LOUISIANA PUBLIC DEFENDER BOARD

EQUAL JUSTICE FOR ALL

Bobby Jindal Judge Robert J. Burns (Ret.) James T. Dixon, Jr.
Governor Chairman State Public Defender

January 27, 2015

In 2007, 95 legislators co-authored the Louisiana Public Defender Act, in recognition of widespread problems in the quality and consistency of the State's constitutional obligations to provide legal representation to more than 200,000 of Louisiana's residents annually who cannot afford legal counsel. At the head of this crisis were issues related to insufficient revenues, lack of uniform binding standards and guidelines for client representation, and inadequate oversight and accountability. The Louisiana Public Defender Act (Act 307) dissolved all local district public defender boards and transferred supervision and oversight of the local offices to the newly created Louisiana Public Defender Board (LPDB). The policies and procedures implemented by LPDB have resulted in increased supervision and training, standards and guidelines, as well as improved client representation and outcomes.

During 2014, LPDB worked diligently to monitor the quality of client representation by observing court proceedings in more than a dozen jurisdictions and completed comprehensive site visit assessments in four Judicial District Public Defender Offices and one of the program offices. Staff drafted the Performance Standards for Criminal Defense Representation in Indigent Capital Cases, which were officially promulgated on January 20, 2015. Additionally, staff hosted numerous statewide and regional trainings, which are free for public defenders, in furtherance of the state's goal to improve the quality of representation received by indigent clients. LPDB, along with agency staff, has been closely monitoring the financial status of Louisiana's public defense system as it is expected that prior to the end of FY16 at least 25 of the state's 42 Public Defender Offices will become insolvent.

Louisiana's criminal justice system is at a crossroads. Statewide, 66% of public defense revenues are received through local funding which is based on an instable funding stream that is heavily reliant on traffic tickets and court costs. Public Defender Offices have no control over these revenue streams, their collection, or disbursement. The financial crisis that is expected within the defense community affects all members of the criminal justice community. Without sufficient resources necessary to provide the constitutionally guaranteed right to counsel, many districts will be required to begin restriction of services (public defenders offices will be required to lay off attorneys to reduce expenditures, while remaining attorneys will be forced to refuse new cases to adhere to professional and Constitutional requirements), potentially grinding the entire criminal justice system to a halt. The financial crisis faced within the defense community is simply a foreshadowing of the crisis which will face the other members of the criminal justice system in the upcoming years, and in some cases have already come to fruition – as the prosecution and judiciary also rely on user fees to fund a large portion of each agency's duties and functions.

LPDB, its district offices, and contract programs have been good stewards of public dollars implementing policies and procedures which have improved supervision, training, standards and

guidelines, and client outcomes while aiming to increase revenues and decrease expenditures. The agency welcomes the feedback and support of our criminal justice, governmental, and legislative partners as LPDB continues to develop and implement policy initiatives designed to improve the long-term viability of the state's public defense system. However, going back to the "meet, greet, and plea" systems which have resulted in Louisiana having the distinction as the Prison Capital of the World and also the highest exoneration rate per capita in the United States is not an option. In the face of this financial crisis, LPDB must require its district and program offices to reduce the number of services provided by public defenders to eliminate deficit spending while maintaining high quality representation to clients represented by public defenders.

Attached is the LPDB 2014 Annual Report chronicling developments and status of public defense in Louisiana.

Thank you.

James T. Dixon, Jr.
State Public Defender
Louisiana Public Defender Board

LPDB CY 2014 RECOMMENDATIONS FOR NEEDED

CHANGES IN THE LAW

1) Restructure of Funding Streams for the Criminal justice System

In conjunction with the Louisiana State Bar Association's 2015 Mid-Year Meeting of the House of Delegates and the passage of Resolution 8, The Louisiana Public Defender Board urges the legislature to create a legislative task force that includes representatives of the legislature, judiciary, prosecution, public defense system, law enforcement, clerks of court, and other essential stakeholders. This legislative task force should be urged and requested to study more reliable mechanisms for funding the criminal justice system and develop recommendations to ensure that all components of the criminal justice system receive adequate funding and other resources necessary to protect public safety by holding offenders accountable and effectively administering justice in Louisiana.

2) Reclassification of Misdemeanors

In conjunction with the Louisiana State Bar Association's 2015 Mid-Year Meeting of the House of Delegates and the passage of Resolution 8 and 2010 LSBA resolution, the Louisiana Public Defender Board urges the legislature to refer the study of reclassification of certain misdemeanors to the Louisiana Law Institute. In light of the cost of representation, the extensive collateral consequences of misdemeanor convictions and their impact on citizens' ability to join or remain in the workforce, reclassification of selected misdemeanors potentially could save the state millions of dollars.

3) Redefinition of "Child"

Finally, in keeping with modern Neuroscience and Child and Adolescent Development Theory, the LPDB staff recommends the legislature amend Children's Code Art. 804(1) to change the definition of a child to "any person under the age of twenty-one, including an emancipated minor, who commits a delinquent act before attaining eighteen years of age." This will raise the maximum age of juvenile court jurisdiction to eighteen years of age which is more consistent with principles of academic development.

LOUISIANA PUBLIC DEFENDER BOARD CONTRACT PROGRAMS (CY14)

Although the Louisiana Public Defender Board has a legislative mandate to provide representation in a number of areas, it does not have authority to provide direct client representation or to hire public defender staff. In order to meet the State's Constitutional duty to provide legal representation to indigent clients, the board has contracted with a number of 501(c)(3) organizations, as permitted by La. R. S. 15:147 (C) (1), to represent indigent defendants in delinquency, capital, and appellate cases where conflicts or caseload limits prevent the local district defender office from handling the case. In addition, the Board is required by La. R. S. 15:169 and 15:178 to appoint counsel for appellate and post-conviction cases in which a death sentence has been imposed at the trial level. It should be noted that each of the directors of these programs handles a caseload as well as the administrative responsibilities.

The LPDB's contracts with each program office contain provisions for monthly reporting to the LPDB and for audits by the Legislative Auditor. They also provide for performance standards enforceable by the state board, and for termination of the contracts for failure to meet board requirements. These requirements include adhering to the ethical rules of the Louisiana Supreme Court, violations of which may result in termination of the contracts.

Those programs are as follows:

Louisiana Center for Children's Rights

Formerly known as Juvenile Regional Services (JRS), the Louisiana Center for Children's Rights (LCCR) is a nonprofit law office whose mission is to "defend the right of every Louisiana child to fairness, dignity, and opportunity." - LCCR is the juvenile public defender in New Orleans, providing holistic, client-driven advocacy for more than 1,000 indigent young people in the city's juvenile justice system every year.

Statewide, LCCR works to protect and expand the right of every Louisiana child to high-quality legal representation, and advocates for a fairer, more compassionate, and genuinely rehabilitative juvenile justice system. LCCR's strategies include legislative advocacy, litigation, and training and technical assistance for Louisiana's juvenile defender community. LCCR'S Executive Director is Josh Perry.

Louisiana Appellate Project (LAP)

The Louisiana Appellate Project provides appellate representation for indigents in all non-capital felony appeals arising in all of the districts. This includes felony-grade adjudications for juveniles. All district public defender offices have contracted with LAP to supplement its staff with these appellate services. There is no cost to the district public defender for these services as it is a form of supplemental assistance provided by the state board. Jim Looney is the director who contracts with appellate attorneys around the state to handle the appeals.

Handling the appeals in non-capital cases includes work in the appellate court and, when professionally appropriate, filing for writs to the Supreme Court. It also includes specifically those cases appealed by the State, such as when a statute is declared unconstitutional.

Baton Rouge Capital Conflict Office (BRCCO)

Under the leadership of David Price, BRCCO employs the team approach to capital defense as required by the Capital Guidelines. The office includes a staff of attorneys, mitigation specialists, and private investigators which promotes cost-efficiency.

The office is currently handling cases throughout the state, in an effort to ensure that all defendants facing the death penalty are represented by counsel.

Louisiana Capital Assistance Center (LCAC)

Richard Bourke serves as director of LCAC and employs a staff of lawyers, mitigation specialists and investigators. Founded 20 years ago in its current form, this program provides leadership, mentoring, and guidance to the capital defense community. Its predecessors influenced capital representation since the early days of the restoration of the death penalty in the South.

LCAC provides direct services statewide and also provides representation in motion for new trial proceedings. This year, LCAC has taken on the new responsibility of serving as resource counsel to provisionally certified defense lawyers pursuant to Capital Defense Guideline 915(G)(2). This involves providing intensive services to lawyers across the state in over a dozen pending capital cases. This service is essential to educating, mentoring and overseeing the work of provisionally certified counsel to ensure the delivery of quality legal representation.

LCAC has also been active in East Baton Rouge Parish serving as counsel for the limited purpose of protecting the rights of persons facing the death penalty who are not otherwise represented by counsel. In addition to direct services, LCAC provides general support services to other organizations and often is able to ameliorate crises faced by counsel.

Capital Defense Project of Southeast Louisiana (CDPSELA)

Kerry Cuccia is the director of the Capital Defense Project of Southeast Louisiana. The primary responsibility of CDPSELA is to handle capital cases in Orleans Parish. Although the program was originally created to handle cases in which the Orleans Public Defender Office (OPD) was excluded because of conflicts, CDPSELA now is the first-call provider for indigent defense in capital cases in Orleans Parish.

CDPSELA also accepts cases in other jurisdictions when necessary because of conflicts or caseload limits. CDPSELA and its staff are recognized as providing representation at

the highest levels of competence. Its concentration on preliminary examination practice appears to be a primary factor in a decline in the number of first degree murder indictments in Orleans Parish. The result is that many of the cases are formally charged as lesser offenses, often second degree murder. Second degree murder cases are generally then referred to the Orleans Public Defender Office.

Capital Post Conviction Project of Louisiana (CPCPL)

This organization handles post-conviction representation of indigent defendants whose cases have progressed through the trial and appellate levels. The staff lawyers who handle cases as they become eligible have successfully represented a number of defendants whose cases were overturned for such reasons as ineffective assistance of counsel at the trial or appellate level, failure by prosecutors to disclose important evidence, newly discovered evidence of innocence, and evidence adduced as a result of junk science.

Gary Clements is the director of CPCPL and has his staff working on as many cases as ethical caseload standards permit at any particular time. The program also monitors cases in the pipeline in order to keep track of future needs and caseloads.

Capital Appeals Project (CAP)

Sarah Ottinger is the director of the Capital Appeals Project which handles all capital appeals for indigents who have been sentenced to death. Her staff includes additional attorneys who work out of their New Orleans office, as their cases automatically go to the Louisiana Supreme Court as a matter of law. This project has had several cases with national impact because of favorable decisions by the U. S. Supreme Court. Some of the cases which have been overturned were handled or are being handled in the trial court by the CAP lawyers. CAP has also agreed to handle post-conviction cases wherein CPCPL is ineligible due to conflicts. CAP acts as resource counsel to public defenders across the state.

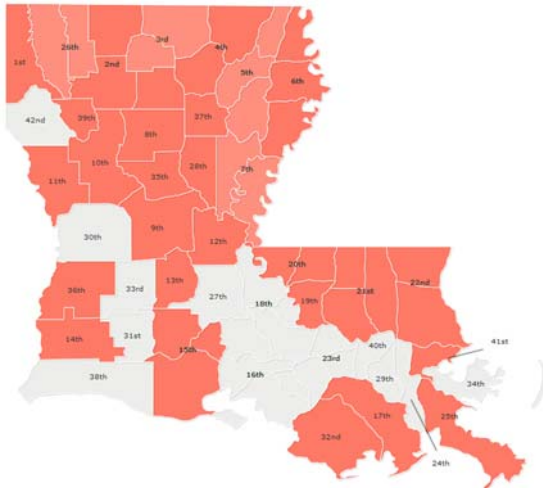

Innocence Project New Orleans (IPNO)

The Louisiana Public Defender Board has a contract for partial funding of the Innocence Project New Orleans which, since its inception, has won the freedom or exoneration of 42 wrongfully convicted Louisiana prisoners who have served a total of nearly 699 years in prison. All except two of IPNO's freed clients were sentenced to life without parole and seven were teenagers when they were wrongly arrested. IPNO has also investigated and reported on systemic problems in Orleans involving the suppression of crucial evidence by prosecutors and police. Emily Maw is the director of IPNO. The office attracts student interns from around the world and is in the forefront of Louisiana in the use of DNA evidence.

DIVISIONAL OFFICER ANNUAL SUMMARY REPORTS (CY14)

The reformation of public defense in Louisiana is an on-going process. It began with the passage of the Louisiana Public Defender Act in 2007, re-organizing an antiquated delivery system for indigent defense. The previous delivery system all too often culminated in a “meet, greet and plea” system whereby defense counsel was reduced to the role of a mere participant during a plea, rather than an advocate for the client. The Act also removed undue influence from judges, prosecutors, and local officials from the supervision of public defender offices. These shortcomings in the indigent defense system contributed to Louisiana’s dubious status of having the highest incarceration rate in the entire world.

With the Louisiana Public Defender Act, we have been able to pass new standards for the delivery of public defense. The quality of public defense has risen statewide; however, public defense remains severely underfunded. This is not a new development. We have known for some time that public defense is underfunded and have warned of a time when we could no longer avoid a collapse of the entire system. The Louisiana Public Defender Board (LPDB) has worked diligently to keep district defender offices solvent throughout the state for the past six years and, with a couple of exceptions, has been able to avoid financial failure. The map below indicates every district (in red) that has received one of various forms of emergency assistance from the LPDB since 2010 to avoid financial crisis.

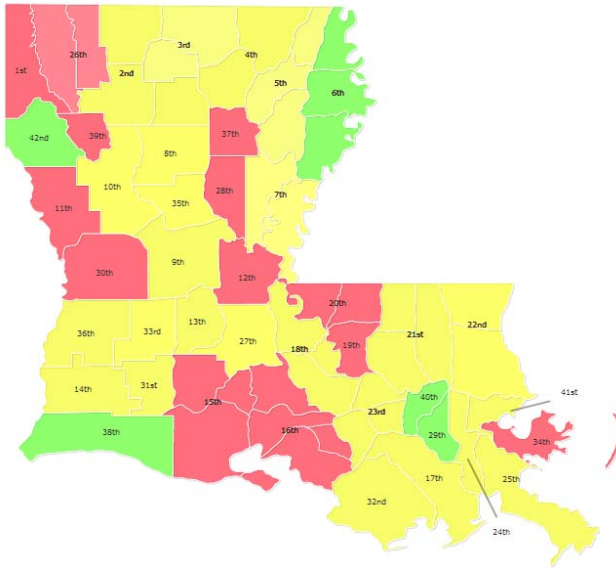

The LPDB has never had adequate funding to support a properly functioning public defense system. Further, the local funding that districts receive is unstable, unreliable, and untenable. Almost two-thirds of the funding for the Louisiana Public Defense system comes from court fees. A majority of those funds are derived from traffic tickets. LPDB has no control over traffic enforcement or prosecution. Law enforcement can unilaterally reduce traffic enforcement. Traffic cases can be diverted so that no proceeds reach the public defender in the district. These funds can be reduced by severe weather, elections and other political vagaries, judicial action, reductions in road traffic, and the lack of interstate or major highways in a particular jurisdiction. Further, district offices are entirely reliant upon their counterparts in the criminal justice system to collect and remit the fines and fees needed to operate their respective offices.

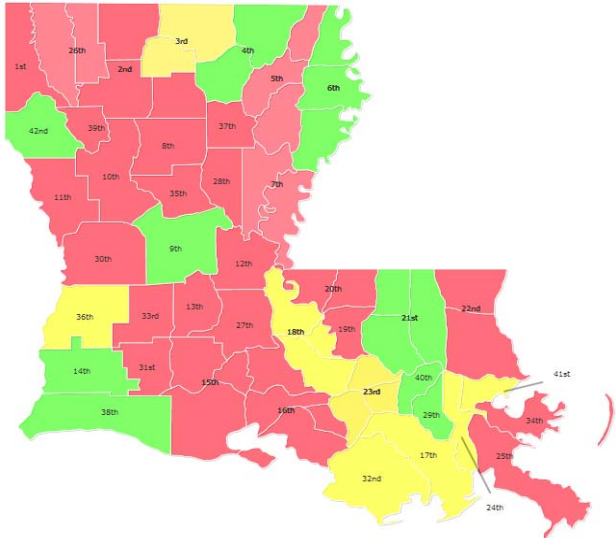

Upon assuming the position of State Public Defender during Fiscal Year 2014, I asked staff to look closely at the financial status of each and every district in Louisiana. We were able to determine

STATUTORY OFFICER ANNUAL SUMMARY REPORTS (CY14)

that a financial crisis was, indeed, imminent. While we may be able to avoid fiscal hardship in Fiscal Year 2015, the projections for fiscal year 2016 are more severe. As shown on the map below, we anticipate 14 District Public Defender Offices will face fiscal shortfalls before July 1, 2015, the beginning of the 2016 fiscal year. The map below shows, in red, the districts that will not have enough money to make it through this fiscal year. The districts in yellow will make it through the fiscal year, but are headed to eventual financial insolvency. Districts in green are solvent and accruing fund balances.

While LPDB may be able to avoid a financial crisis in the current fiscal year, FY15, we will be unable to avoid widespread financial failure in FY16. We expect to see systemic failure in the public defense system in Louisiana. We expect at least 25 of 42 district offices will lack the funds to cover their expenses during the coming fiscal year, FY16, as noted on the map below.

