MEMORANDUM FOR Commander, Multi-National Division - Baghdad, Camp Liberty, APO AE 09352

SUBJECT: Recommendations – AR 15-6 Investigation Re: EOF-8-10 (1 LN KIA) – 11 Mar 06

1. I have reviewed the above described investigation and recommend approval of the findings and recommendations. The soldiers correctly applied escalation of force procedures. Of note, the individual’s uncle said he heard and understood the soldiers yelling at the individual to stop or they would shoot. The soldiers were in a known AIF area of operations. They had been directed to investigate a suspicious pile of dirt. The individual was out after curfew and began running as soon as the patrol spotted him. The patrol’s use of deadly force did not violate the ROE, and I recommend no adverse action be taken against the soldiers.

2. I endorse the IO’s recommendations for continued training, and a condolence payment. Although this was a tragedy, the locals told us that the individual had previously engaged in extremely risky behavior around Coalition Forces, and that they had warned him to stop. I believe a quick condolence payment in this case will largely mitigate the negative IO aspects of this incident.

3. My POC for this action is [REDACTED]

MEMORANDUM FOR Commander, 4BCT, 4ID (M), [REDACTED], Iraq 09348

SUBJECT: AR 15-6 Report of Investigation (Escalation of Force)

1. Purpose. The purpose of this memorandum is to provide the findings and recommendations regarding the escalation of force by A Section, 1st Platoon, A Troop, 8-10 CAV 112305MAR06 vic MB 3295 8119.

2. Summary of Incident. On 11MAR06, A/1A/8-10 CAV was conducting a patrol with three vehicles (A12, A13, and A82) along [REDACTED] and then down into [REDACTED] (EXHIBIT N). At approximately 2230, the 8-10 CAV TOC notified the Patrol Leader, [REDACTED], he needed to investigate a suspicious mound of dirt at grid [REDACTED] reported to 8-10 CAV by Cobra Mike (EXHIBIT B, N). A Red 2 patrol arrived in the vicinity of [REDACTED] at approximately 2252 (EXHIBIT P). Once in the area, the patrol approached a “Y” leading to two dirt roads running north to south (EXHIBIT B, I, N). The A82 vehicle followed the A82 vehicle. The eastern road closest to the canal while [REDACTED] takes the western road, all traveling south (EXHIBIT I, N, L). Line of sight was momentarily lost between the vehicle and the two other elements of the patrol (EXHIBIT I).

At 2309, [REDACTED] (AR 2) reported receiving small arms contact from the east vic directed in the area of his vehicle (EXHIBIT L, N, P). Small arms fire and about three personnel are seen on the edge of M895 running back east into buildings (EXHIBIT N). [REDACTED] (DRV), [REDACTED] (GNN), and [REDACTED] (MED) on A13 vehicle came to a road that turned back east and took it to link back up with the other members of the patrol when the crew observed a man approximately 100 meters away (EXHIBIT B, D, G, H). Upon seeing the A13 vehicle, the individual ducked back behind the corner of a concrete wall (EXHIBIT B, D, G, H). The A13 vehicle proceeded slowly to the corner of the wall. Upon reaching the corner of the wall, the individual shined the spotlight on the individual whereby the individual had stopped. The individual had stopped. The individual was holding the spotlight on the individual and started yelling for him to “stop” or “stop” (EXHIBIT G, H) and “stop or we will shoot” in Arabic (EXHIBIT B). At this time and [REDACTED] saw the individual carrying something in his hand that appeared to be white or light in color, round, thin and about a foot long (EXHIBITS B, C, D, E, F, G). He appeared to be tucking it under his arm as if trying to hide it (EXHIBIT H). [REDACTED] and [REDACTED] dismounted the HMMWV and began yelling for the individual to “stop” and “stop or we will shoot” several times (EXHIBITS B, D, G, H). The individual continued to run at a full sprint (EXHIBIT B). At this time and [REDACTED] fired approximately 8 demonstration/warning shot off the ground and in the air next to the individual (EXHIBIT B, H). [REDACTED] fired a couple of demonstration shots at the wall (EXHIBIT D). [REDACTED] fired 2-3 rounds before realizing it was too dangerous and continued to hold the spotlight on the individual (EXHIBIT G). The individual continued to run, he was approximately 75 meters away from the A13 crew and approximately 25 meters from rounding a corner in the wall (EXHIBIT B, D, L). At this time, [REDACTED] gave the order to take the individual down (EXHIBIT B, H). [REDACTED] and [REDACTED] fired approximately 2 disabling shots each at the individual which time he went down and did not move (EXHIBIT B, C, D, E, H). At 2307, [REDACTED] (AR2) reported to the 8-10 CAV TOC that they saw a man running away with what appeared to be a weapon. [REDACTED], [REDACTED] threw something at the patrol, they fired shots at the individual, they threw something at them, they fired on him and he went down” (EXHIBIT P). This was reported by [REDACTED], who was relaying to Squadron TOC from [REDACTED]. However, on clarification this report saying he didn’t recall saying the individual had thrown something at the vehicle, but was trying to say the individual running by the vehicle had something in his hand and might have dropped it. He was also in the middle of reporting the small arms fire directed toward vehicle and the two reports probably got mixed together (EXHIBIT Q).
also stated that there was a lot of trash in the area so it was impossible to determine what the individual might have been carrying. However, they did not find anything that posed a threat to them after searching the area (EXHIBIT Q). _____ stated that he did not know what it was or what happened to it (EXHIBIT B). _____ stated that upon search they found nothing (EXHIBIT H).

