MEMORANDUM FOR Assistant Division Commander - Support, Multi-National Division-Baghdad, Camp Liberty, Iraq 09344-3029

SUBJECT: Legal Review of AR 15-6 Investigation – Escalation of Force Incident Occurring on 10 July 2006

1. I have reviewed the above-referenced investigation and find that the Soldiers’ actions, which ultimately led to the shooting death of a local national on the night of 10 July 2006, were in accordance with the ROE. The Soldiers involved were searching a building for suspected kidnappers when several local national males were cleared out of the building. One of the local nationals then turned on the Soldier guiding him to the side of the building and committed a hostile act when he tried to forcibly take the Soldier’s weapon. The local national was only prevented from taking the weapon because it was snap-linked to the Soldier’s IBA. The local national then ran away from the Soldiers down an alley. The local national disobeyed repeated orders in Arabic to stop, a warning shot, and a nonlethal round fired at his abdomen. SPC Innes then tried to stop the local national by shooting him in the leg. Unfortunately, the shot caused excessive bleeding and the local national bled to death.

2. I recommend that the investigating officer’s findings and recommendations be approved with the following exceptions/ substitutions:

   a. The element involved will conduct EOF refresher training and recertification IAW MNC-I

   b. A CERP condolence payment will be made to the family of the deceased local national IAW MNC-I

SECTION IV - FINDINGS (para 3-10, AR 15-6)

The investigating officer, having carefully considered the evidence, finds:

a. What activity was the unit engaged in when the escalation of force occurred? What were the facts and circumstances that led to the escalation of force?

1. On 10 July 2006, HHR 4-320th FAR was given a mission to conduct a cordon and search of 3 objectives in the district of Zaphynia to search for a 10-14 year old female who was allegedly abducted and raped by local national males (Exhibits 1, 2, 3, 4). The mission derived from a tip the 4-320th S2 received while attending a local District Advisory Council (DAC) meeting. The commander of HHR 4-320th FAR, planning the mission by task organizing 3 four-man assault teams to conduct a cordon and search of the 3 objectives (Exhibit 1), one team comprised of [redacted] team leader), [redacted] and [redacted] arrived at the target location and conducted a search of Objective C that included searching the structures in that area with nothing significant to report at that location. Upon clearing the objective the 4 man team moved north through a wooded area looking for a weapons cache and making their way towards Objective A.

2. Upon arriving at the road in front of Objective A, [redacted] was detected by 2 local national males who promptly entered a building that was later identified as a billiard room (Exhibit 4). [redacted] ordered his team to that location because of the suspicious nature of the local nationals and proceeded to clear the room of the local nationals. [redacted] cleared the room with only himself and [redacted] because of the small size of the room. [redacted] and [redacted] remained outside to control the exiting local nationals. While exiting the billiard room a few local nationals attempted to flee the scene to include a male later identified as [redacted]. In his attempt to flee, the local national was interdicted by SPC Law when the LN grabbed the muzzle of SPC Law’s weapon in an attempt to wrestle it from his possession (exhibits 3, 4, 5, 11, 12, 13, 14) before disengaging and fleeing the scene through an alley adjacent to the billiard room. The LN was unable to disarm [redacted] because of his resistance and the weapon was “snapped” to his IBA (Exhibit 13). The assault team pursued the local national into the alley yelling in Arabic for the LN to stop (exhibits 3, 4, 5). When the LN refused to stop [redacted] fired a warning shot that struck a large bus that was parked in the alley followed immediately afterwards by a non-lethal round that was fired by [redacted] (exhibits 3, 4, 5, 6). The non-lethal round struck the LN in the lower abdomen but the LN continued to flee the scene. After the first two shots were fired [redacted] fired a disabling shot at the LN which struck him in the leg. The LN collapsed to the ground and was approached by the team who subsequently called for a medic and pulled security. [redacted] approached the scene with [redacted] and [redacted] and instructed the team to continue their mission in the target area. A medic arrived on the scene to perform aid on the LN but was not able to sustain his life.