The Board has been actively seeking solutions to this crisis. We sought legislation to increase special court costs dedicated to public defense from \$35 to \$55. The legislature responded and approved an increase, but only to \$45. It was anticipated this would result in a 25% increase in

STATUTORY OFFICER ANNUAL SUMMARY REPORTS (CY14)

local funding and solve the financial shortfall for most, but not all districts. Due to the volatility of this funding stream, as mentioned above, the 25% expected increase in revenues did not materialize and we remained underfunded. The Board has adopted policies requiring districts to spend down fund balances to a percentage of annual expenditures. This allowed for the disbursement of available funds to districts in trouble and lacking a fund balance in order to avoid financial failure. It also developed a District Assistance Fund Adjustment Formula which withheld a portion of state funds from districts accruing funds and re-allocating those funds to districts in need. The Board has initiated policies that allow districts to keep any specially allocated money obtained from local governments in a manner that will not affect the funding received from the state. When necessary, we have initiated litigation in districts where funding was unlawfully diverted from public defense. The staff has been actively pursuing an outreach program whereby we have conducted strategic meetings to educate and discuss possible solutions with stakeholders, including but not limited to the Governor's Office, the Louisiana Supreme Court, State Senators and Representatives, Louisiana District Attorney Association, local government and judges.

Despite our best efforts, Louisiana Public Defense is facing a financial crisis. Districts throughout the state will be entering a restriction of services. These districts will not have sufficient funding to provide all of the services they have provided in the past and will be required to limit or eliminate some of those services. This could take a number of forms. Smaller districts will simply have to limit the number of cases they accept. To do otherwise would result in caseloads so high so has to render their lawyers' representation ineffective, in violation of state statutes, the state and federal constitutions, and the Louisiana Rules of Professional Responsibility. Placing a limit on the cases accepted by a Public Defender Office will result in waiting lists and leave criminal defendants unrepresented until a defender is available to take their case. This also leaves the State open to legal attack and litigation regarding right to counsel. In some larger districts, the local bar has been called upon to handle cases, pro bono. This will also lead to litigation by attorneys being asked to provide legal services without pay. All of these restriction of services plans could result in the widespread release of those incarcerated on charges for which they do not have attorney pursuant to *State v. Citizen*, 2004-1841, (La.4/1/05), 898 So.2d 325. This has become a public safety issue. We are also concerned the lack of funding for public defense could result in federal litigation and a remedy imposed by the federal courts.

Our office has established an outreach program whereby we actively seek out our partners in the criminal justice system and in state government to inform them of the upcoming crisis and to discuss possible solutions to the situation. We have contacted the Governor's Office, the Louisiana Supreme Court, State Senators and Representatives, District Attorneys, Judges, local government officials, and civic groups in an attempt to avoid this calamity. We will continue to work with all interested parties in finding a solution to protect our clients and our community.

Budget Division

LPDB is in receipt of a Byrne Jag grant from the Louisiana Commission of Law Enforcement (LCLE) in the amount of \$104,579. The original grant period was from April 1, 2014 through

STATUTORY OFFICER ANNUAL SUMMARY REPORTS (CY14)

March 31, 2015; however, since the awarding of the grant, the end date has been modified to end on June, 30, 2015. To date, all grant activities including timely and accurate submission of monthly billing have been completed. Using the LCLE grant we have contracted with an auditor, Ms. Corlis Green, and SSA consultants.

Ms. Green was contracted to assist in reviewing and evaluating district monthly financial reports and local revenue remittances and performing audit field work as needed. She has completed field reviews, reports, and exit interviews with several different districts across the state. When not in the field conducting audits and reviews, she is developing a Financial Management Handbook for use by the district public defender offices.

LPDB has entered into two contracts with SSA Consultants. One contract is to assist LPDB staff to strategically develop its Case Management System (CMS). This system will be used to collect increasingly sophisticated data to improve the quality of defense services for defenders and advocates across all districts. This system will also provide a more effective method of monitoring defense services.

The second contract with SSA Consultants is an agreement to assist the Board in strategically developing the Board's communication and outreach plans.

On Tuesday, March 11, 2014, staff attended the House Committee on Appropriations hearing for HB1 of the 2014 Regular Session. The 2015 executive budget recommendation for LPDB of \$33,821,218 was reviewed with minimal questions posed to the staff.

LPDB received the official Letter of Appropriation from the State's Office of Planning and Budget for FY 15 on July 2, 2014. The total budget for LPDB for FY 15 is \$33,821,218. This compares to the FY 14 final budget of \$33,612,948 as of June 30, 2014. The budget was loaded into the State's financial system on July 15, 2014.

The agency's annual operating budget for FY 2016 was submitted to the State of Louisiana's Office of Planning and Budget on October 15, 2014. The needs-based budget for fiscal year 2016 which begins July 1, 2015 totals \$62,165,241. This request, compared to our current budget of \$34,111,854, represents an 82% increase. Included in the request is an increase to the Louisiana Public Defender Fund in the amount of 23 million (rounded) to the districts and one million (rounded) to increase the Contract Programs expert witness fees and to fund mitigation specialists and expert witnesses in order to conform to the new Capital Performance Standards. Also requested is an increase to the Indigent Parent Representation Program Fund of approximately four million. This program has never been properly funded and we hope to employ social workers for parent attorneys statewide.

In addition to the LCLE grant, we received approval from the Joint Legislative Committee on the Budget on October 17, 2014 to add a Casey Family Grant in the amount of \$17,050, which was used to provide support to parents of children who need legal representation. It allowed the Public Defender Office in the 24th Judicial District (Jefferson Parish) to hire one part time Social Worker for 10 weeks and obtain training for their attorneys. The grant period expired December 31, 2014.

STATUTORY OFFICER ANNUAL SUMMARY REPORTS (CY14)

Compliance Division – Trial Level

The Compliance Division has not had a Trial Level Compliance Officer on staff at any time this year, despite the best efforts of the State Public Defender and staff to identify appropriate candidates. As a result, LPDB's responsibilities for monitoring compliance have been divided between other staff members.

Capital Case Coordinator Jean Faria has actively monitored capital defense around the state. There are currently 79 active capital cases in the state at the trial level, with eight cases currently on the wait-list for representation. Ms. Faria convened a team to draft and vet proposed performance standards for capital defense. The result was a comprehensive set of standards that covered staffing, investigation, trial standards, mitigation, and other aspects of capital defense. Ms. Faria was also instrumental in reforming how the Expert Witness Fund is accessed by defenders and how experts get paid for their work.

LPDB's Director of Legislative Affairs – Juvenile Justice Compliance Officer Dr. Tiffany Simpson led LPDB's effort to draft and adopt a new and more comprehensive site visit protocol. The protocol has been completed and adopted by the Board, and includes a combination of database and reporting review, court observation, file review, employee and stakeholder surveys and input, and interviews with the District Defender and district office staff. This protocol enables LPDB staff to better assess the quality of representation and cost-effectiveness of a district public defender office. In 2014, staff conducted the first four formal compliance site visits, having completed assessments of the 29th (St. Charles), 41st (Orleans), 16th (St. Martin, Iberia, and St. Mary), and 30th (Vernon) districts. Because a number of districts are at risk of going into Restriction of Services (ROS) early in 2015, staff has immediate plans to conduct a number site visits around the states using this protocol.

Deputy Public Defender-Director of Juvenile Defender Services Richard Pittman has been tasked with receiving and investigating client complaints that the Board receives from around the state.

Program Development and Resource Management Division (PDRM)

This division has a broad array of responsibilities falling under the headings of Program Development and Resource (information) Management (PDRM). Per the requirements of Act 307, the Division implemented online or otherwise automated technologies to assist district-level management with reporting on financial, personnel compensation and budget requests, as well as programs and technologies to promote local-level data-driven decision-making. Regarding Resource/Information Management, the Division produced scores of analyses most of which provided insight to financial solvency and changes in local revenues following the Act 578 (of 2012) court fee increases—not always positive changes. Many of these studies also contributed to a deeper and broader understanding of district office capacity for representation. A more detailed compilation of board meeting topics presented by the PDRM division follows.

STATUTORY OFFICER ANNUAL SUMMARY REPORTS (CY14)

Jan 7 2014

Resource Management

The PDRM Division has been preparing for the statutorily mandated annual reporting season. PDRM staff has been updating the necessary online documents and print-production templates needed for the Annual Report (district narrative, financial, and caseload templates), as well as providing assistance in answering district questions. The Division has organized and reconciled the capital expert witness fund from 2009 to the present with staff having developed a prototype of an accounting system to better track available expert witness funds for the future.

Staff continues to generate numerous ad hoc and workload reports on various topics such as caseloads and finances. Since the last board meeting, PDRM Director Dr. Erik Stilling participated in the Budget Committee meeting, weekly staff meetings, and the DDAC meeting.

Program Development

In an effort to assist districts in cleaning up their cases on the database, the PDRM Division has coordinated a batch autoclose process. Staff has encouraged all districts to update their autodormant cases, as this will provide more accurate year end case reporting. PDRM staff has contacted districts regarding the criteria in which LPDB will autoclose cases. Cases which are currently in auto-dormant status and which have not been touched (last modified) in over 2 years, will be changed to "autoclosed" and the closed date will be the last date the case was modified.

The PDRM Division is in the process of adding enhancements to the database: quantifiable sentencing data, arresting agencies, location of arrest incident, and an alert system to notify attorneys of transferable charges and to alert LPDB staff and district management of juvenile cases closed due to being transferred to adult/criminal jurisdiction.

The Division is in the final stages of development of the addition of the monthly Compensation Report to the database. Staff has been working with JusticeWorks to test the Compensation Report, create a district tutorial, and schedule district webinars. The report should be available for district use in February 2014.

Finally, staff has initiated the heat-maps on the state-level dashboards and moved the system to beta testing.

March 10, 2014

The PDRM staff produced the annual report to the Joint Legislative Committee on Budget which was submitted before deadline and subsequently published on the LPDB.LA.GOV website. The Division also completed analyses on the district by district costs of handling cases arising from correctional or detention facilities. The division produced an analysis and corresponding map of

STATUTORY OFFICER ANNUAL SUMMARY REPORTS (CY14)

capital case capacity within each district overlain with a map of the average annual number of new capital cases expected to arise within each district to establish the vulnerability of each district in the event of program budget cuts. The PDRM staff developed analyses and charts for an upcoming Louisiana Campaign for Equal Justice (LCEJ) presentation at the Louisiana Bar Association's Criminal Justice System Funding Summit. The Division also produced analyses and heat maps on the districts' changes in revenue pre-and post-Act 578 and assisted the SPD in a survey of each of the 31 districts reporting less than expected increases in revenue.

May 12 2014

The PDRM Division completed and deployed the district Monthly Compensation Report to the database which makes Louisiana the only state with attorney case activity data directly linked to attorney earnings data. PDRM staff conducted webinar trainings with representatives of all but two districts, tested programs, and wrote tutorials. The online Compensation Report provides a more efficient way for districts to meet their contractual requirement of submitting monthly reports to LPDB on all salaries, wages, professional service contract amounts or other earnings. This report also tracks whether an employee is reported by 1099 or W-2 tax form, if they receive health or retirement benefits, and their employment status (full time, mainly public defense, part time, intermittent). A new "attorney only" section tracks whether the attorney handles mostly adult or juvenile cases, has supervisory duties, and the types of work the attorney primarily performs (CINC, capital, or city court work).

Similarly, the PDRM Division developed and deployed the district pro forma budget documents to the database. PDRM staff tested programs and wrote tutorials. The new online pro forma budget system is very convenient as it retrieves numerous data fields and performs necessary calculations automatically which in years past required many hours of district time researching. This new financial management tool will make budget submission much simpler, and will help districts make well-founded estimates based on comparisons between the previous year's expended amounts and the current year's projected amounts through the new preview report included in this new technology. It will provide comparative percentages of previous and current year's budgets and permit the districts to offer the best estimate of their expenditures for the coming year. Using the preview report function, districts can test different pro forma amounts and preview and edit them before submitting their pro forma budget to LPDB.

The PDRM Division assisted in following-up with districts who were notified regarding unexpectedly low court fee remittances received since the passage of Act 578 which provides for an increase in such fees.

Resource Management

District Attorney Parity Research: In order to gather information regarding amenities received by DAs and expense-sharing practices within districts, the PDRM staff developed and distributed a DA amenities survey to districts. Staff compiled results and created corresponding graphics.

Act 578 Shortfall Study: Staff also created a survey and made follow-up phone calls regarding districts' self-identified reasons for failure of Act 578 revenues to meet the expectations of the statute in their district. In a nutshell, the reasons offered by participating districts with low revenues were *reduced police activity* (for a variety of reasons) and *increased DA diversions*. The report was produced in the form of a heat-map.

Fund Balance Depletion Study: The PDRM Division completed a district Fund Balance Depletion study by creating a document that shows districts' statewide expenditures, revenues and estimated fund balance depletions from calendar year 2010 to 2013.

Statewide Regional Conflict Panel Proposal: The Division developed a rough draft of a regional conflict office plan, with accompanying analysis and heat-map which could potentially save as much as \$1.8M annually.

Training Documents: In collaboration with the Office of Juvenile Trial-level Compliance, PDRM staff produced many analyses and graphics for the August 2014 Board training document "Unequal Justice" as well as numerous graphics and tutorials for the Budget Committee training in July.

Solvency Projections and Year End "Scour" funding: PDRM staff completed district solvency projections, and analyzed the District Assistance Fund FY15 solvency status after adjustment formula, and the DAF FY16 and FY17 adjusted and unadjusted insolvency dates. Staff assisted in determining the available year end disbursement dollar amount.

Department of Corrections cases count study: PDRM staff created a flag on the database to count every new juvenile or criminal case from the past three months that involves an incident (allegedly) caused by a client while in the physical custody of DOC/OJJ, per direction from the Board. Staff created tutorials, as well as an automatic pop-up reminders for users to identify appropriate cases for subsequent analysis. The three-month tracking will end the beginning of September and staff will compile results.

Program Development

Automated District Budget Submission Software: **Cost-savings from this software in the first year was \$10,200** (based on the value of the time saved in labor; for LPDB staff \$2,700 and \$7,500 in the 42 districts). The software provides a self-calculating "scratch pad" for districts to produce pro forma budgets well in advance of the official June budget request deadline. Software will not allow submission of the pro forma budget until fully balanced, but does allow balanced pro forma

STATUTORY OFFICER ANNUAL SUMMARY REPORTS (CY14)

data to be copied directly into the June budget request with great labor savings. Cost of the software development was less than \$3,500. Cost-savings for all subsequent years of software use is estimated to be \$10,200 plus cost of living adjustments (if any).

Time-Keeping Software: The PDRM Division created a mockup software application to improve attorney timekeeping on the database which will be used as a basis for the timekeeping database feature for a proposed time-keeping study for case-weighting.

Fee Data Security Feature: The Division implemented a new database security permission group called "Fee Edit" which carefully controls the ability of users to edit the "fee" tab of a case giving district office management the ability to allow or prohibit users' access to edit fee data (paid, unpaid, amounts, etc.) resulting in an increase of oversight and accountability.

Nov 13 2014

The PDRM Division successfully uploaded the CY14 Annual Report Survey questionnaires to the web for completion by the districts along with detailed instructions. The upload and subsequent download (data collections and compilation) processes were also tested and succeeded. Many districts have already begun filling out the questionnaire, as recommended by staff.

Staff completed three notable research projects: the DOC-OJJ representation study which determined that the number of cases that Public Defender Offices handle in lieu of Department of Corrections attorneys is negligible; the FY13 District Defender Salary Range Review; and the SCR99 Desirability, Feasibility and Practicality of Fulltime Offices (versus Contract Offices) Analysis. The DOC-OJJ study is complete, the Salary Review is complete including the re-analysis using caseload in lieu of populations; the SCR99 analyses are complete and edits to the narrative underway. The submittal deadline is January 15 2015.

PDRM Division staff produced solvency projections for the year FY16 both with and without bailouts rolling into FY16 from FY15 shortfalls. In collaboration with the Legislative Affairs Director, staff developed, produced, refined and completed analyses and corresponding full-color graphics for all 42 districts' individual Crossroads Outreach Campaign "one-pagers."

Staff also worked very closely with Legislative Fiscal Office Analyst Zach Rau to produce statistics and graphics to support his article in the Legislature's Fiscal Newsletter "Focus on the Fisc" which was very much supportive of LPDB and corroborates the Crossroads Outreach Campaign inferences and predictions.

Finally, working with the Capital Case Coordinator, the PDRM Director took preliminary steps in the case weighting workload study-timesheet project which will entail development of timekeeping compliance among PDO attorneys.

STATUTORY OFFICER ANNUAL SUMMARY REPORTS (CY14)

Juvenile Division

The Juvenile Division has been staffed by Deputy Public Defender – Director of Juvenile Defender Services (DPD-DJDS) Richard M. Pittman and Juvenile Justice Compliance Officer (JJCO) Dr. Tiffany Simpson for the entire calendar year 2014. In addition, Dr. Simpson was given the title Director of Legislative Affairs (DLA) in the middle of the year.