As the crew was clearing 5-25's, noticed the primer on the bottom of what he thought was a mortar round located where the individual had been standing before he had begun running (EXHIBIT H). confirmed the artillery round where the individual had been standing and ordered his crew to push forward (EXHIBIT B, H, M, P). called in a report to informing him of the details. A cordon was established using cones and signs (EXHIBIT B, M, J).

and the PSD arrived at the location at 2330 and confirmed that the suspected object was not a live UXO (EXHIBIT I, P). _____ stated that it looked like an artillery round (EXHIBIT G) and _____ stated that something appeared to be an artillery shell casing (EXHIBIT D). _____along with Red 3 confirmed the object to be dungeness, an old artillery round (EXHIBIT J, P). The body was examined and confirmed dead from a bullet wound that struck the back of the head and exited the upper right forehead (EXHIBIT H, I, J). _____ stated he walked the ground where the rounds were fired to the body and found nothing suspicious (EXHIBIT J).

along with the interpreter spoke with local nationals at the site. One local national identified that the body's name was (unknown last name). The local national said the individual was retarded and is always acting suspicious and out after curfew, even though he was told to stay inside by the neighborhood. The local national speaking said his uncle lived in the house in front of the body. The uncle called on a cell phone and told them he heard the Americans warning the individual to "stop or we shoot" at least three times and then the shooting. The uncle also told them that awhile ago the individual found an explosive device, took it home, somehow it detonated and accidentally killed two of his brothers (EXHIBIT K, J).

At 12 214MAR06, IP arrive on the scene to recover the body of the Local National (EXHIBIT M). On 12MAR06, along with a B Section patrol went back to the site and contacted the individuals brother. The brother reaffirmed the mental status of his deceased brother. He was given a 4th ID Contact Card (EXHIBIT I).

3. Findings of the Investigation. The actions of the local national combined with recent IED/AIF activity in the vicinity of _____ led to believe the local national was exhibiting hostile intent with the potential for committing hostile act (EXHIBIT C, D, F, M, O).

perceived the local national actions as hostile given that he was at the grid coordinate of a possible IED, the local national was out after curfew and was trying to evade coalition forces. believed the local national was in a "hot area, after curfew, to plant or observe coalition person(s) for the intent of hurting or killing troops, directly or indirectly" (EXHIBIT C). stated that the "person appeared to be evading us from what appeared to look as placing an IED or being the trigger man for the possible IED we were calling" (EXHIBIT E). also stated the individual "could easily take cover and proceed to do any kind of engage(ment) toward us" (EXHIBIT D).

Based on the perceived hostile intent of the individual, and his crew used proper E.O.F. and all shouted at the individual to stop in Arabic multiple times. crew did not have the ability to restrain, block access or detain the individual. Warning shots were fired by the crew members and they continued to shout at the individual to stop or they would shoot. Then disabling shots fired to remove the threat (EXHIBIT B, C, D, E, F, G, H).

4. Recommendations. Recommend all soldiers in 8-10 CAV continue to conduct refresher training utilizing scenario based training on current ROE and E.O.F. Recommend 8-10 CAV leadership continue to reinforce ROE and E.O.F criteria in patrol briefs and rehearsals prior to departure into sector. Recommend Apache Troop remain in contact with the brother of the deceased and aggressively action and monitor the status of condolences payment.

**I, [REDACTED], WANT TO MAKE THE FOLLOWING STATEMENT UNDER OATH:**

While on patrol on the evening of 11MAR06 Apx 2230 we received a message from RR/SD to check area for suspicious dirt pile. We proceeded to area from TAC North, as we got close to designated grid, we came to a 'Y' in the road. A13 (myself) proceeded right and the A12 and A25 went left as we were traveling parallel and south. We zig zagged through Jersey barrier, getting closer to designated area, we came to a road that went east and took it so to be closer to grid and link back up with other members of patrol, upon turning east, we observed a man Apx 100 meters away jump back behind the corner of a wall that ran along our southside. We proceeded forward with caution, upon reaching the corner a man jumped out and started running west, back the way we came. He had something in his hand. I do not know what it was or what happened to it.
My gunner, [redacted], began yelling "Stop, or we will shoot" in Arabic. At this time, I had dismounted the vehicle, and also proceeded to yell, for the man to stop, but he was at a full sprint. I started firing demonstration/warning shots A.P. x 8, off the ground and off the wall next to him. He just continued to run. He was approximately 20-25 meters from rounding a corner and 75 meters from us. At this time I gave the order to take down the man. He was hit and went down and did not move. I instantly gave the order to check S-25 because of the area we were in and that's how we train. At this time we discovered an artillery round was the man had been standing. I ordered my men to get the hell out of there. They pushed forward and I ran to catch up. Performed S-25. At this time we saw another man in a small building. We ordered him to halt, he did. We proceeded to clear his building. He told us he makes sure the generator stays working. We told him to stay in the building and he did. We called up the report to A12, and informed of all details and set a kerouci.
9. STATEMENT (Continued)

We then set up cones and signs for stand-off. The man shot still had not moved. At this time my vehicle lost all power and comms. Shortly after myself and myself moved to other vehicles to communicate further. At this time we linked up with RG 6 and RG 7.

Q: Did the artillery round have any determinate in your decision to use EOD? No, but it was a factor of not allowing the media back into the area.

Q: Could this artillery shell have been what he was carrying?

No, it is too large and not as manageable as what he had in his hand.