b. Did the escalation of force comply with the Rules of Engagement? The EoF did not fully comply with the MND-B ROE dated 2 July06 (Exhibit 7) because the soldier fired a disabling shot that is not authorized when engaging dismounted enemy. Only lethal shots are authorized. The LN did, however, commit a hostile act by using force while attempting to disarm [redacted] and the attack team was able to maintain PDP with the LN throughout the EoF procedures. The LN made no attempt to surrender after committing the hostile act and continued to flee despite EoF procedures taken to try and detain the LN (Exhibit 8).

c. Was the escalation of force appropriate given the facts and circumstances? Yes. The soldiers of the assault team shouted in Arabic (which was demonstrated to me during the interviews), showed intent to use their weapons by aiming the weapon at the LN in a shooters position, shot a non-lethal and warning shot at the LN and finally rendering an aimed shot delivered by [redacted] that fatally injured the LN. The EoF was technically executed in the wrong order because a warning shot was fired prior to the non-lethal round but this is acceptable because [redacted] did not possess a non-lethal round and performed the next step in the EoF which was to fire a warning shot.

SECTION V - RECOMMENDATIONS (para 3-11, AR 15-6)

In view of the above findings, the (investigating officer)(board) recommends:

The actions taken by the assault team were IAW the EoF and ROE training they have received and discuss prior to going out on each mission. 4-320th FAR is currently conducting ROE refresher training for the entire Battalion IAW RCT FRAGO. Training should highlight that a disabling shot is only intended for vehicles (Exhibit 9) because each soldier interviewed described [redacted] shot as a disabling shot. No further training or corrective action is required based upon current ongoing training. Sustain EoF and ROE briefings that occur prior to each mission conducted by this unit.
This report of proceedings is complete and accurate. (If any voting member or the recorder fails to sign here or in Section VII below, indicate the reason in the space where his signature should appear.)

Section VII - Minority Report (para 3-13, AR 15-6)

To the extent indicated in Inclosure ___, the undersigned do(e)s not concur in the findings and recommendations of the board. (In the Inclosure, identify by number each finding and/or recommendation to which the dissenting member(s) do(e)s not concur. State the reasons for disagreement. Additional/substitute findings and/or recommendations may be included in the Inclosure.)

Section VIII - Action by Appointing Authority (para 3-3, AR 15-6)

The findings and recommendations of the (investigating officer) have(e) been ___ (approved) (disapproved) (approved with following exceptions/substitutions). (If the appointing authority returns the proceedings to the investigating officer or board for further proceedings or corrective action, attach that correspondence (or a summary, if oral) as a numbered inclosure.)

I approve the findings and recommendations that this action was within the ROE. I remand all other recommendations to the BDE CDR to take action as he deems appropriate.

MEMORANDUM FOR Commander, 506th Regimental Combat Team

SUBJECT: Investigating Officer's Report -- Escalation of Force Occurring 10 JUL 06

1. Pursuant to AR 15-6, I have conducted an informal investigation into the escalation of force incident involving [REDACTED] of HHB, 4-320th Field Artillery Regiment, that occurred on the evening of 10 July 2006. My findings are as follows:

a. What activity was the unit engaged in when the escalation of force occurred? What were the facts and circumstances that led to the escalation of force?

1. On 10 July 2006, HHB 4-320th FAR was given a mission to conduct a cordon and search of 3 objectives in [REDACTED] to search for a 10-14 year old female who was allegedly abducted and raped by local national males (Exhibits 1, 2, 3, 4). The mission derived from a tip the 4-320th S2 received while attending a local District Advisory Council (DAC) meeting. [REDACTED], commander of HHB 4-320th FAR, planned the mission by task organizing 3 four-man assault teams to conduct a cordon and search of the 3 objectives (Exhibit 1). One team comprised of [REDACTED] (team leader), [REDACTED] and [REDACTED] arrived at the target location and conducted a search of Objective C that included searching the structures in that area with nothing significant to report at that location. Upon clearing the objective the 4 man team moved north through a wooded area looking for a weapons cache and making their way towards Objective A.