DPD-DJDS Pittman and DLA-JJCO Simpson have participated in a number of stakeholder groups during the year, including the Juvenile Justice Act Implementation Commission, the Task Force For the Representation of Children in Child In Need Of Care Cases, the Pelican Center Training Committee, the Children Justice Act Committee, The Court Improvement Project Advisory Committee, the Children’s Code Committee, and the Juvenile Committee of the Sentencing Commission. These organizations have produced a variety of outputs that have benefited defenders, children, and parents, including access to training, bills passed by the legislature and signed into law, and support for grant applications. Specifically these organizations had the following accomplishments:

- were instrumental in passing reform of Title VI of the Children’s Code to improve access to counsel for children and parents in Child In Need of Care cases,
- presented day-long training for CINC attorneys and stakeholders through the National Association of Counsel for Children (NACC),
- monitored and held accountable the Office of Juvenile Justice in its struggles to support reform of juvenile justice,
- promoted training on human trafficking,
- promoted best practices for forensic interviewing of alleged child abuse victims,
- supported LPDB in obtaining funding for social worker support for public defenders in Jefferson Parish,
- financially supported nearly a dozen public defenders in seeking certification as a child welfare specialist from NACC, and
- formally recommended to the legislature that they adopt a law that cloaks social workers in the indigent defense system in the attorney-client privilege.

In addition to these state-level stakeholder organizations, Mr. Pittman and Dr. Simpson have been involved in the leadership of national organizations. Mr. Pittman serves on the Advisory Committee of the Southern Juvenile Defender Center, which is looking to hold its annual Summit in New Orleans in 2015. He also serves as co-chair of the Juvenile Committee of the National Association for Public Defense and is on the Steering Committee of the same organization. The Juvenile Division has also re-organized the Juvenile Defender Advisory Council which held two meetings in 2014.

The Juvenile Division organized its annual Juvenile Defender Training (JDT) on May 14-16, 2014. Trainees attended sessions on Interviewing & Counseling the Youth Client, Juvenile Adjudicative

STATUTORY OFFICER ANNUAL SUMMARY REPORTS (CY14)

Competency, Defending Drug Cases, Storytelling as Advocacy, Advanced Child Welfare Parents Representation, Keeping Children Connected to Their Parents and Biological Families, Communicating with Clients with Intellectual Disabilities, and Client Centered Representation. A total of sixty-four (64) defenders attended these trainings. The Juvenile Division is currently busily planning next year's Juvenile Defender Training event, which will occur on January 27-29, 2015.

In addition to the annual JDT event, the Juvenile Division has organized three regionalized basic trainings in juvenile defense. These trainings were presented in Lafayette, Natchitoches, and Laplace using a combination of LPDB staff and experienced local practitioners as trainers to cover juvenile delinquency procedure, attorney ethics, and juvenile delinquency substantive law. These events were intended to provide basic training to new or infrequent juvenile defenders and to promote regional leadership in the field. A total of 28 defenders trained at these events.

DPD-DJDS Pittman became certified in the National Juvenile Defender Center's comprehensive training protocol, known as Juvenile Training Immersion Program (JTIP), a 40-course curriculum of juvenile delinquency defense training for beginning and experienced defenders alike by attending 3-day, invitation-only program in Chicago, Illinois, in July of 2014. Louisiana has four certified JTIP trainers, and JTIP trainings have been a part of the most recent JDT as well as the regional training program. DPD-DJDS Pittman also attended the annual National Juvenile Defender Center Summit in Louisville, Kentucky, in October of 2014 and the Southern Juvenile Defender Center Summit in Tupelo, Mississippi, in June of 2014. On June 11, 2014, Mr. Pittman addressed a group of foster children from the New Orleans area about avoiding the dangers of human trafficking.

The Juvenile Division has observed juvenile court proceedings in many districts around the state this year, including the 41st (Orleans), 32nd (Terrebonne), 12th (Avoyelles), 18th (Pointe Coupee, W. Baton Rouge, Iberville), 25th (Plaquemines), 23rd (Ascension, Assumption, St. James), and the 9th (Rapides). The Juvenile Division has also observed court in other jurisdictions as part of LPDB's formal Compliance site visit protocol, detailed in the Compliance Section of this report. The Juvenile Division has also maintained a list serve hosted by the National Juvenile Defender Center, which has served as an important vehicle for the Division to communicate with the field and for attorneys in the field to seek support or assistance from their peers. In the calendar year 2014, there were more than 330 messages posted to the list serve.

Last but not least, Mr. Pittman sat for the Louisiana Bar Exam in February of 2014 and was informed that he passed and was admitted to the bar in April of 2014. He had previously been licensed in the State of Alabama and practiced law there.

Training Division

2014 was a transitional year for the Training Division. The Division has attempted to move to a model of more accessible and practical training for public defenders throughout the State of Louisiana.

STATUTORY OFFICER ANNUAL SUMMARY REPORTS (CY14)

During the week of January 12-17, 2014, the staff held an intensive six-day training for new public defenders through the Defender Training Institute. We invited thirty attendees as students before nationally recognized instructors to provide client-centered, high quality skills training. Over this period, attendees were instructed in criminal investigation, theory and theme building, voir dire, opening statements, plea negotiations, cross-examination, direct examination, trial tactics, impeachment, and closing arguments. These are just the basic skills presented. The attendees were also trained to see how all of these areas are connected and how to provide a defense that includes all aspects of the training to provide a client-centered defense.

On March 13-14, 2014, Defender Leadership Training included over 50 leaders of indigent defense in Louisiana. Instructors from New York and Florida were invited to help District Defenders expand funding sources and provide hone their leadership skills.

The Training Division contributed to the Train the Trainers program organized by Judge Wicker of the 29th Judicial District. Our training presentation on La.C.Cr.P. 890.1 will be the model presentation for Judges, District Attorneys, and defense lawyers.

May 14 – 16, 2014

The Training Division conducted the annual Juvenile Defender Training in May 2014 in Baton Rouge, Louisiana. Sixty-four (64) juvenile defenders took part in the three-day training that provided separate sessions for attorneys representing children in delinquency cases and attorneys representing parents in Child in Need of Care (CINC) cases. Trainers conducted sessions on Interviewing & Counseling the Juvenile Client, Challenging Juvenile Adjudicative Competence, Defending Drug Cases, Storytelling, Strategies for Keeping Families Together, Communicating With Clients With Intellectual Disability, and Client-Centeredness.

August 29, 2014, November 13, 2014 and December 11, 2014

The Division planned and conducted small-scale regional trainings for new or infrequent juvenile defenders, with sessions on juvenile delinquency procedure, the role of the juvenile defender, and substantive legal differences between juvenile delinquency and adult criminal law. Sessions were held in Lafayette, Natchitoches, and Laplace, with a combination of local peers and LPDB personnel as faculty. Twenty-eight (28) defenders attended these sessions.

The annual Defender Training Institute was held September 6-11, 2014 in Woodworth, Louisiana with over 30 participants. The curriculum was modified to reflect an emphasis on Louisiana specific practice while teaching the highest national standards. The choice of a new location was a financial savings and contributed to building a sense of community. We look forward to return visits to Woodworth as a more central location to encourage participation from districts across the state. We were fortunate to receive some recognition in an article on the National Association of Public Defenders website lauding the location and our commitment to creating a community of Louisiana public defenders. (For your reference, you may visit it here: <http://publicdefenders.us/?q=node%2F602>).

STATUTORY OFFICER ANNUAL SUMMARY REPORTS (CY14)

The annual Capital Defense Training seminar was held October 22-24, 2014 in New Orleans, Louisiana. More than 75 enrolled in the program with several teams bringing an actual case for brainstorming. Our desire this year was to demonstrate how to translate abstract concepts into actual courtroom presentations for effective capital defense. We emphasized several areas of law and the importance of mitigation. We have many ideas for future capital trainings to make this seminar an even greater direct assistance to practitioners in the field.

December 3 – 4, 2014

The Division procured funding and arranged faculty for training for defenders on using the team model of representation in Child in Need of Care cases. Nationally recognized trainers conducted 1½ days of training on December 3 - 4, 2014 in New Orleans, Louisiana on incorporating social workers into the CINC practice. Twenty-one (21) defenders attended this training.

December 12, 2014

The Legislative Update was held in December 2014, in Baton Rouge, Louisiana providing 14 defenders with an update of all bills passed in 2014 that affect criminal law and procedure.

The Director of Training and the Administrative Program Specialist engaged in ongoing efforts to develop and implement LPDB's 5-year Strategic Plan and continue building a library of LPDB training materials.

Capital Division¹

January 7, 2014

As of January 2, 2014 there are 93 open capital trial level cases: Thirty-seven are pre-indictment and 56 are post-indictment. Fifty-nine of the 93 cases are staffed according to the Louisiana Capital Defense Guidelines. There are six capital appeals, two non-capital appeals, three capital pre-trial consultation cases; three conflict capital post-conviction cases; one capital motion for new trial being handled by Capital Appeals Project. There are 41 capital post-conviction cases being handled directly by the not-for-profit Capital Post-Conviction Project of Louisiana. CPCPL contracts with outside counsel for case conflicts and work load overload and currently has 16 contracts for state capital post-conviction cases.

Staff discussed a needed change to the Protocol for Management of the Capital Expert Witness Fund (See attached p. 5 § 6.2.) Staff proposes that the language be changed from "annual maximum amount" to "monthly maximum amount". The change would limit staff to approving

STATUTORY OFFICER ANNUAL SUMMARY REPORTS (CY14)

expert witness requests on a monthly basis, up to the amount of the monthly disbursement of Expert Witness Fund which is normally \$50,000 per month.

The Office of Contractual Review has approved the contract redirecting the capital funds from the Capital Defense Project of Southeast Louisiana² and the Capital Assistance Project of Louisiana³ in the amounts of \$331,000 and \$100,000, respectively to the Expert Witness Fund. As of January 2, 2014 there are \$383,789.24 in pending requests for approval for expert witness services.

In relation to the Expert Witness Fund, a subpoena duces tecum was served on the Capital Case Coordinator in the *State v. Brian Smith* case; Docket Nos. 2012-CR-303; 2012-CR-313 and 2012-CR-366 in the 40th Judicial District (St. John the Baptist Parish), requesting all documents regarding expert witness applications, requests for approvals, billing, invoicing and payments made by LPDB to the Louisiana Capital Assistance Center (LCAC) for legal services in *State v. Brian Smith* “or other capital cases between August 16, 2012 and the present date.” The subpoena is dated December 30, 2013, is signed by Judge Sterling Snowdy and is returnable January 9, 2014 at 10:00 a.m. The Division is currently seeking *pro bono* counsel to file a Motion to Quash the subpoena and to appear and argue the Motion.

The Capital Case Coordinator was advised by trial counsel in *State v. Wilbert Thibodeaux*, Docket No.: 2013-190149, 16th JDC that the Court will be issuing subpoenas to the State Public Defender and the Capital Case Coordinator in the above captioned matter for testimony on January 9, 2014.

Seventy-six capital defenders attended the LPDB Capital Defender Training held in New Orleans from October 23-25, 2013. The evaluations regarding faculty, the plenaries and the break outs were excellent. The major complaint was that the facility was too cold.

In November the Capital Certification Advisory Group reviewed 10 new applications for certification. Two applicants were denied certification. One applicant was approved as Trial Lead Counsel, five applicants were certified as Trial Associate Counsel; two were certified as Appellate Associate Counsel; and, three were certified as Post-Conviction Associate Counsel. The Application for Recertification has been designed and will be sent to capital counsel previously certified this week as the Louisiana Capital Defense Guidelines require receipt of the applications for recertification by January 31. Additionally, one provisionally certified Trial Associate Counsel completed the necessary training and became fully certified in December.

Staff, working with the Capital Working Group, created a Capital Assessment tool to be used to evaluate the district offices’ and contract programs’ compliance with LPDB Capital Defense Guidelines, protocols, rules and procedures. The first program evaluation was conducted on site December 17-20, 2013, by John Holdridge and the Capital Case Coordinator in Shreveport to

assess the Capital Assistance Project of Louisiana. Two days were spent reviewing files, file management, interviewing staff members, reviewing time sheets, office financial information and office practices. Additional information is being requested from the program and once received and evaluated, the Assessment will be sent to CAPOLA's Executive Director for comment and response.

Two versions of the Capital Performance Standards (CPS) have been sent to select members of the Capital Working Group for their evaluation and input. The versions are very different and input from the capital litigators on the Board is welcome. If you did not receive copies of the draft CPSs and would like to review them, please let the Capital Case Coordinator know. The Louisiana Legislative Auditors report criticized the agency for not having promulgated the CPS. This is a priority for the Capital Case Coordinator as the CPS provide an objective basis for measuring capital defenders' performance.

Considerable work has been done on the capital wing of defenderData our case management system (CMS). Working with the ITM Division several changes have been made which allow staff to better monitor the cases in the field.

March 10, 2014

Currently, Christopher Sepulvado has a reprieve from the United States District Court in the Middle District of Louisiana. He was under a warrant of execution scheduled for February 13, 2014, when Judge James Brady issued a temporary restraining order putting off the execution 90 days, to no earlier than May 4, 2014. There is an April 7 trial date on the preliminary injunction testing the constitutionality of the state's execution protocol.

There are 98 appointed capital cases at the trial court level where the death penalty has not been withdrawn. This number includes pre-indictment, post-indictment and motion for new trial cases.

Performance Standards

Using the Louisiana Legislative Auditor's Report on the Capital Division as a springboard, the Capital Working Group (CWG), Chaired by Ms. Rebecca Hudsmith, met after the last Board meeting. The CWG was presented with two draft versions of the Capital Performance Standards. After considerable discussion it was decided that the authors of the two versions would work together to combine portions of each set of standards. The completed document was circulated last week to the CWG which voted to present the Capital Performance Standards contained in the materials to the full Board for adoption. Should the Board move to adopt the Performance Standards, subsequently, they will be vetted to various members of the criminal justice system, absent significant changes, the standards will be submitted for promulgation.

Capital State Plan

All of the District Capital Plans were redrafted and/or conformed to the original template sent out to the districts in 2011. The plans have been updated to reflect indigent capital defense demand statistics for the preceding five years, collecting the following pertinent data: the average number

STATUTORY OFFICER ANNUAL SUMMARY REPORTS (CY14)

of capital arrests per year; the average number of capital indictments per year; the average number of capital trials per year and the average number of death sentences per year. The districts were also asked to report the current trial level indigent capital cases in the district based on whether the cases were pre or post-indictment along with the total number of non-conflict cases, conflict cases and overflow cases. Nearly half of the district plans have been submitted, we are awaiting the district plans from 22 districts which either did not respond or did not respond properly.

Program Assessments

As part of the ongoing Capital Assistance Project of Louisiana (CAPOLA)⁴ Assessment, staff has conducted in-depth post-verdict file reviews of two cases in which the death penalty was returned. The files were located off-site in the offices of Capital Appeals Project (CAP)⁵ and Louisiana Capital Assistance Center in New Orleans. The file reviews took several days in January and February to go through each file and document their contents and organization. The Assessment, with its numerous attachments, is nearly complete. When finished the document will be sent to Mr. Goorley and the CWG for review and comment.

Certification and Re-Certification

Pursuant to the Louisiana Capital Guidelines an Application for Re-Certification was created. January 31, 2014 was the deadline for receipt of the Applications for Re-Certification in currently held roles. Those attorneys seeking to be approved for a different role, e.g., from trial associate counsel to trial lead counsel, had to apply for certification in the new role. Nine attorneys are applying for Certification and 115 are applying for re-certification. The list of all applicants' names will be submitted to the Office of Disciplinary Counsel and all applications materials will be made available to the Capital Certification Advisory Committee (CCAC) which consists of James Boren, John Di Giulio, Rebecca Hudsmith, John Landis, Tom Lorenzi, John Reed, Herschel Richard, and Rick Schroeder. John Holdridge, with whom LPDB contracts for his expertise and assistance in the Capital Division, staffs this committee along with the capital case coordinator.

As during the last certification process, CCAC members will be paired and assigned equal numbers of applications to review in-depth and the entire committee will vet all of the applicants over the course of several weekend teleconferences. It takes a tremendous amount of work to go through this process and division staff is extremely grateful for the dedication and hard work the committee members donate to this important process. John Holdridge, with whom LPDB contracts for his expertise and assistance in the Capital Division, staffs this committee along with the capital case coordinator.

⁴ CAPOLA is located in Shreveport, LA. Mr. Richard Goorley is the Executive Director. Pursuant to its contract, CAPOLA delivers capital trial representation to Caddo (1st JD); Winn (8th JD); LaSalle (28th JD); Grant (35th JD); Red River (39th JD) and in other parishes statewide as needed.

⁵ In addition to covering all of the capital appeals, pursuant to its contract CAP provides resource services, motion for new trial practice, and representation in post-conviction capital cases where there is a conflict with Capital Post- Conviction Center of Louisiana (CPCPL). CAP's Executive Director is Ms. Sarah Ottinger. Their offices are located in New Orleans.

STATUTORY OFFICER ANNUAL SUMMARY REPORTS (CY14)

Division Staff Changes

Since the January 7, 2014 Board meeting the Division's Administrative Coordinator, Michele Burbank, moved to Lafayette and recently obtained a new position with a significant pay raise. We wish her well, but will miss her hard work and good humor. The Administrative Coordinator position, shared with the Juvenile Division is being advertised and we hope to have it filled very soon. Currently, Terre Hazlewood, who is currently doing our timekeeping and payroll is ably assisting the capital case coordinator.

