23 October 2005

MEMORANDUM THRU Commander, 1st Squadron, 71st Cavalry, 1st BCT, 10th MTN DIV,
Camp Liberty, Iraq

FOR Commander, 1st BCT, 10th MTN DIV, Iraq

SUBJECT: AR 15-6 Informal Investigation Concerning the Shooting and Death of a Local
National (LN)

1. On 18 October 2005, I was appointed as the AR 15-6 Investigating Officer (IO) for the events
surrounding the shooting of a LN which resulted in the death of one LN. I have conducted a
thorough investigation of the circumstances surrounding this incident. My observations,
conclusions are provided in the following format: facts, findings, and recommendations.

2. FACTS

a. The following paragraph is a summation of the sequence of events as stated by CPL
in Enclosures E, F and G. On 16 October 2005, an off duty Iraqi
Soldier with 1st BN, 1st BDE, 6th IAD was traveling on \( (01) \) in the \( (02) \) area dinner
with his fiancé, traveling in a white 1994 Toyota Corolla. The incident occurred at
approximately 161750CCT05 (see enclosure A, Commander’s Incident Report). CPL \( (03) \)
was on pass from the IA following 18 days of straight duty. He was accompanied by his fiancé,
\( (04) \) was parked outside of the \( (05) \) Restaurant on \( (01) \). After purchasing food to go, CPL \( (06) \) returned to his car,
igniting his directional lights. As he began to pull forward onto the road, a single shot was
fired. A single round entered into the trunk of the car on the passenger side. The round
continued through the trunk, entering into the passenger compartment of the vehicle, passing
through the rear seat, fragmenting as it entered the front passenger side seat. The round entered
the lower left portion of \( (07) \) striking the windshield before stopping. Immediately after the shot, CPL \( (08) \) stated two HMMWVs
passed him, shining a bright light into the car as they did so. The only detail he could identify on
the vehicles was two traffic cones on the back of the vehicle. The vehicles made no attempt to
stop. After the HMMWVs were 50 meters further down the road, CPL \( (09) \) began moving
again to take the victim to the hospital. His route kept him in sight of the HMMWVs until they
turned into the Gate to \( (10) \) CPL \( (11) \) then proceeded to \( (12) \) Hospital where
was pronounced dead at 161830CCT05.
SUBJECT: 15-6 Informal Investigation Concerning the Shooting and Death of a Local National

b. Throughout the questioning and review of the sworn statement, it is clear CPL [redacted] through working with the US Forces, had a clear understanding of US vehicles, ROE, and procedures for escalation of force. At no time did CPL [redacted] receive any indication of an American’s intent to fire. There were no identified audio or visual warnings prior to the shot being fired.

c. CPL [redacted] brought the car to [redacted] where it was brought to the attention of B TRP, 1-71 CAV, who are tasked as the 1st BN, 1st BDE, 6th IAD MiTT Advisors. ILT [redacted] was the officer on site, taking photographs and initial statements. In the process of taking statements and photos (Enclosure B), an Iraqi Soldier found the fragmented front half of what appears to be a US .50 Caliber Round. (Enclosure C). The initial entry point of the round and trajectory as shown in Enclosure B clearly indicates a direct fired shot from an elevated position.

d. Upon initial report of the incident, the [redacted] began preliminary inquiries, identifying and contacting units operating and traveling in vicinity of [redacted]. The Investigating Officer contacted all identified elements and solicited Sworn Statements in reference to movements in vicinity of the incident. No identified unit reported any discharges of weapons, either intentional or negligent on 16 OCT. (Enclosures J-W)

e. On 22 OCT the Investigating Officer along with a Category I OSD Level interpreter, questioned restaurant owners and employees along [redacted] which consists of a collection of open air establishments. No one interviewed was aware of any incident occurring on [redacted] on the 16th of OCT or any other time since the arrival of coalition forces. (Enclosure H)

3. FINDINGS. Upon review of duty logs and sworn statements by units operating in the [redacted] area on 16 OCT 05, I find the incident did not involve a 1-71 CAV Soldier. I do not believe that any 1/10 Patrol was involved, based on sworn statements by 1-87 IN, and that the known 1-87 IN patrols did not mount .50 Caliber weapons. Based on the round fragment found in the vehicle and the testimony of CPL [redacted] it is conclusive that the death of [redacted] was caused by a US weapon system, yet the multitude of units passing through [redacted] without coordination on a daily basis makes it impossible to conclusively determine the responsible party at this time.
