9. I, [REDACTED], WANT TO MAKE THE FOLLOWING STATEMENT UNDER OATH:

We left the U.N. compound at 0600 this morning en route to F.O.B. Loyalty to pick up the morning chow as usual. We crossed the median at the usual spot right outside of the U.N. compound and continued on to Loyalty. We made the usual right turn at the edge of Loyalty, I am unaware of the street names at the intersection, and headed towards the gate. We again crossed the median at the usual spot but I felt a larger bump at around 0605. I couldn't see what had happened because I was sitting in the back of the Bradley. I had no idea that we had hit a vehicle because it didn't feel like anything more than a large rock. The ramp dropped and we were told to dismount and pull security. As I dismounted the Bradley I noticed that there was a crushed vehicle in the middle of the street. I wasn't sure if we had run it over or if there was anyone in the car if we did run it over. I waited until the scene was secure and I ran over to the car to check for potential casualties. When I arrived at the car I noticed that there was a man crushed in between the roof of the car, the front seat, and the steering wheel and dashboard. He was still alive and I immediately began to administer first aid to the best of my ability. I couldn't do much because the car was completely crushed around the man and we didn't have any extraction equipment. My medical report follows:

Jassim Enad Rshak passed away at 0635 due to massive trauma caused by a vehicular accident at F.O.B. Loyalt checkpoint 557, [REDACTED] 58552(0)(6)

Time of Accident was 0605.

Rshak survived initial accident but died shortly after due to breathing complications and presumed massive internal damage. I could not reach the patient well enough to administer rescue breathing, CPR, or get a proper patient assessment. There was no extraction equipment available but several soldiers tried their best to extract the patient using axes and tanker bars but were unsuccessful in doing so. The IP's eventually brought the jaws of life and extracted Rshak, but at the time he had been dead for about 45 minutes.