Litigation

As most of the case specific litigation is based on the lack of Expert Witness Funding, the capital case coordinator has been working with the State Public Defender to cover all of the subpoenas and court orders to appear. Since the last Board meeting either the Public Defender of the Capital Case Coordinator has testified in *State v. Brian Smith*, *State v. Wilbert Thibodeaux*, *State v. Lee Turner*, *State v. Brian Horn*. We are currently under subpoena in *State v. Landon Broussard* for March 3, 2014 in Lafayette. A ruling is expected in *Edge v. LPDB* in April.

Updates and specifics regarding the pending litigation will be discussed in Executive Session.

May 12, 2014

There are 83 open appointed capital cases at the trial court level where the death penalty has not been withdrawn. This number includes pre-indictment, post-indictment and motion for new trial cases. Currently there are eleven (11) capital cases set for trial through the end of 2014 and five capital cases set for trial in 2015.

We currently have two cases on a waiting list for counsel: *State v. Jerrard Major*, Docket Number: M-30918, 17th Judicial District, Parish of Lafourche; and *State v. Kinoski Wilson*, Docket Number: 22nd Judicial District, Parish of St. Tammany.

Performance Standards

All comments received during the comment period were compiled and integrated into the draft Capital Performance Standards, previously approved by the Board. The Capital Working Group comprised of Chair Rebecca Hudsmith, Leo Hamilton, Bob Lancaster, Herb Larson, Tom Lorenzi reviewed the revised draft and recommend them to the full Board for approval.

Compliance with Reporting Requirements

While most districts and programs fully comply with monthly trial and financial reporting requirements, timely filing of monthly Capital Trial Report Forms continues to be a problem for some. Because this is a chronic problem which has required staff to chase after the data, staff has chosen to simply report to the Board those districts which are non-compliant.

STATUTORY OFFICER ANNUAL SUMMARY REPORTS (CY14)

The following Districts and Programs failed to file their Capital Trial Report Forms by the 5th of the month or at all. Districts which failed to file in April and/or May are: the 2nd (Bienville, Claiborne, Jackson); the 5th Franklin, Richland, West Carroll) the 6th, (East Carroll, Madison, Tensas); the 8th, (Winn); and, the 21st (Livingston, St. Helena, Tangipahoa); the 22nd (St. Tammany, Washington); the 32nd (Terrebonne); the 33rd (Allen), the 34th (St. Bernard) and the 36th (Beauregard). Failure to report is the absence of data, not the presence of accurate data, especially in districts without capital filings. Where there are no capital cases, the reporting form requires entering the district, parish(es), month, year and the word "NONE", and the name of the person preparing the form.

Those districts reporting late in April are: the 9th (Rapides reporting 4/9/14); the 15th (Lafayette, Acadia, Vermillion reporting 4/23/14) and the 18th (West Baton Rouge, Iberville, Pointe Coupee, Iberville and Pointe Coupee reports were received 4/24/14). Late reporting affects staff's ability to assign counsel and resources.

Capital Time Sheet and Guide

As part of your materials you will see the new District Capital Time Sheet and Guide. This was one of the recommendations from the Louisiana Legislative Auditor's Report which now has been created. The time sheet was developed with a great deal of input from John Holdridge and the capital program directors which all have timekeeping systems. The database will be modified in the future to collect this information.

Program Assessments

The Capital Assistance Project of Louisiana (CAPOLA) Assessment and Attachments were vetted to the Capital Working Group. The final product was sent via E-mail and U. S. Mail on April 22, 2014 to each member of CAPOLA's Board of Directors. The Board was given ten days to respond to the Assessments findings, conclusions and recommendations. The response was due May 2, 2014. The Capital Appeals Project⁶ (CAP) will be preparing the Motion for New Trial in Mr. Horn's case. Mr. Horn's file will be reviewed once it is in CAP's possession.

One of the CAPOLA Board members has asked to meet with the State Public Defender, the Capital Case Coordinator for further information. The Capital Case Coordinator discussed the matter with the Chair of the Capital Working Group, Ms. Hudsmith, who agreed that Mr. Holdridge should attend the meeting as he was involved in the site assessment. We are currently working on a date in May for the meeting.

Certification and Re-Certification

The Office of Disciplinary Counsel has responded to our inquiry about each of the eligible applicants for Re-Certification and for Certification. Applicants' MCLE transcripts have been

STATUTORY OFFICER ANNUAL SUMMARY REPORTS (CY14)

reviewed for compliance with the Capital Defense Guidelines. January 31, 2014 was the deadline for receipt of the Applications for Re-Certification in currently held roles. Those attorneys seeking to be approved for a different role, e.g., from trial associate counsel to trial lead counsel, had to apply for certification in the new role. Nine attorneys applied for Certification and 117 applied for re-certification. A significant number of applicants submitted incomplete forms, the wrong forms or the incorrect Certificate of Good Standing, requiring notification to the applicant and waiting on the returned documents. As a result we delayed the start of the review process. A number of applicants did not respond to the notification of deficiencies and we have elected to proceed without including them in the process. Due to uncorrected deficiencies the number of applicants eligible for Re-Certification and Certification has dropped.

We will complete scanning the applications to upload by 16th of May and present the uploaded applications materials to the Capital Certification Advisory Committee (CCAC) which consists of James Boren, John Di Giulio, Rebecca Hudsmith, John Landis, Tom Lorenzi, John Reed, Herschel Richard, and Rick Schroeder. John Holdridge, with whom LPDB contracts for his expertise and assistance in the Capital Division, staffs this committee along with the capital case coordinator.

As during the last certification process, CCAC members will be paired and assigned equal numbers of applications to review in-depth and the entire committee will vet all of the applicants over the course of several weekend teleconferences. It takes a tremendous amount of work to go through this process and division staff is extremely grateful for the dedication and hard work the committee members donate to this important process

The Capital Division will revise the certain portions of the applications and the Guides to each type of application to address the root cause of the deficiencies.

Contracts

In the absence of General Counsel, the capital case coordinator has reviewed and revised all of the capital and non-capital contracts for FY 2015. All contracts to the non-profits, except CAPOLA, were sent to the programs at the end of last month. The contract for John Holdridge was completed this week.

Litigation and the Expert Witness Fund

As most of the case specific litigation is based on the lack of Expert Witness Funding, the capital case coordinator has been working with the State Public Defender to cover all of the subpoenas and court orders to appear. The First Circuit Court of Appeal ruled in LPDB's favor in *State v. Wilbert Thibodeaux* finding that the district court judge could not order the Board to pay a lump sum of money to the district defender in the 16th Judicial District for expert witness services which had not been rendered. A ruling is expected in *Edge v. LPDB*, in May.

The funding hearing set for May 2, 2014 in *State v. Matthew Flugence*, in Gretna has been continued without date. Our counsel in *State v. Vincent*, in Lake Charles has filed a Motion to Quash the subpoenas duces tecum issued to the State Public Defender and Natasha Carter, the

STATUTORY OFFICER ANNUAL SUMMARY REPORTS (CY14)

Budget Officer. After a successful teleconference the *Vincent* hearing was canceled. The capital case coordinator is still expected to testify June 26, 2014 in *State v. Melvin Maxie*, in Sabine.

Updates and specifics regarding the pending litigation will be discussed in Executive Session.

We continue to closely monitor the Expert Witness Fund. \$61,558.52 is available for the remainder of FY 14. Under the new protocols, expert witness applications received in May, are authorized to begin work in June. Once a Request for Expert Funds is approved, the funds are earmarked for that case, to be paid for from that month's allotment.

To date for FY 14 the EWF has paid \$164,480 for mitigation specialists. Based on the Board's vote to pursue the September 2013 proposal to hire two mitigation specialists who would be housed in the programs to provide mitigation services outside the 501(c)3s.

November 13, 2014

At the time of this writing, staff is unable to provide accurate numbers at the trial court level as three of the large offices with large capital numbers have failed to timely and/or completely file their Capital Case Trial Reports. Understanding that these numbers will change, there are 94 of capital cases at the trial court level as of November 6, 2014.

Currently there are four cases on the capital trial waiting list.

Second CAPOLA Assessment

The second CAPOLA Assessment has been sent to you for your review. The Capital Working Group, chaired by Rebecca Hudsmith, along with members Bob Lancaster, Herb Larson, Tom Lorenzi, and Leo Hamilton will make their recommendation to the Board based on the vote taken November 5, 2014.

At this writing, CAPOLA currently has three cases: *State v. Kenneth Willis* before Judge O'Callahan in Caddo Parish, *State v. Stacey Blount-Juneau* and *State v. Robert Barthelemy* before Judge Beasley in Sabine Parish. There is a fourth case, *State v. Tarika Wilson* before Judge Dorroh in Caddo Parish. However, she relieved CAPOLA as counsel of record and appointed Elton Richey and Jay Florence in their individual capacities, without CAPOLA support or resources. Mr. Richey subsequently moved to withdraw from both the Willis and Wilson matters. Those motions were granted. Mr. Florence was assigned to all four cases as trial associate counsel.

Staff appointed Mr. Robert Noel to enroll as trial lead counsel in Mr. Willis' case and anticipate a contract for legal services with him. He has asked that Mr. Florence stay on that case as trial associate counsel. Staff will request a legal contract for services with Mr. Florence to continue representing Mr. Willis.

As to Ms. Wilson's case, Staff asked Mr. Ross Owen to enroll as trial lead counsel. Mr. Florence has asked to stay on this case. LPDB anticipates contracts for legal services with each attorney.

STATUTORY OFFICER ANNUAL SUMMARY REPORTS (CY14)

Additionally, LPDB will provide funding for core team members selected by counsel and properly applied for through the Expert Witness Fund on all cases previously handled by CAPOLA.

CAPOLA has taken the position that their reserve fund balance of over \$600,000 is “already earned” and they will not use the funds to defray the cost of representing the capital defendants whom LPDB previously has appointed them to represent. CAPOLA seeks to keep the reserve fund balance comprised solely of state funding and filed *Citizen* litigation seeking additional compensation from July 1, 2014 through the present for representing LPDB clients.

LPDB filed a Petition for Declaratory Judgment, and Injunctive Relief and Petition for Accounting on the state contract, in the Nineteenth Judicial District.

Expert Witness Fund Update

Currently, properly documented and reasoned requests for expert funds which are granted authorize experts to begin their work in January 2015. Based on comments from capital trial lawyers and several judges, the Capital Working Group has made a recommendation that the internal operating procedure regarding administration of the expert witness fund be amended. The amendment would allow core team members, namely mitigation specialists and investigators, begin work immediately to preserve evidence and work with the client during the critical time after arrest. While they may begin work immediately, they will not be paid until the funding is available. This change in the protocol will be presented to the Board for approval.

Currently \$525,526.82 is encumbered; \$62,202.96 has been released and returned to the fund due to staleness; \$152,835.01 is the remaining balance available through June 30, 2015. A properly documented request for approval for an expert witness approved today, has the start date of March, 2015 to begin working.

State Capital Plan

Working with the Louisiana Capital Assistance Project and their new fellow, Sophia Harris, we are reviewing capital charging and indictment trends over the last five years to develop the state capital plan, required by statute. With Ms. Harris’ help we are calculating the number of arrests, those that lead to capital indictments, the length of time between arrest and charging, the life of the case at the trial court level and outcomes.

We have updated all of the district capital plans and are beginning to sift through the data to determine how best to cover the location and number of cases in the system.

Weighted Case Load Study

The Capital Division held the first organizational meeting with three district defenders to organize the work plan for the pilot time keeping/case weighting study required by our enabling legislation.

STATUTORY OFFICER ANNUAL SUMMARY REPORTS (CY14)

Staff has requested assistance from the American Bar Association and is awaiting their decision. Several Executive Staff members are involved in the study. The participating jurisdictions are Orleans, East Baton Rouge and Natchitoches Parishes. We would like to have one multi-district parish volunteer, however none has come forward. Once the cases are broken down into various classes or types of case, DefenderData time keeping will be used, with events tied to our trial court performance standards. Time will be kept uniformly over a 26 week period. During that time an independent accounting firm will be commissioned to provide data analysis.

The second portion of the study will involve a blue ribbon panel which will select 10 stellar defenders and 10 stellar private criminal lawyers who will decide how much time each task should take for each case type, for lawyers, and at a minimum investigators. That data will be used to determine how much time should be spent on the actual caseload of each office, which in turn will determine the number of staff needed to properly handle the cases in each participating office.

The Special Projects Division worked on a variety of projects in to promote LPDB's mission and meet statutory mandates. The division produced and disseminated the LPDB e-newsletter to over 900 subscribers. Also, it was responsible for updating the website with relevant announcements, employment opportunities, and local, state and national public defense information. Special Projects assisted with the final publication of the *Trial Court Performance Standards* for CINC and Delinquency and the *Capital Defense Guidelines*, printed a training brochure for job fairs and recruitment, worked with the Juvenile Compliance Officer on a guide for parents and clients in Child in Need of Care/Termination of Parental Rights Cases, began a compilation of policies passed by LPDB, drafted and compiled material for the State Public Defender's legislative outreach project, drafted media submissions relating to death row exoneration and completed an Angola 5 Fact sheet as a distributable resource.

Special Projects monitored the 2013 and 2014 LCLE grants from financial reports and site visits and assisted with the compilation of information needed for the Financial Management Guide. In April, 2014, the division completed the reporting for the 2013 LCLE grant and prepared contracts and other materials for the continuation of the April 1, 2014 grant specific to the development of the Case Management System (CMS).

In collaboration with the ITM Division, Special Projects collected information from the Sex Offender Assessment Panel (SOAP) Contract attorneys in LPDB's effort to improve the SOAP

online invoicing tool. Use of the electronic invoice submittal resulted in more prompt billing submittal and payments.

The Special Projects Division also worked extensively with the Juvenile and Training Division in the development of the Juvenile Defender Training and supported the training development/implementation for the Defender Leadership Training.

Special Projects developed a Community Oriented Defender (COD) Toolkit, conducted expenditure research for the Joint Legislative Committee on the Budget Report, , participated in the review of legislation prior to the 2014 legislative session, maintained records and tax filing status of the Louisiana Justice Coalition and served as the LPDB liaison to the Office of Student Financial Assistance in the promotion of the John R. DISTRICT REPORTS DATA COLLECTION METHODOLOGY (CY14)

The following district reports cover each individual Judicial District Public Defenders' Office regarding several factors: basic office information, district structures, caseload information and budget information. This information is reported to LPDB by the District Defenders to the best of their knowledge and belief at the time of the submission. Preceding each district's report is an executive summary produced by LPDB staff using the self-reported information from each district as well as LPDB analytics, including information regarding solvency projections, Pre- and Post-Act 578 revenues changes, caseload changes and statewide comparisons and legal representation improvements. It should be noted that staffing information in the summaries represents a "snapshot" of data collected near year's end (November-December), and as such could be different in any given month, as staff headcounts can change unexpectedly. Also, in some limited instances, LPDB staff did change the self-reported information from the district to reflect the most current Census information. Aside from changes in Census data, the district report executive summaries represent each district's self-reports on their caseload and fiscal activity and on their local procedures and environments.

The first part of each district's report is a narrative which lists basic contact information, including emergency contact information; descriptions of the structure of the local office and the local criminal justice system, including key figures in the local system; the staffing and supervisory structure of the local office; contact information for the assistant public defenders; and an inventory of the office's present hardware and software. These data are self-reported by the districts through the web-based annual survey questionnaire distributed to each District Defender near year's end, with the exception of the district's total population and juvenile population data (by parish) which were provided respectively by the U.S. Census Bureau and the Annie E. Casey Foundation.

The second part is a report of the district's public defender aggregated new and pending (from prior years) caseloads and outcomes of cases closed in CY 2014. These data are also self-reported by the district offices, gathered through each district's data entry in the case management system. The data are collected throughout the year by each attorney or the attorney's designee through entry to the LPDB online database. It should be noted that in CY 2011, the LPDB purchased a new case management system and deployed it in June, 2011. Data preceding June 2011 was converted and migrated into the new database from the old database also in June 2011. Data is reported on new cases, closed cases, cases from prior years which are still pending, and the total of new and pending cases. Some cases listed as pending have been open for several years yet have been periodically reviewed by the districts to ensure these are truly still open cases, noting that complex cases such as juvenile, felony, capital and life without parole (LWOP) cases may indeed remain open even after several years. Additionally, data is reported on the disposition of charges in very broad categories for presentation purposes, with labels such as Guilty as Charged, Dismissed, and Plea to Lesser Charge, for example, each of which include numerous outcomes similar to these broad labels. Nonetheless, the disposition data reported do give an impression of the outcomes of cases and charges. It should also be noted that given the February 1, 2015 deadline

DISTRICT REPORTS DATA COLLECTION METHODOLOGY (CY14)

for submission of this Calendar Year 2014 annual report, case closings and pending cases may not be completely up-to-date, particularly cases handled very near the end of the calendar year because the time-lag between case activity at year's end and case data entry which may have precluded this very latest activity from being entered in time for this February 1 report.

The third part of these district reports addresses revenues and expenditures. State revenues are distributed by the Louisiana Public Defender Board to the individual district public defender offices (PDOs) on a fiscal-year basis. In an effort to report the amount of state revenue received by a district in a meaningful way on a calendar year-basis, the state revenue portion of the financial summaries that follow were computed by adding all of the District Assistance and Indigent Parent Representation Funds distributed during the second half of FY 13-14 (plus all other funds disbursed between January and June, 2014) and all of the District Assistance Fund and Indigent Parent Representation Fund distributed during the first half of FY 14-15 (July through December 2014). These calendar year totals are labelled "Available for use in CY14." All other information contained in the financial summaries that follow was taken from unaudited financial statements, which were submitted through the online case management system to the Louisiana Public Defender Board by the individual Public Defender Offices (PDOs) on a monthly basis during the preceding calendar year. These monthly financial reports are now reported online (since August 2012), and all prior monthly reports since 2008 were converted and migrated into the database.

