WANT TO MAKE THE FOLLOWING STATEMENT UNDER OATH:

At approximately 1800, our convoy had turned south onto Rte. [REDACTED]. The traffic was congested and we were on the rightmost side of the merging lane when we arrived at a coalition checkpoint about 500 meters from the intersection. There was concertina wire used as a serpentine and a humvee next to the second strand. I saw a soldier laying on his side on the ground next to the wire. He was facing to the 7 o'clock along with another soldier nearby taking a knee. I immediately began scanning the same area they were facing. The [REDACTED] soldier to his knee was at the ready and alert and the soldier laying down appeared injured. There was sporadic enemy small arms fire coming from the 9 o'clock. I scanned for P.I.D. of the shooter. After one of the rounds [REDACTED] was fired at us, our element along with the checkpoint element began returning fire. I finally saw a muzzle flash coming from a top floor window of a white warehouse 3-400 meters out. I fired 5 aimed shots from my M-4 where I saw the flash before cease fire was called. At that point I was directed to take security to the 3 o'clock (west). I maintained security of that sector until we had begun movement back to camp [REDACTED].

WANT TO MAKE THE FOLLOWING STATEMENT UNDER OATH:

On 15 Mar 05 approx at 1800 Our patrol departed Camp [redacted] from the back gate leading into RTE [redacted]. We began movement on RTE [redacted] heading east into the Intersection with RTE [redacted]. Once we made the right turn into RTE [redacted] south bound we noticed that traffic was backed up for approx 300m. We managed to go around traffic and we noticed a check point which coalition forces were manning. When we got closed to the check point I noticed a US soldier laying in the ground. I ups the rear rear vehicle and the I notified the lead vehicle (SS6 [redacted]) which he was already aware of the situation. We moved into the Check Point to bring cover [redacted] and support to the personnel evaluating and treating the casualty. Once we established our 360° security soldiers of the unit in the Check Point identified movement from the area were [redacted] from where the soldier was shot from. Personnel began to suppress fire in the building. I ordered my gunner to fire the 50cal after he confirmed and identified the movement. The 50cal malfunctioned after firing 2 rounds he transitioned to his M4. While that was happening I was engaging the area with my M4. I the moved toward SS6 [redacted] vehicle were I had a better view of the building. At that time one of the soldiers from the unit in the ground fired a M203 flare round to identified the window were the gunman was at. Right then I engaged the window with a HE DP 203 round hitting right in the window. Then I launged 2 more rounds. Before my engagement we receive small arms fire from the same window were the flare was shot at and that later I engaged. At the mean time the casualty was being EVAC (ground) by his unit. I returned back to my vehicle were I made contact with the LT in charge of the the unit in the ground. They were elements of B-41 Inf. The LT asked if I could follow him with my vehicle to get closer to objective to plan and an

assault. I asked clearance from SSG [REDACTED] to follow the LT [REDACTED] to the objective. SSG [REDACTED] gave me the green light tag alone with the LT. Before we moved out of the Check Point area we establish Commo with B-141 Inf and our element. We proceeded the the building were we secured the southern portion of the building and waited for reinforcements. While we were there air support began flying overhead. After 15 minutes of waiting mp elements [REDACTED] stationed at FOB [REDACTED] showed up to rein force. Night whe I observed them coming from RTE [REDACTED] a veh. I heard shots fired from my west. I contacted SGT [REDACTED] who was at the check point to see what was happening. SGT [REDACTED] told me tha a vehicle was approaching my location from my south southeast. The were engaging the vehicle. I told SGT [REDACTED] to cease fire to avoid cross fire. The mp elements linked up with the LT and coordinated the search of the building. I was placed as medic support with the medic from the mp element. While the rest of the soldiers went in to search. 10 minutes after the search began three local nationals approached our location one them being an IP. They were saying that was a female wounded in the vehicle that was shot earlier. The medic and I instructed them to bring the casualty to our location to to render first aid. We did that because we did not have the man power to go to the location of the vehicle. The brought the female and quickly the medic and I started working on her. At first we could not see any wounds but I noticed a wound on her lower left shoulder area in the back. The medic did not felt a pulse but he kept working on her. After trying every thing he could he told me that the individual was dead. Shortly after [REDACTED] came to the scene and I briefed him with all the info I had due that the LT was still inside the building. The victims brother was driving the vehicle. I was able to collect all her and his info and passed it to [REDACTED]. The KIA was a female approx 30-40 years old. By that time the search was completed and we moved back to the Check Point area. The victim was placed in a body bag and she was picked up later on by an ambulance [REDACTED]

