MEMORANDUM FOR RECORD

1. Findings

that SGT [REDACTED], Ranger Platoon (Eagle), OPCON to 70th Engineer Battalion, did on or around 062145 May 2005 shoot an Iraqi local national, [REDACTED], later died of wounds.

The Macedonian Ranger Platoon, OPCON to 70 Engineer Battalion, was conducting overwatch security on a known rocket/mortar point. The operation consisted of two (2) observation point/sniper positions (OP1 and OP2) and a Command and Control point (C2) under the leadership of 2LT [REDACTED] (see Exhibit VII – Incident Diagram). On or around 2145 SGT [REDACTED] and SGT [REDACTED], with the aid of night vision devices, identified a local national, [REDACTED], approaching their observation point/sniper position from approximately seventy-five (75) meters North in a field.

The second Macedonian observation point/sniper position East of SGT [REDACTED] and SGT [REDACTED] identified the local national approximately seventy-five (75) meters Northwest of their position. The second observation point then reported witnessing the local national collapse.
The Macedonian platoon medic then provided medical assistance to the local national. He was medevac to Taji and then to 86th Combat Support Hospital (CSH) in Talil, Iraq. According to the statement given by 2LT [redacted], the local national was purposely spitting blood on the medics and the interpreter while being treated for wounds. He may have been on drugs or suffering from some form of mental disability (see Exhibit V). This may also explain his behavior in approaching the observation point even after the verbal command and warning shots. [redacted] later died of infection to the bullet wounds in his arm and abdomen.

Questions addressed in Appointment Orders

a. What was the sequence of events that led up to the incident? This question is answered above (also see Exhibit VII – Incident Diagram).

b. Did the soldiers involved properly escalate the use of force? Both the soldiers in the vicinity of [redacted] properly escalated the use of force IAW USCENTCOM Theatre-Specific Rules of Engagement (ROE).

c. Did the patrol have Positive Identification before engaging the local national? SGT [redacted] did have positive identification of the local national and was reasonably certain that he posed a threat.

d. Did the patrol have a clearly defined Engagement (ROE)? The patrol had a clearly defined Engagement (ROE) that included warning shots, stop fire, and only then ROE for engagement.

e. What can the unit do to decrease the number of shootings involving local nationals? There is nothing that could be done in this situation to prevent the shooting of the local national with the exception of ensuring that local nationals know that if they do not follow the instructions of coalition forces, take heed to warning shots, and do not stop, they may be shot.

f. Are there any operational lessons that should be captured and disseminated? Before each mission, the Rules of Engagement should be briefed and rehearsed, so that every soldier properly escalates the use of force, and only as a last resort shoots to eliminate the threat.

g. Were there any other contributing factors that, if changed could have altered the outcome? There were no other contributing factors that could have altered the outcome.

2. The point of contact for this memorandum is the undersigned at VOIP 242-6312.

MEMORANDUM FOR CPT 1LT [REDACTED] HHC, 70th Engineer Battalion, 1st AD, APO AE 09378

SUBJECT: Appointment as Investigating Officer

1. Pursuant to AR 15-6, paragraph 2-1, you are hereby appointed as an investigating officer to investigate the shooting of a local national on 6 May 2005 by SGT [REDACTED].

2. In your investigation, use procedures under AR 15-6, Chapter 4, for an informal board of officers. All witness statements will be sworn, and you will follow the procedures in AR 15-6, paragraph 3-7e for Privacy Act statements. If the person you are interviewing states that he/she does not know anything about the allegations, prepare a sworn statement to that affect for the witness to sign. If, in the course of your investigation, you suspect a soldier has committed an offense under the UCMJ, you must advise and read him/her their rights under the UCMJ, Article 31, or the Fifth Amendment, as appropriate, prior to conducting any interview.

3. During your investigation, answer the following questions:

   a. What was the sequence of events that led up to the incident?
   b. Did the soldier involved properly escalate the use of force?
   c. Did the soldier have Positive Identification (were they reasonable certain that the object of attack was a legitimate military target) before engaging the local national?
   d. Were there any Law of War violations?
   e. What can the unit do to decrease the number of shooting involving local nationals?
   f. Are there any operational lessons that should be captured and disseminated?

EXHIBIT III
On 062200 MAY05, I was told that the Macedonian Ranger platoon, shot a male during a sniper mission. I am their liaison officer for the 70th BN Task Force and the Macedonian Rangers. I was told to meet the platoon at the TMC and get the details of the shooting. We were brought into the TMC and then escorted by our interpreter. We asked HIM questions about the shootings, but the man was uncooperative. He did not answer any questions and acted irate. While being treated by the medics, he kept spitting blood in his face and the interpreter. The man was then stabilized for the Air MEDEVAC to the Talil 86 CSA. He was moved to the FAA, while in the FAA the medics were still treating his wounds. Also, in the FAA the man continued to act out and purposely spit blood on the medics. The man's behavior suggested that he may have been on drugs or mentally challenged. His actions during the shootings and his actions during his treatment and medivac, leads me to believe that the man was mentally unstable.