1ST JUDICIAL DISTRICT

During calendar year 2014, the 1st Judicial District Public Defenders Office handled 18,016 cases. The office received \$3,293,031 in total revenues to handle these cases, approximately 48% of which came from local funding. This funding was derived primarily from traffic tickets and special court costs.

With the exception of a few months since FY13, the 1st has generally failed to realize the 25% increase in local funds (blue dotted line, below) that was expected to materialize as a result of Act 578 (2012).

The 1st Judicial District office exhausted its fund balance in 2013. Without a significant increase in revenues or reduction in expenditures, the office is expected to become insolvent toward the end of FY15.

In the 1st Judicial District, public defense attorneys make an average annual salary of \$58,465 while maintaining caseloads almost twice the recommended caseload limit for each attorney.

Although caseloads remain high due to insufficient revenues, through increased training and supervision, adult client outcomes have significantly improved over the last five years.

CAPITAL REPRESENTATION

Since 2009, the 1st Judicial District has averaged 5 new capital prosecutions each year.

However the district has no local capacity for capital prosecutions and is completely reliant on program offices for representation.

Without the contract programs, capital cases cannot be tried in the 1st Judicial District due to a lack of capitally certified attorneys and/or funding to support capital services in the District Office.

DISTRICT DEFENDER: J. CLAY CARROLL
525 EAST COURT AVENUE
JONESBORO, LA 71251-0471

2ND JUDICIAL DISTRICT

During calendar year 2014, the 2nd Judicial District Public Defenders Office handled 1,043 cases. The office received \$429,349 in total revenues to handle these cases, approximately 57% of which came from local funding. This funding was derived primarily from traffic tickets and special court costs.

With the exception of a few anomalies, the 2nd has generally failed to realize the 25% increase in local funds that was expected to materialize as a result of Act 578 (2012).

The 2nd Judicial District office had very nearly exhausted its fund balance by June 2014. Without a significant increase in revenues or reduction in expenditures, the office is expected to become insolvent during FY16.

In the 2nd Judicial District, public defense attorneys are retained on a contract basis with the average annual contract being \$53,760. Public defense attorneys in the district maintain caseloads near the recommended caseload limit for each attorney.

The 2nd Judicial District is a rural district that handles only a small number of cases each year, making generalizations difficult. However, public defense attorneys have benefited from the training and supervision offered by LPDB.

CAPITAL REPRESENTATION

Since 2009, the 2nd Judicial District has handled one new capital prosecution.

However the district has no local capacity for capital prosecutions and is completely reliant on program offices for representation.

Without the contract programs, capital cases cannot be tried in the 2nd Judicial District due to a lack of capitally certified attorneys and/or funding to support capital services in the District Office.

3RD JUDICIAL DISTRICT

During calendar year 2014, the 3rd Judicial District Public Defenders Office handled 1,971 cases. The office received \$482,000 in total revenues to handle these cases, approximately 71% of which came from local funding. This funding was derived primarily from traffic tickets and special court costs.

**District 3 PDO Revenue Sources
CY14**

Since the inception of Act 578 (2012), local revenues associated with court costs have been unstable and erratic. As shown in the graph below, revenues have fallen below the 25% expected increase fifty percent of the time.

The 3rd Judicial District office's expenditures exceeded the office's revenues in CY10, CY11 and CY14. The fund balance grew slightly in CY12 and CY13. While it is too early to project when the 3rd Judicial District office will exhaust its fund balance, without a significant increase in revenues or reduction in expenditures, the office will eventually become insolvent.

In the 3rd Judicial District, public defense attorneys maintain caseloads in excess of the recommended caseload limit for each attorney.

However, since CY13 caseloads in this district have been below the state average overload.

Since its inception in 2007, LPDB has continually strived to improve the quality of representation through supervision, adherence to standards of representation, and training. These improvements to representation are the cornerstones which lead to improved outcomes for clients.

CAPITAL REPRESENTATION

Since 2009, the 3rd Judicial District has handled one new capital prosecution.

However the district has no local capacity for capital prosecutions and is completely reliant on program offices for representation.

Without the contract programs, capital cases cannot be tried in the 3rd Judicial District due to a lack of capitally certified attorneys and/or funding to support capital services in the District Office.

THE 4TH JUDICIAL DISTRICT
PUBLIC DEFENDERS' OFFICE
MOREHOUSE (BASTROP) - OUACHITA (MONROE)

DISTRICT DEFENDER: MICHAEL A. COURTEAU
714 ST. JOHN STREET
MONROE, LA 71201
(318) 322-6643

4TH JUDICIAL DISTRICT

During calendar year 2014, the 4th Judicial District Public Defenders Office handled 11,609 cases. The office received \$2,119,650 in total revenues to handle these cases, approximately 70% of which came from local funding. This funding was derived primarily from traffic tickets and special court costs. The 4th Judicial District office relies heavily on local revenues collected during peak months. However, as shown in the graph below during the months of May, June, July, and August 2014, receipts were down more than \$60,000. The 4th Judicial District office is not currently engaged in deficit spending. However if revenues continue to decline, the Judicial District will begin depleting the office's fund balance.

With the exception of seven months in the past two years since Act 578 (2012) was enacted, the 4th has generally failed to realize the 25% increase in local funds that was expected to materialize as a result of Act 578).

In the 4th Judicial District, public defense attorneys make an average annual salary of \$58,457 while maintaining caseloads almost three times the recommended caseload limit for each attorney.

Reliance on insufficient revenues have resulted in caseloads in excess of established caseload limits. Excessive caseloads limit each defender's ability to provide effect assistance of counsel to his/her clients.

DISTRICT DEFENDER: JAMES M. MILLER
712 EAST JEFFERSON STREET
OAK GROVE, LA 71263
(318) 428-9430

5TH JUDICIAL DISTRICT

During calendar year 2014, the 5th Judicial District Public Defenders Office handled 2,530 cases. The office received \$403,125 in total revenues to handle these cases, approximately 76% of which came from local funding. This funding was derived primarily from traffic tickets and special court costs.

Since the inception of Act 578 (2012), local revenues have generally increased at a rate equal to or greater than expected, however the expenditures of the 5th Judicial District office continue to exceed revenues since CY10 in all but one year- CY12.

Therefore, the fund balance has been on the decline since CY12. Without a significant increase in revenues or reduction in expenditures, the office is expected to become insolvent toward the end of FY16.

In the 5th Judicial District, public defense attorneys maintain caseloads twice the recommended caseload limit for each attorney, hovering near or above the state average overload.

CAPITAL REPRESENTATION

Since 2009, the 5th Judicial District has handled four new capital prosecutions.

However the district has no local capacity for capital prosecutions and is completely reliant on program offices for representation.

Without the contract programs, capital cases cannot be tried in the 5th Judicial District due to a lack of capitally certified attorneys and/or funding to support capital services in the District Office.

6TH JUDICIAL DISTRICT

During calendar year 2014, the 6th Judicial District Public Defenders Office handled 1,665 cases. The office received \$505,368 in total revenues to handle these cases, approximately 81% of which came from local funding. This funding was derived primarily from traffic tickets and special court costs.

With the exception of a few anomalies, the 6th has generally failed to realize the 25% increase in local funds that was expected to materialize as a result of Act 578 (2012).

In the 6th Judicial District, public defense attorneys maintain caseloads more than twice the recommended caseload limit for each attorney.

The 6th Judicial District is a rural district that handles only a small number of cases each year, making comparisons difficult. However, public defense attorneys have benefitted from the training and supervision offered by LPDB.

CAPITAL REPRESENTATION

Since 2009, there have been no new capital prosecutions in the 6th Judicial District.

However the district has no local capacity for capital prosecutions and is completely reliant on program offices for representation.

Without the contract programs, capital cases cannot be tried in the 6th Judicial District due to a lack of capitally certified attorneys and/or funding to support capital services in the District Office.

DISTRICT DEFENDER: DERRICK CARSON
4001 CARTER STREET, ROOM 4
VIDALIA, LA 71373
(318) 336-7548

7TH JUDICIAL DISTRICT

During calendar year 2014, the 7th Judicial District Public Defenders Office handled 2,496 cases. The office received \$315,193 in total revenues to handle these cases, approximately 41% of which came from local funding. This funding was derived primarily from traffic tickets and special court costs.

Since the inception of Act 578 (2012), local revenues associated with court costs have been unstable and erratic. As shown in the graph below, revenues have fallen below the 25% expected increase fifty percent of the time.

The 7th Judicial District office has nearly exhausted its fund balance. Without a significant increase in revenues or reduction in expenditures, the office is expected to become insolvent during FY16.

In the 7th Judicial District, public defense attorneys maintain caseloads almost three times the recommended caseload limit for each attorney.

The 7th Judicial District is a rural district that handles only a small number of cases each year, making comparisons difficult. However, public defense attorneys have benefited from the training and supervision offered by LPDB.

CAPITAL REPRESENTATION

Since 2009, there have been no new capital prosecutions in the 7th Judicial District.

However the district has no local capacity for capital prosecutions and is completely reliant on program offices for representation.

Without the contract programs, capital cases cannot be tried in the 7th Judicial District due to a lack of capitally certified attorneys and/or funding to support capital services in the District Office.

RAPIDES (ALEXANDRIA)

DISTRICT DEFENDER: GLEN G. CORTELLO
1115 6TH STREET
ALEXANDRIA, LA 71301
(318) 443-7082

9TH JUDICIAL DISTRICT

During calendar year 2014, the 9th Judicial District Public Defenders Office handled 6,807 cases. The office received \$901,597 in total revenues to handle these cases, approximately 82% of which came from local funding. This funding was derived primarily from traffic tickets and special court costs.

Since the inception of Act 578 (2012), local revenues associated with court costs have been unstable and erratic. As shown in the graph below, revenues have fallen below the 25% expected increase more than fifty percent of the time.

The 9th Judicial District office is not currently engaged in deficit spending. However, revenues are largely insufficient resulting in attorney caseloads that exceed client representation standards.

In the 9th Judicial District, public defense attorneys make an average annual salary of \$50,739 while maintaining caseloads almost three times the recommended caseload limit for each attorney

Although caseloads remain high due to insufficient revenues, through increased training and supervision, adult client acquittals and dismissals are relatively frequent and CINC reunifications have significantly improved over the last five years.

THE 10TH JUDICIAL DISTRICT
PUBLIC DEFENDERS' OFFICE
NATCHITOCHES (NATCHITOCHES)

DISTRICT DEFENDER: BRETT BRUNSON
710 THIRD STREET
NATCHITOCHES, LA 71457
(318) 352-9311

10TH JUDICIAL DISTRICT

During calendar year 2014, the 10th Judicial District Public Defenders Office handled 1,608 cases. The office received \$531,445 in total revenues to handle these cases. As local funding is largely insufficient, approximately 65% of revenues came from state funding.

Since the inception of Act 578 (2012), local revenues associated with court costs have been unstable and erratic. As shown in the graph below, revenues have fallen below the 25% expected increase fifty percent of the time.

The 10th Judicial District office has nearly exhausted its fund balance, which just six years ago was \$270,436. Without a significant increase in revenues or reduction in expenditures, the office is expected to become insolvent during FY16.

In the 10th Judicial District, public defense attorneys maintain caseloads near the recommended caseload limit for each attorney.

Through increased training and supervision, client outcomes in CINC cases have significantly improved over the last five years.

CAPITAL REPRESENTATION

Since 2009, there have been no new capital prosecutions in the 10th Judicial District.

However the district has no local capacity for capital prosecutions and is completely reliant on program offices for representation.

Without the contract programs, capital cases cannot be tried in the 10th Judicial District due to a lack of capitally certified attorneys and/or funding to support capital services in the District Office.

I share important court decisions and helpful information from the LACDL list serve with all attorneys. I continue to participate in the District Defender Group started several years ago to gain insight into what other districts are doing and to share that with our attorneys. I have met with the judges, DA, LPDB staff and other District Defenders in an effort to address the problem and increase local funding.

11TH JUDICIAL DISTRICT

During calendar year 2014, the 11th Judicial District Public Defenders Office handled 1,589 cases. The office received \$306.998 in total revenues to handle these cases. As local funding is largely insufficient, approximately 76% of revenues came from state funding.

The 11th has failed to realize the 25% increase in local funds that was expected to materialize as a result of Act 578 (2012), in fact revenues are generally lower than pre-Act 578 levels.

The 11th Judicial District office's expenditures exceed the office's revenues. The district has remained solvent only due to a cooperative endeavor agreement with the 42nd Judicial District.

In the 11th Judicial District, public defense attorneys maintain caseloads twice the recommended caseload limit for each attorney.

The 11th Judicial District is a rural district that handles only a small number of cases each year. However, public defense attorneys have benefited from the training and supervision offered by LPDB.

CAPITAL REPRESENTATION

Since 2009, the 11th Judicial District has handled five new capital prosecutions.

However the district has no local capacity for capital prosecutions and is completely reliant on program offices for representation.

Without the contract programs, capital cases cannot be tried in the 11th Judicial District due to a lack of capitally certified attorneys and/or funding to support capital services in the District Office.

12TH JUDICIAL DISTRICT

During calendar year 2014, the 12th Judicial District Public Defenders Office handled 3,438 cases. The office received \$309,799 in total revenues to handle these cases, approximately 70% of which came from local funding. This funding was derived primarily from traffic tickets and special court costs.

Since the inception of Act 578 (2012), local revenues associated with court costs have fallen below the 25% expected increase more than seventy-five percent of the time.

The 12th Judicial District office has nearly exhausted its fund. Without a significant increase in revenues or reduction in expenditures, the office is expected to become insolvent toward the end of FY15.

EVANGELINE (VILLE PLATTE)

DISTRICT DEFENDER: ALEX D. CHAPMAN, JR.
801 WEST LINCOLN ROAD
VILLE PLATTE, LA 70586
(337) 363-2229

13TH JUDICIAL DISTRICT

During calendar year 2014, the 13th Judicial District Public Defenders Office handled 1,467 cases. The office received \$277,504 in total revenues to handle these cases. As local funding is largely insufficient, approximately 67% of revenues came from state funding.

With the exception of a few month, the 13th has generally failed to realize the 25% increase in local funds that was expected to materialize as a result of Act 578 (2012).

The 13th Judicial District office has exhausted its fund balance. Without an increase in revenues or reduction in expenditures, the office is expected to become insolvent during FY16.

In the 13th Judicial District, public defense attorneys maintain caseloads in excess of the recommended caseload limit for each attorney.

However, the caseloads have fallen much more in line with state average workloads..

The 13th Judicial District is a rural district that handles only a small number of cases each year, making comparisons difficult. However, public defense attorneys have benefited from the training and supervision offered by LPDB.

District 13 Average Caseloads

CAPITAL REPRESENTATION

Since 2009, there have been no new capital prosecutions in the 13th Judicial District.

However the district has no local capacity for capital prosecutions and is completely reliant on program offices for representation.

Without the contract programs, capital cases cannot be tried in the 13th Judicial District due to a lack of capitally certified attorneys and/or funding to support capital services in the District Office.

THE 14TH JUDICIAL DISTRICT
PUBLIC DEFENDERS' OFFICE
CALCASIEU (LAKE CHARLES)

DISTRICT DEFENDER: HARRY FONTENOT
1032 RYAN STREET
LAKE CHARLES, LA 70601
(337) 436-1718

14TH JUDICIAL DISTRICT

During calendar year 2014, the 14th Judicial District Public Defenders Office handled 16,399 cases. The office received \$2,201,854 in total revenues to handle these cases, approximately 53% of which came from local funding. This funding was derived primarily from traffic tickets and special court costs.

The 25% increase in local funds expected as a result of Act 578 (2012) has never materialized in the 14th Judicial District.

The 14th Judicial District office is not currently engaged in deficit spending. However revenues are largely insufficient, resulting in attorney caseloads which exceed client representation standards.

In the 14th Judicial District, public defense maintain caseloads almost three times the recommended caseload limit for each attorney.

CAPITAL REPRESENTATION

Since 2009, the 14th Judicial District has handled two new capital prosecutions.

However, the district has no local capacity for capital prosecutions and is completely reliant on program offices for representation.

Without the contract programs, capital cases cannot be tried in the 14th Judicial District due to a lack of capitally certified attorneys and/or funding to support capital services in the District Office.

DISTRICT DEFENDER: G. PAUL MARX
600 JEFFERSON STREET, SUITE 902
LAFAYETTE, LA 70501
(337) 232-9345

15TH JUDICIAL DISTRICT

During calendar year 2014, the 15th Judicial District Public Defenders Office handled 18,112 cases. The office received \$3,899,367 in total revenues to handle these cases, approximately 59% of which came from local funding. This funding was derived primarily from traffic tickets and special court costs.

The 15th Judicial District has almost never realized the 25% increase in local funds that was expected to materialize as a result of Act 578 (2012).

The 15th Judicial District office has exhausted its fund balance. Without an increase in revenues or reduction in expenditures, the office is expected to become insolvent toward the end of FY15.

In the 15th Judicial District, public defense attorneys maintain caseloads more than twice the recommended caseload limit for each attorney.