2. Upon arriving at the road in front of Objective A, [REDACTED] was detected by 2 local national males who promptly entered an established that was later identified as a billiard room (Exhibit 4). [REDACTED] ordered his team to that location because of the suspicious nature of the local nationals and proceeded to clear the room of the local nationals. [REDACTED] cleared the room with only himself and [REDACTED] because of the small size of the room. [REDACTED] and [REDACTED] remained outside to control the exiting local nationals. While exiting the billiard room a few local nationals attempted to flee the scene to include a male later identified as [REDACTED]. In his attempt to flee, the local national was interdicted by [REDACTED] when the LN grabbed the muzzle of [REDACTED]'s weapon in an attempt to wrestle it from his possession (exhibits 3, 4, 5, 11, 12, 13, 14) before disengaging and fleeing the scene through an alley adjacent to the billiard room. The LN was unable to disarm [REDACTED] because of his resistance and because the weapon was "snaplinked" to his IBA (exhibit 13). The assault team pursued the local national into the alley yelling in Arabic for the LN to stop (exhibits 3, 4, 5). When the LN refused

To stop [Redacted] fired a warning shot that struck a large bus that was parked in the alley followed immediately afterwards by a non-lethal round that was fired by [Redacted] (exhibits 3,4,5,6). The non-lethal round struck the LN in the lower abdomen but the LN continued to flee the scene. After the first two shots were fired [Redacted] fired a disabling shot at the LN which struck him in the leg. The LN collapsed to the ground and was approached by the team who subsequently called for a medic and pulled security. [Redacted] approached the scene with [Redacted] and instructed the team to continue their mission in the target area. A medic arrived on the scene to perform aid on the LN but was not able to sustain his life.

b. Did the escalation of force comply with the Rules of Engagement: The EOF did not fully comply with the MND-B ROE dated 2 July 06 (exhibit 7) because the soldier fired a disabling shot that is not authorized when engaging dismounted enemy. Only lethal shots are authorized. The LN did, however, commit a hostile act by using force while attempting to disarm and the attack team was able to maintain PID with the LN throughout the EOF procedures. The LN made no attempt to surrender after committing the hostile act and continued to flee despite EOF procedures taken to try and detain the LN (exhibit 8).

c. Was the escalation of force appropriate given the facts and circumstances: Yes. The soldiers of the assault team shouted in Arabic (which was demonstrated to me during the interviews), showed intent to use their weapons by aiming the weapon at the LN in a shooters position, shot a non-lethal and warning shot at the LN and finally rendering an aimed shot delivered by [Redacted] that fatally injured the LN. The EOF was technically executed in the wrong order because a warning shot was fired prior to the non-lethal round but this is acceptable because S[Redacted] did not possess a non-lethal round and performed the next step in the EOF which was to fire a warning shot.

d. What is the name and address of the local national that was killed? Who is the local national’s next of kin? With help of the Iraqi Police, [Redacted] identified the LN as [Redacted] who lived a few hundred meters down the street from the objective (exhibit 2). The IPs helped [Redacted] provide a claims card for the family and instructions on how to use the card. Names of the next of kin and a street address are not available.

e. What, if any, corrective actions, training, or changes to procedures should be made in light of this incident? The actions taken by the assault team were IAW the EOF and ROE training they have received and discuss prior to going out on each mission. 4-320th FAR is currently conducting ROE refresher training for the entire Battalion IAW RCT FRAGO. Training should highlight that a disabling shot is only intended for vehicles (exhibit 9) because each soldier interviewed described [Redacted] shot as a disabling shot. No further training or corrective action is required based upon current ongoing training. Sustain EOF and ROE briefings that occur prior to each mission conducted by this unit.

