I, [REDACTED] - 6, WANT TO MAKE THE FOLLOWING STATEMENT UNDER OATH:

At approximately 0600 on 20060308, we left the U.N. Compound en route to FOB LOYALTY to pick up morning chow for the platoon. As we approached [REDACTED], we crossed over the median to enter FOB LOYALTY. My Bradley was the trail vehicle. As my Bradley started to cross over the median, I heard my driver, [REDACTED], come over internal comms shouting "Oh shit, oh shit." Immediately following was my B.C. [REDACTED] coming over the net, [REDACTED]. Over the net I then heard [REDACTED] the B.C. for the lead track come over the net, "I know I know. I was shouting at him to stop. I flashed my lights at him, we started to slow down, but we couldn't stop in time." At this time, we stopped, had dismounts exit the vehicles and secure the area. The lead track then proceeded into FOB Loyalty to get further assistance. The Medic, [REDACTED], immediately assessed the situation and began efforts to extract the body in order to perform first aid. The Iraqi Police showed up shortly after along with several of our own elements and began extracting the body. By the time they got the body out of his car he was dead. The body was taken away, the car moved and we left.

9. [REDACTED] G, WANT TO MAKE THE FOLLOWING STATEMENT UNDER OATH:

We left the U.N. compound at 0600 this morning en route to F.O.B. Loyalty to pick up the morning chow as usual. We crossed the median at the usual spot right outside of the U.N. compound and continued on to Loyalty. We made the usual right turn at the edge of Loyalty. I am unaware of the street names at the intersection, and headed towards the gate. We again crossed the median at the usual spot but I felt a larger bump at around 0605. I couldn't see what had happened because I was sitting in the back of the Bradley. I had no idea that we had hit a vehicle because it didn't feel like anything more than a large rock. The ramp dropped and we were told to dismount and pull security. As I dismounted the Bradley I noticed that there was a crushed vehicle in the middle of the street. I wasn't sure if we had run it over or if there was anyone in the car if we did run it over. I waited until the scene was secure and I ran over to the car to check for potential casualties. When I arrived at the car I noticed that there was a man crushed in between the roof of the car, the front seat, and the steering wheel and dashboard. He was still alive and I immediately began to administer first aid to the best of my ability. I couldn't do much because the car was completely crushed around the man and we didn't have any extraction equipment. My medical report follows:

G- [REDACTED] passed away at 0635 due to massive trauma caused by a vehicular accident at F.O.B. Loyalty [REDACTED] 2

Time of Accident was 0605.

G- [REDACTED] survived initial accident but died shortly after due to breathing complications and presumed massive internal damage. I could not reach the patient well enough to administer rescue breathing, CPR, or get a proper patient assessment. There was no extraction equipment available but several soldiers tried their best to extract the patient using axes and tanker bars but were unsuccessful in doing so. The IP's eventually brought the jaws of life and extracted Rshak, but at the time he had been dead for about 45 minutes.