Although caseloads remain high due to insufficient revenues, through increased training and supervision, adult client outcomes have significantly improved over the last five years.

Does the Location of Detention Facilities Affect Quality of Representation or Budget? If So, How?	DD has worked with facilities to bring back inmates. Writs for transfer are filed as needed. This problem has been less serious in 2013 with reduced jail population.
Do your courts routinely bring juveniles before the judge in shackles if they are being held in detention or secure custody at the time of the hearing? If not, please describe your courts' shackling policy and procedure.	Yes. Juveniles subject to detention are held in isolation conditions for the first 24 to 48 hours. They come to court secured exactly as if they were adult offenders. Wrists shackled, sometimes to belt and sometimes with legs shackled.

Brief Explanation of Intake Process	Clients provide basic financial information. Unless the client has exceptional resources, only the application fee is requested.
\$40 Application Fees (per R.S. 14:175)	
Does the Office Collect the \$40 Application Fee?	We believe the intake fee is rarely collected in City Courts as there is resistance to the time needed and we do not have sufficient personnel to handle the number of applicants. In calendar year 2015 we are going to make a push in specific City Courts on this issue. This could include litigation.
How Many Applications for Services Were Received?	5,358
How Many Application Fees Were Waived?	4,565
How Many Application Fees Were Reduced?	14

Provides those over Poverty Guidelines will be assess fixed fee. In addition, clients may decide to make their own voluntary contribution.
What, If Any, Accounting Documentation is Provided to You Regarding Fees Assessed and by Whom is it Provided?	The court issues an Order at the beginning of the case. Amount, If Any, of Partial Indigence Payments Received by the Office in CY14	202,353
Does Your Office Have a Private Practice Policy? If So, Is the Policy in Writing?	Full time attorneys have no private practice. Contractors must limit outside practice and must treat PD clients exactly as other clients. Explicit contractual terms plus directives from District Defender.
For the Contract Attorneys in Your District, Is There a Written Contract For His/Her Services? If So, Please Provide a Blank Copy of the Standard Contract	Revised contract for FY 2013. This revision is attached.
Primary Immediate Needs	Funding for full time Capital and an additional \$3 Million for fully serving all clients. We have hired an MSW for Capital Mitigation in some of our cases. But would still suggest the \$175,000 budget item makes sense for us and also LPDB.
Do you foresee the possibility of the district entering a Restriction of Services in the coming year, and if so, what are your initial preparatory steps to address this issue?	Yes, unless several things happen: 1) Lafayette City Court actively supports our collections and allows application fees; 2) The new D.A. implements Bond Forfeiture processing and begins making effective collections; 3) Other City Courts and Misdemeanor Courts come into full compliance.
In CY14, have you instituted any downsizing of staff in response to a revenue-expenditure gap your district may have anticipated? If so, please list staff terminated.	We had the advantage of three attorneys working on Gideon's Promise Law School Partnership Grant, so when several contract lawyers left we were able to move full time staff in for 3 felony lawyers and saw a savings from that attrition. But no cuts as such for budget failures: some posts remain unfilled.
Immediate Critical Issue Areas	Capital Certification; City Court collection and compliance with Application fees; Still short on many things, including clerical support and about 3 million dollars worth of lawyers and resources.
Long-Term Critical Issue Areas	Development of new young talent. An LPDB that focuses on assisting the local fund mission in every way possible, including equal treatment for our Capital Defense Division when compared to outside programs.
Please List All New Hires in 2014 (Name and Title)	Full Time: Thomas Rimmer, Felony; Jack Talaska, Felony; Jorge Costales, Megan Delcambre, Clerical; Paula Miguez, Clerical; Lucy Melcanon, Juvenile; Chase Edwards, Felony and Juvenile Conflict.
Please List All Promotions in 2014 (Name and Title)	Chad Ikerd, First Assistant
2014 Media Coverage and/or Major Accomplishments	Continued coverage of funding issues, including shortfall in Lafayette City Court and an Editorial critical of City Judges for not doing better by the PDO. Award recognizing District Defender for efforts on Indigent Defense from Gidoen's Promise, with TV and print coverage. Several reports of acquittals and reduced charges in specific Felony and Death Penalty cases.

Number of Expected New Attorney Hires in 2015	Have application in for 4 Gideon Law School Partnership Fellows, which would work year one at essentially no cost. Appears 2 to 3 are likely.
Do You Provide Training, Coaching, or Mentoring for New Attorneys? If So, Describe	Yes, including one to one mentoring, team meetings, quarterly CLE on relevant topics. Also one attorney has attended Capital Trial Training in Arizona, and two studied the Colorado Method in Denver.
Does Your District Office Provide Employee Manuals or Handbooks? (Yes or No - Do Not Attach)	Yes
Describe Supervisory Structure in Your District (For Attorneys and Non-Attorneys)	Still fledgling. Should have felony supervisor in Vermilion in 2015.
Have Any New Job Titles Been Added to Your District Office in 2014? (Please List Name and Title)	Track 1 Section Chief. Full time Juvenile Drug Court and Family Preservation Court attorneys.
Please Attach Your Office Organizational Chart	Attached
Any Policy for Caseload/Workload Reduction for Supervisory Staff, Please Describe	Team Leaders have reduced caseloads. District Defender takes a Capital Case or two because of a lack of certified counsel. Otherwise only to mentor staff counsel.
Medical Benefits for Any Staff, Please Describe, Noting Who Pays For the Benefit	All full time employees are enrolled for health and dental benefits after 60 days of employment.
Regular Meetings for Any Staff, Please Describe	Team Leaders meet regularly with District Defender. Executive Committee meets with District Defender regularly. Think Tanks for Capital, Issue Meetings, Database and other training.
Number of NEW capital cases in CY14 handled by your office	10
Number of pending capital cases (received prior to CY14) handled by your office during CY14?	4
Number of Appeals Your District Handled in 2014 (As Opposed to Those Cases Transferred to CAP or LAP for Appellate Representation)	18
Number of Writs Your District Handled in 2014	45

Please Describe Any Procedures That Are in Place For Assigning Attorneys Experienced With Juvenile Defendants to Transferable or Transferred Cases	Counsel will work with Juvenile attorney who is first assigned and preference will be given to appointment of a lawyer with Juvenile Justice expertise.
Please Provide the Names of All State Representatives and Senators from Your District	STATE REPS: Nancy Landry (R #31); Stephen Ortego (D#39); Mickey Guillory (D#41); Jack Montoucet (D#42); Stuart Bishop (R#43); Vincent Pierre (D#44); Joel Robideaux (R#45); Bob Hensgens (D#47); Taylor Barras (R#48); Simone Champagne (R#49) Terry Landry (D#96) STATE SENATORS: Fred Mills (D#22); Page Cortez (D#23); Elbert L. <p>Other than funding issues, what External Factors (outside of your control) Negatively Affect the Delivery of Services in Your District?</p>	<p>Some resistance from other agencies on basic things like providing copies, discovery, and the role of the public defenders. Our sources indicate stakeholders and others see the office as more professional and effective since October 2010. Regional director for Children and Family Services came in for a meeting with District Defender and expressed appreciation for our engagement with kids in court, noting we had uncovered improprieties on a CFS case agent's handling a mom's visiting rights.</p>
<p>What Changes Have You Implemented in Your District Office in 2014 That Have Improved the Delivery of Public Defender Services?</p>	<p>District Defender has joined cooperative effort identified as the Criminal Justice Coordinating Committee for Lafayette Parish. This group considers common systemic problems and has promoted a number of initiatives for reform, including better information for clients on court dates; reducing incarceration rates for juveniles; mitigating detention time for failures to appear and moving the court to evidence based solutions for systemic problems. Three new lawyers trained at Gideon's Promise come to the district essentially at no charge through the Law School Partnership Program of Gideon's Promise, which provides for a stipend in the first full year of the new lawyers' work. Two other attorneys trained at LSU attended the training this year, and will be in continued training for the next three years along with the three LSP fellows.</p>

(INTERIM DISTRICT DEFENDER TONY CHAMPAGNE EFFECTIVE JANUARY 1ST, 2015)

107 WILSON STREET
FRANKLIN, LA 70538

16TH JUDICIAL DISTRICT

During calendar year 2014, the 16th Judicial District Public Defenders Office handled 8,749 cases. The office received \$1,933,832 in total revenues to handle these cases, approximately 66% of which came from local funding. This funding was derived primarily from traffic tickets and special court costs.

With the exception of a few anomalies, the 16th has generally failed to realize the 25% increase in local funds that was expected to materialize as a result of Act 578 (2012).

The 16th Judicial District office has nearly exhausted its fund balance. Without a significant increase in revenues or reduction in expenditures, the office is expected to become insolvent toward the end of FY15.

In the 16th Judicial District, public defense attorneys make an average annual salary of \$57,369 while maintaining caseloads almost three times the recommended caseload limit for each attorney.

Although caseloads remain high, due to insufficient revenues, through increased training and supervision, CINC and adult client outcomes have significantly improved over the last five years.

THE 17TH JUDICIAL DISTRICT
PUBLIC DEFENDERS' OFFICE
LAFOURCHE (THIBODAUX)

DISTRICT DEFENDER: CHRISTOPHER J. BOUDREAU
(INTERIM DISTRICT DEFENDER VICTOR E. BRADLEY, JR. EFFECTIVE DECEMBER 1 ST,
2014)

204 GREEN STREET
THIBODAUX, LA 70301
(985) 446-8808

17TH JUDICIAL DISTRICT

During calendar year 2014, the 17th Judicial District Public Defenders Office handled 4,693 cases. The office received \$825,202 in total revenues to handle these cases, approximately 64% of which came from local funding. This funding was derived primarily from traffic tickets and special court costs.

With very few exceptions, the 17th has generally failed to realize the 25% increase in local funds that was expected to materialize as a result of Act 578 (2012).

The 17th Judicial District office's expenditures generally exceed the office's revenues. While it is too early to project when the 17th Judicial District office will exhaust its fund balance. Without an increase in revenues or reduction in expenditures, the office will continue to deplete its relatively small fund balance eventually becoming insolvent.

 District Defender
 (Victor E. Bradley, Jr.)
 Interim as of December 1, 2014)

In the 17th Judicial District, public defense attorneys maintain caseloads almost three times the recommended caseload limit for each attorney.

Reliance on insufficient revenues has resulted in caseloads that by far exceed established caseload limits. Excessive cases limit each defender's ability to provide effect assistance of counsel to their clients.

CAPITAL REPRESENTATION

Since 2009, the 17th Judicial District has handled 9 new capital prosecutions.

However the district has no local capacity for capital prosecutions and is completely reliant on program offices for representation.

Without the contract programs, capital cases cannot be tried in the 17th Judicial District due to a lack of capitally certified attorneys and/or funding to support capital services in the District Office.

ROUGE (PORT ALLEN)

DISTRICT DEFENDER: C. JEROME D'AQUILA
308 E. MAIN STREET
NEW ROADS, LA 70764
(225) 683-9083

18TH JUDICIAL DISTRICT

During calendar year 2014, the 18th Judicial District Public Defenders Office handled 2,352 cases. The office has traditionally been self-reliant as 100% of its revenues were derived from local funding which came primarily from traffic tickets and special court costs. Between FY11 and FY14, local revenues have decreased to the extent that in FY14, for the first time, the State began providing financial assistance to help cover the gap between the district's revenues and expenditures.

Since the passage of Act 578 (2012) in the 18th Judicial District, the expected 25% increase in local revenues (dotted blue line, below) has consistently failed to materialize. As shown in the graph below, during August 2012, almost immediately following the passage of Act 578, local revenues plummeted to their lowest levels in three years (orange line).

The long-term decrease in local revenues has forced the fund balance into a sharp and continuous decline.

Between FY11 and FY14, the Judicial District Office's local revenues have decreased while expenditures have remained relatively constant.

Local revenues have decreased to the extent that in FY14, for the first time, the State began providing an appropriation to help cover the gap between the district's revenues and expenditures.

EAST BATON ROUGE (BATON ROUGE)**

DISTRICT DEFENDER: MICHAEL A. MITCHELL
300 LOUISIANA AVENUE
BATON ROUGE, LA 70802
(225) 389-3150

19TH JUDICIAL DISTRICT

During calendar year 2014, the 19th Judicial District Public Defenders Office handled 22,620 cases. The office received \$4,892,062 in total revenues to handle these cases, approximately 74% of which came from local funding. This funding was derived primarily from traffic tickets and special court costs.

The 19th Judicial District has generally failed to realize the 25% increase in local funds that was expected to materialize as a result of Act 578 (2012).

The 19th Judicial District office has nearly exhausted its fund balance. Without a significant increase in revenues or reduction in expenditures, the office is expected to become insolvent toward the end of FY15.

In the 19th Judicial District, public defense attorneys make an average annual salary of \$55,046 while maintaining caseloads above the LIDAB Standard Maximum recommended caseload limit for each attorney.

CAPITAL REPRESENTATION

Since 2009, the 19th Judicial District has averaged 6.2 new capital prosecutions each year. However the district only has the local capacity to handle four capital prosecutions and are almost completely reliant on program offices for representation.

Without the contract programs, the ability to prosecute capital cases will be greatly reduced in the 19th Judicial District due to a lack of capitally certified attorneys or funding to support capital services in the District Office.

DISTRICT DEFENDER: RHONDA B. COVINGTON
12213 JACKSON STREET
CLINTON, LA 70722
(225) 683-3620

20TH JUDICIAL DISTRICT

During calendar year 2014, the 20th Judicial District Public Defenders Office handled 783 cases. The office received \$214,106 in total revenues to handle these cases, approximately 57% of which came from local funding. This funding was derived primarily from traffic tickets and special court costs.

The 20th Judicial District has always failed to realize the 25% increase in local funds that was expected to materialize as a result of Act 578 (2012).

The 20th Judicial District office has nearly exhausted its fund balance which has been in steep decline since CY10. Without a significant increase in revenues or reduction in expenditures, the office is expected to become insolvent toward the end of FY15.

In the 20th Judicial District, public defense attorneys maintain caseloads near the recommended caseload limit for each attorney.

The 20th Judicial District is a rural district that handles only a small number of cases each year, making comparisons difficult. However, public defense attorneys have benefited from the training and supervision offered by LPDB.

CAPITAL REPRESENTATION

Since 2009, there have been no new capital prosecutions in the 20th Judicial District.

However the district has no local capacity for capital prosecutions and is completely reliant on program offices for representation.

Without the contract programs, capital cases cannot be tried in the 20th Judicial District due to a lack of capitally certified attorneys and/or funding to support capital services in the District Office.

DISTRICT DEFENDER: REGINALD MCINTYRE
303 EAST OAK STREET
AMITE, LA 70422
(985) 748-4922

21ST JUDICIAL DISTRICT

During calendar year 2014, the 21st Judicial District Public Defenders Office handled 15,078 cases. The office received \$2,708,068 in total revenues to handle these cases, approximately 67% of which came from local funding. This funding was derived primarily from traffic tickets and special court costs.

With the exception of a few anomalies, the 21st has generally failed to realize the 25% increase in local funds that was expected to materialize as a result of Act 578 (2012).

The 21st Judicial District office's expenditures exceed the office's revenues. While it is too early to project when the 21st Judicial District office will exhaust its fund balance, without a significant increase in revenues or reduction in expenditures, the office will eventually become insolvent.

In the 21st Judicial District, public defense attorneys make an average annual salary of \$58,738 while maintaining caseloads more than twice the recommended caseload limit for each attorney.

Although caseloads remain high due to insufficient revenues, through increased training and supervision, client outcomes in CINC cases have significantly improved over the last five years.

CAPITAL REPRESENTATION

Since 2009, the 21st Judicial District has handled 10 new capital prosecutions.

However the district has no local capacity for capital prosecutions and is completely reliant on program offices for representation.

Without the contract programs, capital cases cannot be tried in the 21st Judicial District due to a lack of capitolally certified attorneys and/or funding to support capital services in the District Office.

Indigency Determined by Whom and How?	All jailed clients are assumed to be indigent upon intake. Investigators do have clients fill out intake documents notifying them of their liability upon bonding out. Walk-in clients are screened by the individual offices' reception personnel utilizing the 200% poverty guideline as to qualifying for public defender services.
When is Assignment/Appointment of Counsel Made?	Representation begins either at the 72-Hour hearing process and/or upon the divisional allotment procedure. A financial qualification sheet is used and an intake form that is case specific on the legal matter for the client is used to set up records and provide background and contact information for their attorney assignment and interview correspondence notification.

23RD JUDICIAL DISTRICT ASCENSION, ASSUMPTION, ST. JAMES PARISHES

During calendar year 2014, the 23rd Judicial District Public Defenders Office handled 5,704 cases. The office received \$1,059,737 in total revenues to handle these cases, approximately 74% of which came from local funding. This funding was derived primarily from traffic tickets and special court costs.

With the exception of a single instance, the 23rd has always failed to realize the 25% increase in local funds that was expected to materialize as a result of Act 578 (2012).

The 23rd Judicial District office's expenditures exceed the office's revenues. While it is too early to project when the 23rd Judicial District office will exhaust its fund balance, without an increase in revenues or reduction in expenditures, the office will continue to deplete its fund balance eventually becoming insolvent.

24TH JUDICIAL DISTRICT

During calendar year 2014, the 24th Judicial District Public Defenders Office handled 10,400 cases. The office received \$3,210,146 in total revenues to handle these cases, approximately 81% of which came from local funding. This funding was derived primarily from traffic tickets and special court costs.