9. I, [REDACTED], WANT TO MAKE THE FOLLOWING STATEMENT UNDER OATH:
 At approximately 1815 hours we approached a checkpoint on South on Route [REDACTED]. As we were trying to get through traffic to get through the checkpoint when we noticed that there was a wounded soldier from the 1-41 INF laying on the ground. We immediately moved to help set up security while the 1-41 administered first aid. About five minutes after we showed up, a firefight began to break out between a sniper and all seven of the HMWV's on scene. My gunner, SPC [REDACTED], fired off five 5.56mm rounds from my M4 carbine before shifting over to rear security. The fire fight lasted about three to five minutes before it stopped. At that time, three of the 1-41 trucks left, one to begin setting up an inner cord-on while the other two took the wounded soldiers to Camp [REDACTED] by ground evac. The lieutenant from the 1-41 approached me and let me know that they were taking Sgt [REDACTED] vehicle to conduct a search of the building the sniper was hiding in. He also left their radio frequencies so we could keep in contact with them. I said "yes, sir" and passed the information on to SSG [REDACTED]. Our last two trucks maintained security and kept suppressing fire on the building until they arrived at the warehouse. At approximately 1900 hours, a red car broke through our outer perimeter and began driving towards the inner cord-on. I heard approximately five shots fired from an M-4 and then the car sped up. I then heard and saw the next six rounds fired from a SAW before the car drove behind a wall and stopped. About twenty minutes later, the same car pulled out from behind the wall and pulled up to the building. I didn't see anything after that. This all occurred on the 15th of March, 2005 while we were conducting an escort from Camp [REDACTED] to Camp [REDACTED] for the 720th MP BN XO, MAJ [REDACTED].

WANT TO MAKE THE FOLLOWING STATEMENT UNDER OATH:

On 15 March 05 at around 1800 we came out [redacted] and turned down the route and saw some civilian vehicles turning around. Then up ahead I saw a military check point. Then I told Sgt [redacted] the reason the traffic was turning around because the check point and he said no something else is going. At that point he said there was a soldier down. Then I saw all the other soldiers running and taking cover. So SSG [redacted], Sgt [redacted], and Sgt [redacted] truck put up a 360° around the area. While we set up the 260 soldiers from 1141 Infantry were returning fire. At that point we had our truck staged and someone shot a flare over the building. So my [redacted] shut 2 50 cal rounds then it jammed so he was laying down fire with his M4. I got out of the vehicle and layed down about 7 rounds then my M4 jammed. I fixed it at that point the ground medic already rolled out. Then the LT from 1141 came to my truck and said we were going to go assault the objective with them. I waited for Sgt [redacted] to get to the truck then we rolled out. After we arrived to the objective which was an old warehouse, we set outside waiting for more people. After about 10 to 15 minutes outside the warehouse [redacted] we heard gunfire then Sgt [redacted] realized that it was the group that stayed back to lay down suppressed fire. Sgt [redacted] got on the radio yelling cease fire. The firing stopped and they said a vehicle was approaching [redacted] from behind and they shot warning shots then engaged the vehicle. Twenty minutes after that happened an Iraqi guy came up saying a woman had been shot and she was over in the car. Sgt [redacted] then got a medic from the 4 trucks that came into support us. When the medic, Sgt [redacted], and I told the Iraqis to bring her over to us, we wanted to make sure they were not trying to bring [redacted]

I only saw the exit wound that was right below her left shoulder blade. The whole time she was not moving at all. Then he checked her pulse. He stated she had no pulse and told the Iraqi men he was sorry she was dead. Then Sgt. [redacted] retrieved a body bag. We put her in it. Sgt. [redacted] got her information.
