At approximately 2240 while traveling south on RTE, a vehicle attempted to pass our convoy. We blocked off the road in a stop TAP and began a search of the vehicle. Within 2-5 minutes I heard one shot followed by three others. I saw one white VWR Passat stopped against the fence along the road. I assessed what happened and called Dangle with report of shots fired. There were currently one VN wounded and receiving medical treatment. The Medic, CPL [redacted] assessed the wounded and after tending him and had him stable and breathing, we then loaded the LP into the CSS and were transporting him back to [redacted] when the LP stopped us and to the CSS to a nearby clinic. An individual approached and identified himself as the LP's father and left for the clinic.
Photos were taken of the car and individuals and four
.50 caliber were retrieved from the site. The time
we broke to come back to was approximately 2340 hrs.

Nothing follows.