Since the inception of Act 578 (2012), the 25% expected increase in local have failed to materialize more than fifty percent of the time.

The 24th Judicial District office's expenditures exceed the office's revenues. While it is too early to project precisely when the 24th Judicial District office will exhaust its fund balance, without an increase in revenues or reduction in expenditures, the office will continue to deplete its fund balance at the current steep rate inevitably becoming insolvent.

Has Your District Experienced Any Difficulty Accessing Detained Clients at Any Detention Facility? If So, Please Describe	The Jefferson Parish Sheriff's Office stated that they are having severe staffing problems which has limited the number of prisoners kept at the local jail. This staffing problem also gives rise to other issues regarding visitation by private investigators. Therefore, they instituted a rule by which the investigators will not be allowed into the jail without the presence of the attorney who is assigned to that defendant. My first impulse was to attempt to institute some type of legal action, however I consider this a blessing in disguise in that it is requiring lawyers to visit the jail more frequently. Other than the usual delays, the attorneys themselves have no problems having access to their clients in jail.

DISTRICT DEFENDER: MATTHEW ROBNETT
208 AVENUE G.
BELLE CHASSE, LA 70037
(504) 297-5236

25TH JUDICIAL DISTRICT

During calendar year 2014, the 25th Judicial District Public Defenders Office handled 1,412 cases. The office received \$272,605 in total revenues to handle these cases, approximately 62% of which came from local funding. This funding was derived primarily from traffic tickets and special court costs.

Since the inception of Act 578 (2012), local revenues associated with court costs have been unstable and erratic apparently due to irregular remittance schedules as shown in the graph below. Revenues have often fallen below the 25% expected increase and then again exceeded it with no apparent pattern.

The 25th Judicial District office has nearly exhausted its fund balance, and without a significant increase in revenues or reduction in expenditures, the office is expected to become insolvent during FY16.

In the 25th Judicial District, public defense attorneys make an average annual salary of \$53,750 while maintaining caseloads in excess of the recommended caseload limit for each attorney.

CAPITAL REPRESENTATION

Since 2009, there have been no new capital prosecutions in the 25th Judicial District.

However the district has no local capacity for capital prosecutions and is completely reliant on program offices for representation.

Without the contract programs, capital cases cannot be tried in the 25th Judicial District due to a lack of capitally certified attorneys and/or funding to support capital services in the District Office.

Explain District's Method of Assigning Lawyers to Cases in Courts/Sections	Magistrate is held Monday, Wednesday and Friday. An attorney from this office attends all hearings. Judge questions defendant to inquire as to their representation and gives them the option of a PDO attorney. PDO attorney interviews defendant for qualification purposes. If they qualify, the questionnaire is brought back to the office. Assignment of cases are rotated between all Attorneys.
Name of Adult Detention Facilities in This District	The lockup in Belle Chasse is a holding facility until all defendants have a bond set. If unable to post bond, they are transported to the Orleans Parish Prison, which is under contract to the Plaquemine Parish Sheriff's Office since Katrina.
Name of Adult Detention Facilities Outside the District Which Hold Clients	Orleans Parish Prison and St. Bernard Parish Jail.
Name of Juvenile Detention Facilities In This District	N/A
Name of Juvenile Detention Facilities Outside the District Which Hold Clients	St. Bernard Detention Facilities.
Does the Location of Detention Facilities Affect Quality of Representation or Budget? If So, How?	Due to a lack of funding, the office is currently understaffed. This creates the problem of a lack of resources to represent clients in distant facilities.
Do your courts routinely bring juveniles before the judge in shackles if they are being held in detention or secure custody at the time of the hearing? If not, please describe your courts' shackling policy and procedure.	Juveniles are often transported in shackles if in custody. Once transported, Judge will generally order shackles to be removed or deputy will remove at attorney's request.
Has Your District Experienced Any Difficulty Accessing Detained Clients at Any Detention Facility? If So, Please Describe	Due to Hurricane Katrina our Detained Clients are housed at Orleans Parish Prison. This sometimes makes it very difficult to access our Detained Clients. Because our office has an excellent work relationship with the Plaquemine Parish Sheriff's Office, they will, when possible transport our client to us.

Brief Explanation of Intake Process	Before the Judge comes to the court the PDO interviews all the clients and determines whether they qualify. I complete all the information sheet that contains questions we need for the PDO computer and I sign them up. After Judge has completed the magistrate, the attorney located in our office conducts a first jail visit/interview with that client. Client is then taken back to prison unless able to bond out. The attorney in our office answers all questions that need to be answered and provides any additional help that the client needs at this time. The attorney also will typically obtain all the facts from the client on the charges client has been arrested for.

THE 26TH JUDICIAL DISTRICT
PUBLIC DEFENDERS' OFFICE
BOSSIER (BENTON) - WEBSTER (MINDEN)

DISTRICT DEFENDER: PAMELA G. SMART
211 BURT BOULEVARD
BENTON, LA 71006
(318) 965-0630

26TH JUDICIAL DISTRICT

During calendar year 2014, the 26th Judicial District Public Defenders Office handled 14,190 cases. The office received \$1,332,928 in total revenues to handle these cases, approximately 56% of which came from local funding. This funding was derived primarily from traffic tickets and special court costs.

Since the passage of Act 578 (2012) in the 26th Judicial District, the expected 25% increase in local revenues has never materialized.

The 26th Judicial District office has nearly exhausted its fund balance, without a significant increase in revenues or reduction in expenditures, the office is expected to become insolvent toward the end of FY15.

In the 26th Judicial District, public defense attorneys maintain caseloads more than twice the recommended caseload limit for each attorney.

Although caseloads remain high due to insufficient revenues, through increased training and supervision, CINC and adult client outcomes have significantly improved over the last five years.

Courts and Locations	26th JDC Bossier Parish - Benton; 26th JDC Webster Parish - Minden; Bossier City Court - Bossier City; Minden City Court - Minden; Springhill City Court - Springhill.
Number of Divisions/Sections of Criminal Court for Each Court in District (Include City Court, Municipal Court, etc.)	26th JDC Bossier Parish (10: 6 felony/misdemeanor, 1 juvenile, 1 adult drug court, 1 juvenile drug court, 1 non-support); 26th JDC Webster Parish (8: 6 felony/misdemeanor, 1 juvenile, 1 non-support); Bossier City Court (2: 1 misdemeanor, 1 juvenile); Minden City Court (3: 1 misdemeanor, 1 juvenile, 1 juvenile drug court); Springhill City Court (3: 1 misdemeanor, 1 juvenile, 1 juvenile drug court).
Explain District's Method of Assigning Lawyers to Cases in Courts/Sections	Felony cases are assigned to the attorney for the division to which the case is assigned. LWOP cases are specially assigned to the attorney best suited for the case. In some instances, if it better serves the client, a case is specially assigned to an attorney other than the division attorney. Misdemeanor cases are now assigned to a division like the felony cases so the attorney assignment for those cases are now the same as for felony cases.

Does the Location of Detention Facilities Affect Quality of Representation or Budget? If So, How?	We no longer reimburse staff for mileage effective July 1, 2014. The jails are in rural locations so travel time is at least 20' to many facilities and longer if housed in a surrounding parish facility.
Do your courts routinely bring juveniles before the judge in shackles if they are being held in detention or secure custody at the time of the hearing? If not, please describe your courts' shackling policy and procedure.	Yes.

Indigency Determined by Whom and How?	The judges do a preliminary screening and the PDO uses a more detailed application.
When is Assignment/Appointment of Counsel Made?	Non-capital felonies and misdemeanors - upon appointment of PDO. Capital cases - upon knowledge of arrest.
Initial Client Intake Conducted By Whom? (Name and Title)	Bossier Parish: Amanda Roberts (Data Entry Specialist/Secretary) determines/crosschecks case assignments, conflicts, etc. The secretary for the division in which the case is assigned enters the case into the database and notifies the attorney to whom it is assigned. If a case is assigned to a staff attorney, the secretary then prepares the file, enters further information into the database, prepares discovery motion, and forwards the file to the attorney. Webster Parish: LaKeia Taylor (Secretary/Receptionist) determines/crosschecks case assignments, conflicts, etc. and consults with Amanda Roberts when necessary. She then enters the case into the database and notifies the attorney to whom it is assigned. If a case assigned to a staff attorney, Ms. Taylor then prepares the file, enters further information into the database, prepares discovery motion, and forwards the file to the attorney. Initial interviews are done by the attorney to whom the case is assigned. In LWOP cases, the investigator is usually present at the initial interview as well. The Chief Defender reviews case assignments as well.
Does this District Use an Intake Form? (If So, Please Attach to Hard Copy)	Yes
Brief Explanation of Intake Process	When notice of appointment is received (incarcerated clients through jail appointment list and bond clients through court minutes), the information is entered into the database, a file is generated, and the case is assigned to the appropriate attorney. Conflict cases are assigned to the appropriate conflict counsel who receives notice of appointment via database-generated e-mail and regular e-mail.

Partial Indigence Payments (per R.S.15:175/Ch.C.Art. 321)	
Method for Determining Reduced Rate Charged For Legal Services if Client is Deemed Capable of Partial Payment	Either determined by the court or the court will consider recommendation from office based on financial information ascertained by the PDO.
What, If Any, Accounting Documentation is Provided to You Regarding Fees Assessed and by Whom is it Provided?	We must rely on court minutes and attorneys in court to keep track of this information.
Who Collects the Assessed Partial Payments?	Generally, the PDO collects the partial payments. Occasionally, money is received via DOC through P&P.
What, If Any, Accounting Documentation is Provided to You Regarding Fees Collected and by Whom is it Provided?	We collect it in the office. However, we do receive some money from DOC. Those are individually documented.
Who Remits the Partial Payments Collected?	The client sends it directly to the PDO. Sometimes we receive money from DOC through P&P.
What, If Any, Accounting Documentation is Provided to You Regarding Fees Remitted to You and by Whom is it Provided?	None. The office receives the payments directly.
Amount, If Any, of Partial Indigence Payments Received by the Office in CY14	6,190

<p>Does Your Office Have a Private Practice Policy? If So, Is the Policy in Writing?</p>	<p>The written policy is contained in the Employee Manual. Attorneys may take very minimal private cases outside the jurisdiction as long as full-time hours required by the PDO are fulfilled. However, the Chief Defender must be informed of the private case to make sure there is no conflict. Most attorneys that do private practice do routine wills, curatorships, some private criminal in other jurisdictions, and some appointed cases in federal court or through the Department of Corrections.</p>
<p>For the Contract Attorneys in Your District, Is There a Written Contract For His/Her Services? If So, Please Provide a Blank Copy of the Standard Contract</p>	<p>Yes</p>
<p>Primary Immediate Needs</p>	<p>More office space and money to renovate/maintain the offices we have. More money to increase staff, to reimburse attorneys for travel to rural jails, to be able to send staff for training. No one is reimbursed for anything. Eventually, this will lead to loss of good trial lawyers.</p>
<p>Do you foresee the possibility of the district entering a Restriction of Services in the coming year, and if so, what are your initial preparatory steps to address this issue?</p>	<p>Yes. To increase revenues - The PDO stays in communication with the various agencies that send revenues, the court, and any other stakeholder to uncover other revenue sources and to make sure that the PDO is getting all the money that it should be. To reduce expenditures - The PDO has taken a variety of measures over the last several months in anticipation of these budgetary shortfalls. Both the Bossier Parish and Webster Parish police juries no longer require the PDO to pay any reimbursement towards transcript costs. Additionally, the Bossier Parish Police Jury assisted with some of the maintenance of the Bossier office and provided a small space in the Courthouse Annex Building for juvenile staff. We renegotiated our contracts with Westlaw for legal research and code books for attorneys, Innovative Office for the Webster parish copy machine rental, and Allied Services for trash pick-up in Bossier. The staff attorneys no longer receive reimbursement for travel to seminars and jails nor do they receive reimbursement for LSBA or local bar association dues or CLE tuition. We ceased providing employer-paid disability insurance and switched health insurance plans to one in which the office has a significant savings each month without reducing the quality of the plan for the employees.</p>
<p>In CY14, have you instituted any downsizing of staff in response to a revenue-expenditure gap your district may have anticipated? If so, please list staff terminated.</p>	<p>1 non-support attorney; 1 staff attorney - The resulting staff now consists of a staff attorney for each of the six divisions of court and a senior attorney for all life without parole cases; 1 contract attorney who handled adult truancy cases in truancy court - Parents charged with misdemeanors related to their children's truancy cases are now appearing on the regular misdemeanor docket so PDO staff attorneys now handle those cases.</p>

Immediate Critical Issue Areas	Office renovations in Webster and more support staff to sufficiently handle the database. Office conditions are bad.
Long-Term Critical Issue Areas	More office space for both locations
Please List All New Hires in 2014 (Name and Title)	Misdemeanor Contract Attorneys - Krystal Aires (no longer with office); Shandrika Jackson. Secretary - Karen Robinson.
Please List All Promotions in 2014 (Name and Title)	None

THE 27TH JUDICIAL DISTRICT
PUBLIC DEFENDERS' OFFICE
ST. LANDRY (OPELOUSAS)

DISTRICT DEFENDER: EDWARD JAMES LOPEZ
125 WEST LANDRY STREET
OPELOUSAS, LA 70570
(337) 942-3003

27TH JUDICIAL DISTRICT

During calendar year 2014, the 27th Judicial District Public Defenders Office handled 6,840 cases. The office received \$783,008 in total revenues to handle these cases, approximately 56% of which came from local funding. This funding was derived primarily from traffic tickets and special court costs.

With the exception of a few anomalies, the 27th has generally failed to realize the 25% increase in local funds that was expected to materialize as a result of Act 578 (2012).

The 27th Judicial District office has nearly exhausted its fund balance. Without a significant increase in revenues or reduction in expenditures, the office is expected to become insolvent during FY15.

In the 27th Judicial District, public defense attorneys make an average annual salary of \$67,171 while maintaining caseloads almost twice the recommended caseload limit for each attorney.

Although caseloads remain high due to insufficient revenues, through increased training and supervision, client outcomes in CINC cases have significantly improved over the last five years.

District 27 Average Caseload Changes

CAPITAL REPRESENTATION

Since 2009, the 27th Judicial District Public Defenders Office has handled 9 new capital prosecutions.

However the district has no local capacity for capital prosecutions and is completely reliant on program offices for representation.

Without the contract programs, capital cases cannot be tried in the 27th Judicial District due to a lack of capially certified attorneys and/or funding to support capital services in the District Office.

THE 28TH JUDICIAL DISTRICT
PUBLIC DEFENDERS' OFFICE
LASALLE (JENA)

DISTRICT DEFENDER: DERRICK CARSON
3170 N. 1ST STREET
JENA, LA 71342
(318) 992-0881

28TH JUDICIAL DISTRICT

During calendar year 2014, the 28th Judicial District Public Defenders Office handled 816 cases. The office received \$138,725 in total revenues to handle these cases. Local funds derived primarily from traffic tickets and special court costs are insufficient to support client representation, as approximately 49% of the district's revenues came from state funding.

Since the inception of Act 578 (2012), local revenues associated with court costs have been unstable and erratic due in part to remittances arriving every other month in 2013 as shown in the graph below. Revenues have fallen below the 25% expected increase quite often.

The 28th Judicial District office has nearly exhausted its fund balance. Without a significant increase in revenues or reduction in expenditures, the office is expected to become insolvent toward the end of FY15.

Derrick Carson
 District Defender
 3170 N. First Street
 Jena, LA 71342
 318-992-0881

In the 28th Judicial District, public defense attorneys make an average annual salary of \$45,802. Due to a reduction on staff and an increase in workload, public defense attorneys in the district are currently maintaining caseloads more than four times the recommended caseload limit for each attorney.

The 28th Judicial District is a rural district that handles only a small number of cases each year, making comparisons difficult. However, public defense attorneys have benefited from the training and supervision offered by LPDB.

CAPITAL REPRESENTATION

Since 2009, the 28th Judicial District Public Defenders Office has averages less than one new capital case per year.

The district has no local capacity for capital prosecutions and is completely reliant on program offices for representation.

Without the contract programs, capital cases cannot be tried in the 28th Judicial District due to a lack of capially certified attorneys and/or funding to support capital services in the District Office.

THE 29TH JUDICIAL DISTRICT
PUBLIC DEFENDERS' OFFICE
ST. CHARLES (HAHNVILLE)

DISTRICT DEFENDER: VICTOR E. BRADLEY, JR.
15621 AIRLINE HWY. SUITE B
NORCO, LA 70079
(985) 764-2338

29TH JUDICIAL DISTRICT

During calendar year 2014, the 29th Judicial District Public Defenders Office handled 2,075 cases. The office is self-reliant as 100% of its revenues were derived from local funding which came primarily from traffic tickets and special court costs.

Between CY11 and CY14, the Judicial District Office's local revenues have continued to increase. Consistent revenues have allowed the District Defender to provide living wages to support staff and public defense attorneys, while also maintaining attorney caseloads near the recommended caseload limits.

Since the passage of Act 578 (2012) the 29th Judicial District is one of the only districts in the state to almost consistently meet or exceed the expected 25% increase in local revenues.

In the 29th Judicial District, public defense attorneys maintain caseloads near the recommended caseload limit for each attorney and well below the state average.

Through increased training and supervision, client outcomes have significantly improved over the last five years.

CAPITAL REPRESENTATION

Since 2009, the 29th Judicial District has handled one new capital prosecution.

