressed, we identified that AIF had been watching CF in the AO, and had identified a weakness that they were exploiting. Namely, that soldiers were getting much too close to disabled / abandoned vehicles while on patrol, thereby giving the AIF a clear opportunity to employ both stationary and suicide VBIEDs. This TTP would deal mostly with our reaction to a stationary vehicle that was identified as a possible VBIED, but also included steps to prevent their placement, and to ensure that through our IO (information operations) we informed the public that parking / abandoning vehicles along roads would not be tolerated.

The TTP, as briefed to my Platoon Leaders, Platoon Sergeants, XO, ISG, was as follows: (1) No vehicles were to be parked / abandoned along roads in the AO. (2) Leaders will inform Sheiks, Police Officers, and any people that they encounter that parked / abandoned vehicles will be destroyed if they are not moved / recovered in a timely manner. (3) If a vehicle is broken down they have 10 minutes to fix, tow, or push off the road; if a vehicle is abandoned without an owner / operator there to speak for the vehicle, we will attempt to notify the owner and then conduct escalation of force based on the assumption that it is a VBIED. (3) That soldiers were not to approach parked / abandoned vehicles given the VBIED threat in the AO unless the vehicle operator is searched and they (the Iraqi operator) open all doors / trunk / hood of vehicle. (4) That soldiers are to err on the side of personal safety at all times, IAW the “right to self protection” of the ROE.

Following my brief to the Troop leadership, we spoke through several scenarios that dealt with possible VBIEDs, to include the blast that killed CPTs Harting and Franks. Everyone acknowledged their understanding of the TTP, and there was no further discussion at that time.

On the morning of 19 May 2005, I was informed by [Intelligence Officer, TF 2/11 ACR] that a shooting had occurred on route Christie during the night, and that 3rd Platoon (in the person of SPC Estrada) was involved. The initial report that I received was that an abandoned vehicle had been found while on patrol, and that they had investigated the vehicle as best they could using white-light handheld spotlights. Unable to identify an operator, and realizing that a vehicle parked in that area was unusual, they had conducted an investigation that included additional warning shots fired from the front of the vehicle, again without results, and finally with shots fired into the grills of the vehicle. Upon all of this, they immediately rendered first aid, but were unable to save the Iraqi man.

9. STATEMENT (Continued)

Subsequent to this incident, we (the Troop leadership) have spoken of this TTP multiple times, and worked with the TF 2/11 ACR S-2 and S-3 to see if any improvement could be made. Approximately four (4) days later, the TF S-4 provided all units with loudspeakers (hand-held "bullhorns") and the TF S-3 provided a written TTP of VBIED procedures.

The only steps covered in the new TTP are as follows: (1) Shooting the glass of the vehicle to expose anyone who may be hiding, and to give them a further opportunity to reveal themselves, (2) Using the loudspeakers that were issued after this incident to call on the person to show themselves, (3) Throwing a "flash-bang" grenade under the vehicle to signal to the vehicle occupant. Otherwise, the published TTP matches the steps executed by 3rd platoon.

Of note, when considering the actions of these soldiers, is the current addition to the BOLO (be on the look-out) list of 28 May 2005. There are nineteen (19) new vehicles listed as either VBIEDs or "possibly used as VBIED." Remembering that this is IN ADDITION to the normal BOLO list, it is no wonder that soldiers expect every vehicle parked along the road to be a threat.

9. I WANT TO MAKE THE FOLLOWING STATEMENT UNDER OATH:

At about 0145, during our patrol of Christy, we identified a red truck parked alongside the road. My TC instructed me to park at a standoff distance of about 200 meters behind the truck. My TC instructed my gunner, , to shine the spotlight on the truck to check for occupants in or around the vehicle. We found none. He then instructed me to fire rounds behind the vehicle. Still nothing. Then he told me to fire to the side of the vehicle and we saw nothing. Then he told me to fire at the back right tire, and still no one came out, screamed, yelled, nothing, or gave any indication that there was an occupant to the vehicle. So we swung around to the front of the vehicle to a good standoff distance of 200 meters. I instructed my gunner to fire an aimed warning shot at the left side of the truck. Still nothing. Then my TC told my gunner to fire into the engine block. I fired about 10 rounds into the engine. After he stopped, we approached the truck. Iraqi male, with early to mid 20's, with badly injured legs. He was then medevaced and the vehicle was searched and towed, no contraband found.

9. I, , WANT TO MAKE THE FOLLOWING STATEMENT UNDER OATH:

   On May 19, 2005, 0130 hours, elements of 3rd Platoon and myself were heading west on Route Chirly on patrol. We had come across an orange cargo truck and stopped 200 meters east of the truck. I proceeded to fire warning shots 10 meters from the truck. I had thought the truck could have been a VBED. After the shots were fired, there was no response from the truck. I then proceeded to fire shots to the rear bed of the truck. Still no response from the truck.

   Stopped firing. Third Platoon and myself continued cautiously to the front of the truck 200 meters away. Again fired warning shots 10 meters away from the truck. Again no response from the truck. Then proceeded to disable the truck by firing into the right side of the engine block. After the rounds were fired, we had heard a moaning from the truck. We next approached the cab of the truck to see an Iraqi had been on the floor of the cab. Immediately we tried to open the doors but they were jammed. After 5 minutes we had opened the door and my self pulled the patient out and laid him down. We put the patient on a litter and carried him to the front of the headlights. I began administering IVs to the patient's right arm. After the IVs were infused, I administered CPR to the patient. It was successful. I assisted in CPR until the patient was dead.

I WANT TO MAKE THE FOLLOWING STATEMENT UNDER OATH: Our patrol came across a vehicle parked on the side of I-85 Christy. So we followed our possible US60 steps. We checked it with the spotlight, fired aimed warning shots, and then fired at the rear of the vehicle. No one ever came out or anything to signal us. We approached the front of the vehicle inspected it with the spotlight. Then we fired warning shots. Then after no response whatsoever, we fired into the engine block. Following that we heard someone moaning and screaming. We found an Iraq make shot in the legs, we immediately had paramedic and medical teams. We did everything we could for the casualty.

I WANT TO MAKE THE FOLLOWING STATEMENT UNDER OATH:

1. The vehicle was parked on the side of the road after curfew at about one A.M. No one was around to claim the vehicle. It was not on the BOLO list.

2. We looked at and around the vehicle for any personnel. We then shined the spotlight for a better look. We yelled to see if anyone would come out. We fired warning shots. We waited and no one came out. Then we fired at the rear right tire and no one came out. Then we went to the front of the vehicle and performed the same steps. Finally, we fired into the engine block. Our PST is to destroy uninhabited vehicles on the side of the road.

3. Verbally given to us by our PST in a platoon meeting.