[Map and notes related to the events described]
On 18 July 2006 my battery was given a mission to conduct a cordon and search of 3 farm houses in [redacted]. I received the WARD at approx 1900 and issue my OPORD at 1945. I tasked my HHC QRF platoon as the assault element, which tasked organized into three 4 man assault teams each responsible for a specific target house. I tasked my G/101st QRF platoon as the support element, in charge of the inner cordon, SPW collection and CASEVAC. The objective area was comprised of 3 target houses and a large field between them. I had coordinated with the acting A/4-32BP commander to have the IA potential with us currently using that night (or a separate mission) meet me at my objective to establish the outer cordon.

At 2330 the assault platoon SPW followed by the support platoon at 0000. I was located with the support platoon. The assault platoon began their infiltration at 0130 and was at their assault by five position at 0150, the support element was steady along the FTI with just to the east of the target. The assault began at approximately 0205
9. STATEMENT (Continued)

The time was now 2230. The medics continued to attempt to save the boy's life, but expired at approx. 2340. I called the SITREP in to my Bn. FC who sent the SITREP to BDE. The body was moved to the center of the objective 1st medical security. IPs arrived at 2330. I had identified the man as [name redacted], who lined a few hundred meters down the street from the objective. The IP other agreed to take possession of the body and to notify his family. I gave the IP a claim card and instructions on how the family could file a claim for compensation. We departed for FOB Loyalty at 0030 and arrived at 0100.

and the support element arrived at the objective at approx. 0110. The IA element was delayed, and did not arrive until 0115. As I entered the objective area, positioned myself near the center house (EST), I observed and heard a single gun shot to my rear. Myself, the 6/801st PL and the B/811th IS (INT) went towards the sound of the shot. We approached a dark alley that had a large bus parked in it. I first encountered who told me I was shot by another. I went to and I asked "Why did you shoot the guy?" He told me that the man tried to grab his weapon and refused orders to halt with pursuit. He further stated that the man appeared to have a weapon in his hand. I called for a medic and ordered to take his team back to the TG area and continue mission. The medic, (INT), arrived and began first aid.

9. I WANT TO MAKE THE FOLLOWING STATEMENT UNDER OATH:

   We had received a warrant that we were going to search 3 houses and the surrounding area for a young girl who was being held hostage by approximately 4-5 men. We went to FOB Loyalty and proceeded to the objective. Once we arrived on the objective we searched the three target locations. We then proceeded to search the surrounding areas. After one of the houses as two members went into the home/billiard a man came out of the house as I was guiding him to the side of the home/billiard he grabbed the end of my weapon and proceeded to take control of it. Once I had pushed him off he ran down the alley way after being instructed to stop one member of the stack team shot a controlled warning shot in the ground. The subject still proceeded to run. Shortly after the warning shot was shot a non-lethal round and the subject still proceeded to run. Then shot a disabling shot after which I went back to the other side of the billiard to assist in the detainment of the individuals that were in the home.

I, want to make the following statement under oath:

The mission started with the gathering of the assault teams before we crossed through the field on our way to the main three objectives. Once gathered at the edge of the road we split up and started our assault on the A, B, C objectives. We cleared these objectives and got further guidance to clear past the objectives up the road. Our assault team immediately moved to the pool hall and started to clear it. In the process of clearing it one of the men grabbed a new weapon which brought on a brief struggle. The man started running away when we were getting him.

C fired a warning shot and we continued to yell stop. - C fired a non-lethal 203 round and hit the man running away. We continued to yell stop and I fired a round to disable. The man went down and we immediately yelled for a medic. Spec Joseph came over to the men very quickly and started treatment. We were moved and given the order to continue clearing down the road past the pool hall which we started within a few minutes. NOTHING FOLLOWS