However, the district has no local capacity for capital prosecutions and is completely reliant on program offices for representation.

Without the contract programs, capital cases cannot be tried in the 29th Judicial District due to a lack of capitally certified attorneys and/or funding to support capital services in the District Office.

30TH JUDICIAL DISTRICT

During calendar year 2014 the 30th Judicial District Public Defenders Office handled 2,045 cases. The office received \$498,487 in total revenues to handle these cases, approximately 91% of which came from local funding. This funding was derived primarily from traffic tickets and special court costs.

Since the inception of Act 578 (2012), local revenues associated with court costs have been unstable and erratic. As shown in the graph below, revenues have fallen below the 25% expected increase more than fifty percent of the time.

The 30th Judicial District office nearly exhausted its fund balance in 2012 and has replenished it somewhat in later year. However, declining local revenues in CY14 have forced the fund balance into decline again.. Without a significant increase in revenues or reduction in

In the 30th Judicial District, public defense attorneys make an average annual salary of \$57,784 while maintaining caseloads more than twice the recommended caseload limit for each attorney.

Although caseloads remain high due to insufficient revenues, through increased training and supervision, adult client outcomes have significantly improved over the last five years.

CAPITAL REPRESENTATION

Since 2009, the 30th Judicial District has not handled any new capital prosecutions.

However the district has no local capacity for capital prosecutions and is completely reliant on program offices for representation.

Without the contract programs, capital cases cannot be tried in the 30th Judicial District due to a lack of capitally certified attorneys and/or funding to support capital services in the District Office.

Indigency Determined by Whom and How?	By the office administrator and if questionable by the district defender. The statutory definition of indigency is followed.
When is Assignment/Appointment of Counsel Made?	Approximately half of the felony counsel is assigned immediately following the 72 hour hearing, and the balance at arraignment. The majority of misdemeanor counsel is assigned at arraignment. In an effort to get applicants into the system sooner, the district defender created a Notice which the Sheriff mails to the defendants along with the Notice of arraignment advising the defendants to apply for counsel PRIOR to the day of arraignment. This has helped, and about half of the defendants come in before arraignment, the balance is dealt with at arraignment.

Primary Immediate Needs	Additional funds to obtain an investigator, a social worker, and additional staff. We are having difficulties getting current data into the system, and I think the only effective solution is to have all the data input by the district defenders office directly rather than rely on the individual contract attorneys. One employee can Not do all the intake, bookkeeping, bill paying, office administration, etc, and do all the data input.
Do you foresee the possibility of the district entering a Restriction of Services in the coming year, and if so, what are your initial preparatory steps to address this issue?	We are already in the process and will find out if our ROS plan is approved by the Board.
In CY14, have you instituted any downsizing of staff in response to a revenue-expenditure gap your district may have anticipated? If so, please list staff terminated.	None

Immediate Critical Issue Areas	Data input is a critical area for us-since the budget is dependent on the data, our district will continue to get short changed until I can solve this problem. The attorneys continually complain that they do Not mind the legal work; it is the data collection they complain about.
Long-Term Critical Issue Areas	Need of office space and staff, particularly an investigator and social worker. With a drug court and extensive OCS caseload, a social worker would greatly benefit our clients

Describe Supervisory Structure in Your District (For Attorneys and Non-Attorneys)	With only 1 full time employee supervising her is easy-she sits in an office next to mine and I see her many times a day. JEFFERSON DAVIS (JENNINGS)

DISTRICT DEFENDER: DAVID E. MARCANTEL
300 NORTH STATE STREET, ROOM 203
JENNINGS, LA 70546
(337) 824-4900

31ST JUDICIAL DISTRICT

During calendar year 2014, the 31st Judicial District Public Defenders Office handled 1,425 cases. The office received \$453,717 in total revenues to handle these cases, approximately 76% of which came from local funding. This funding was derived primarily from traffic tickets and special court costs.

District 31 PDO Revenue Sources CY14

Since the passage of Act 578 (2012), the 31st has generally failed to realize the 25% increase in local funds that was expected to materialize.

As local revenues have declined, the 31st Judicial District Office has relied heavily on its fund balance. While it is too early to project when the 31st Judicial District Office will exhaust its fund balance, without an increase in revenues or reduction in expenditures the office will eventually become insolvent.

In the 31st Judicial District, public defense attorneys make an average annual salary of \$64,416 while maintaining caseloads in excess of the recommended caseload limit for each attorney.

CAPITAL REPRESENTATION

Since 2009, there have been no new capital prosecutions in the 31st Judicial District.

However the district has no local capacity for capital prosecutions and is completely reliant on program offices for representation.

Without the contract programs, capital cases cannot be tried in the 31st Judicial District due to a lack of capially certified attorneys and/or funding to support capital services in the District Office.

THE 32ND JUDICIAL DISTRICT
PUBLIC DEFENDERS' OFFICE
TERREBONNE (HOUMA)

DISTRICT DEFENDER: ANTHONY CHAMPAGNE
504 BELANGER STREET
HOUMA, LA 70360
(985) 873-6831

32ND JUDICIAL DISTRICT

During calendar year 2014, the 32nd Judicial District Public Defenders Office handled 4,868 cases. The office received \$1,260,041, 69% of which came from local funding. This funding was derived primarily from traffic tickets and special court costs.

With the exception of a few anomalies, the 32nd has generally failed to realize the 25% increase in local funds that was expected to materialize as a result of Act 578 (2012).

The 32nd Judicial District office's expenditures generally exceed the office's revenues. While it is too early to project when the 32nd Judicial District office will exhaust its fund balance, without an increase in revenues or reduction of expenditures, the office will continue to deplete its fund balance eventually becoming insolvent.

In the 32nd Judicial District, public defense attorneys maintain caseloads almost twice the recommended caseload limit for each attorney.

Although caseloads remain high due to insufficient revenues, through increased training and supervision, client outcomes in CINC cases have significantly improved over the last five years and acquittals and dismissals have rapidly increased since 2009 albeit with a recent drop in CY13.

Primary Immediate Needs	As mentioned on this item in previous reports, this office once employed two attorneys for each district court division. One attorney handled all cases involving violations of control dangerous substance statutes. The other attorney handled all other cases. Three years ago, before the State Board adopted the restriction of service protocol rules, this office cut the five positions for handling drug violation cases. Even with the legislation for increase of court costs, we have not realized the type of revenue that would allow for the reinstatement of those positions. Reinstatement of these positions would help substantially in the reduction of caseloads for the remaining five division attorneys.

THE 33RD JUDICIAL DISTRICT
PUBLIC DEFENDERS' OFFICE
ALLEN (OBERLIN)

DISTRICT DEFENDER: DAVID DESHOTELS
(INTERIM DISTRICT DEFENDER ALEX CHAPMAN EFFECTIVE JANUARY 1ST, 2015)

317 W. 6TH AVENUE
OBERLIN, LA 70655
(337) 639-4309

33RD JUDICIAL DISTRICT

During calendar year 2014, the 33rd Judicial District Public Defenders Office handled 531 cases. The office received \$255,189 in total revenues to handle these cases, approximately 72% of which came from local funding. This funding was derived primarily from traffic tickets and special court costs.

With the exception of a few anomalies, the 33rd has generally failed to realize the 25% increase in local funds that was expected to materialize as a result of Act 578 (2012).

The 33rd Judicial District office has exhausted its fund balance. Without a significant increase in revenues or reduction in expenditures, the office is expected to become insolvent during FY16.

 District Defender
 (Alex D. Chapman
 Interim as of January 1, 2015)
 317 W. 6th Avenue
 Oberlin, LA 70655

In the 33rd Judicial District, public defense attorneys maintain caseloads below the recommended caseload limit for each attorney.

The 33rd Judicial District is a rural district that handles only a small number of cases each year, making comparisons difficult. However, public defense attorneys have benefited from the training and supervision offered by LPDB.

CAPITAL REPRESENTATION

Since 2009, there have been no new capital prosecutions in the 33rd Judicial District.

However the district has no local capacity for capital prosecutions and is completely reliant on program offices for representation.

Without the contract programs, capital cases cannot be tried in the 33rd Judicial District due to a lack of capitally certified attorneys and/or funding to support capital services in the District Office.

THE 34TH JUDICIAL DISTRICT
PUBLIC DEFENDERS' OFFICE

DISTRICT DEFENDER: THOMAS H. GERNHAUSER
2118 JACKSON BLVD., SUITE B
CHALMETTE, LA 70043
(504) 278-4438

34TH JUDICIAL DISTRICT

During calendar year 2014, the 34th Judicial District Public Defenders Office handled 3,634 cases. The office received \$252,368 in total revenues to handle these cases. As local funding is largely insufficient, approximately 55% of revenues came from local funding.

The 34th has failed to realize the 25% increase in local funds that was expected to materialize as a result of Act 578 (2012), in fact revenues are generally lower than pre-Act 578 levels.

The 34th Judicial District office has nearly exhausted its fund balance in CY14, and the declining local revenues in CY14 will accelerate the fund balance depletion. Without a significant increase in revenues or reduction in expenditures, the office is expected to become insolvent toward the end of FY15.

Thomas H. Gernhauser
 District Defender
 2118 Jackson Blvd., Suite B
 Chalmette, LA 70043
 504-278-4438

In the 34th Judicial District, public defense attorneys make an average annual salary of \$43,550 while maintaining caseloads more than three times the recommended caseload limit for each attorney.

Although caseloads remain high due to insufficient revenues, through increased training and supervision, client outcomes have significantly improved over the last five years.

CAPITAL REPRESENTATION

Since 2009, the 34th Judicial District has handled one new capital prosecution.

However the district has no local capacity for capital prosecutions and is completely reliant on program offices for representation.

Without the contract programs, capital cases cannot be tried in the 34th Judicial District due to a lack of capitally certified attorneys and/or funding to support capital services in the District Office.

In response, we have met with all judges, and the new District Attorney and made them aware of a possible ROS in FY 15. Expenditures have been closely monitored. Cuts in the amounts of some expenditures are being considered, as well as contracts. Assurances have been given by the new District Attorney for a PDO allowance to be included in fees for various new diversion programs. The courts have been advised of the non-waiver aspect of the \$45 fee. Certain judges are also reconsidering appointments and qualifications of potential clients, with partial indigence. Discussions and meetings with local legislators are being scheduled. Office space, an employee, utilities, telephone and internet services continue to be supplied by parish government.

GRANT (COLFAX)

DISTRICT DEFENDER: ROBERT L. KENNEDY
352 SECOND STREET
COLFAX, LA 71417

35TH JUDICIAL DISTRICT

During calendar year 2014, the 35th Judicial District Public Defenders Office handled 696 cases. The office received \$166,706 in total revenues to handle these cases, approximately 64% of which came from local funding. This funding was derived primarily from traffic tickets and special court costs.

With the exception of a few anomalies, the 35th has generally failed to realize the 25% increase in local funds that was expected to materialize as a result of Act 578 (2012).

The 35th Judicial District office has nearly exhausted its fund balance and CY14 revenues are in decline. Without a significant increase in revenues or reduction in expenditures, the office is expected to become insolvent during FY16.

In the 35th Judicial District, public defense attorneys maintain caseloads near the recommended caseload limit for each attorney.

The 35th Judicial District is a rural district that handles only a small number of cases each year, making comparisons difficult. However, public defense attorneys have benefited from the training and supervision offered by LPDB.

CAPITAL REPRESENTATION

Since 2009, there have been no new capital prosecutions in the 35th Judicial District.

However the district has no local capacity for capital prosecutions and is completely reliant on program offices for representation.

Without the contract programs, capital cases cannot be tried in the 35th Judicial District due to a lack of capitally certified attorneys and/or funding to support capital services in the District Office.

BEAUREGARD (DERIDDER)**

DISTRICT DEFENDER: DAVID L. WALLACE

DERIDDER, LA 70634
(337) 462-8891

36TH JUDICIAL DISTRICT

During calendar year 2014, the 36th Judicial District Public Defenders Office handled 879 cases. The office received \$378,249 in total revenues to handle these cases, approximately 75% of which came from local funding. This funding was derived primarily from traffic tickets and special court costs.

With the exception of a few anomalies, the 36th Judicial District has generally failed to realize the 25% increase in local funds that was expected to materialize as a result of Act 578 (2012).

The 36th Judicial District office's expenditures exceed the office's revenues except in CY13 and CY14 where revenues very slightly exceed expenditures. While it is too early to project when the 36th Judicial District office will exhaust its fund balance, without an increase in revenues or reduction in expenditures, the office will continue to deplete its fund balance eventually becoming insolvent.

Other than funding issues, what External Factors (outside of your control) Negatively Affect the Delivery of Services in Your District?	We constantly work to get bonds set on individuals (even misdemeanor) some may get set several days later, but the jail doesn't get them in and tell the client the amount so they can bond. Also, clients are only allowed one phone call and only to a bondsman. Clients are not allowed to contact a family or friend to assist them. PDO staff has to take the initiative to contact City PD or Sheriff, then Judge to try to get a bond set, this is even on Disturbing the Peace charges etc.
What Changes Have You Implemented in Your District Office in 2014 That Have Improved the Delivery of Public Defender Services?	Our staff meets with the client within 24 hours of appointment to advise them of their rights, who their counsel is and how to contact him/her. Staff makes phone calls for client to contact family for bond assistance or to ask them to bring items the clients that are allowed at the jail.

THE 37TH JUDICIAL DISTRICT
PUBLIC DEFENDERS' OFFICE
CALDWELL (COLUMBIA)

DISTRICT DEFENDER: LOUIS CHAMPAGNE
301 WALL STREET
COLUMBIA, LA 71418
(318) 649-2626

37TH JUDICIAL DISTRICT

During calendar year 2014, the 37th Judicial District Public Defenders Office handled 639 cases. The office received \$160,164 in total revenues to handle these cases. As local funding is largely insufficient, approximately 74% of revenues came from state funding.

With the exception of those months when no local funds were remitted in the baseline year of 2012, the 37th has generally failed to realize the 25% increase in local funds that was expected to materialize as a result of Act 578 (2012).

The 37th Judicial District office has nearly exhausted its fund balance while CY14 local revenues are in decline. Without a significant increase in revenues or reduction in expenditures, the office is expected to become insolvent toward the end of FY15.

Louis V. Champagne
 District Defender
 301 Wall Street
 Columbia, LA 71418
 318-649-2626

In the 37th Judicial District, public defense attorneys maintain caseloads in excess of the recommended caseload limit for each attorney.

The 37th Judicial District is a rural district that handles only a small number of cases each year, making comparisons difficult. However, public defense attorneys have benefited from the training and supervision offered by LPDB.

CAPITAL REPRESENTATION

Since 2009, there have been no new capital prosecutions in the 37th Judicial District.

However the district has no local capacity for capital prosecutions and is completely reliant on program offices for representation.

Without the contract programs, capital cases cannot be tried in the 37th Judicial District due to a lack of capitally certified attorneys and/or funding to support capital services in the District Office.

38TH JUDICIAL DISTRICT

During calendar year 2014, the 38th Judicial District Public Defenders Office handled 51 cases. The office received \$90,599 in total revenues to handle these cases, 100% of which came from local funding. This funding was derived primarily from traffic tickets and special court costs.

With the exception of a few anomalies, the 38th has generally failed to realize the 25% increase in local funds that was expected to materialize as a result of Act 578 (2012).

The 38th Judicial District office is not currently engaged in deficit spending. However, a recent spike in attorney caseloads may lead depletion of the district's fund balance.

During calendar year 2014, attorney caseloads have increased in the 38th Judicial District. Public defense attorneys are currently maintaining caseloads more than two and one half times the recommended caseload limit for each attorney.

The 38th Judicial District is a rural district that handles only a small number of cases each year. However, public defense attorneys have benefited from the training and supervision offered by LPDB.

CAPITAL REPRESENTATION

Since 2009, there have been no new capital prosecutions in the 38th Judicial District.

However the district has no local capacity for capital prosecutions and are completely reliant on program offices for representation.

Without the contract programs, capital cases cannot be tried in the 38th Judicial District due to a lack of capitally certified attorneys and/or funding to support capital services in the District Office.

During calendar year 2014, the 39th Judicial District Public Defenders Office handled 489 cases. The office received \$123,952 in total revenues to handle these cases, approximately 31% of which came from local funding. With the exception of a few anomalies, the 39th Judicial District has generally failed to realize the 25% increase in local funds that was expected to materialize as a result of Act 578 (2012).

The 39th Judicial District office exhausted its fund balance. Without a significant increase in revenues or reduction in expenditures, the office is expected to become insolvent toward the end of FY15.

In the 39th Judicial District, public defense attorneys maintain caseloads more than three times the recommended caseload limit for each attorney.

Reliance on insufficient revenues have resulted in caseloads that exceed established caseload limits. As shown in the outcome figures below, excessive caseloads limit each defender's ability to provide effect assistance of counsel to his/her clients.

75 DOMINICAN DRIVE, SUITE 202
LAPLACE, LA 70068-3400

40TH JUDICIAL DISTRICT

During calendar year 2014, the 40th Judicial District Public Defenders Office handled 2,142 cases. The office has traditionally been self-reliant as 100% of its revenues were derived from local funding which came primarily from traffic tickets and special court costs.

Since the passage of Act 578 (2012) in the 40th Judicial District, the expected 25% increase in local revenues has consistently failed to materialize.

Between FY11 and FY14, the Judicial District Office's local revenues have decreased while expenditures have remained relatively constant. Local revenues have decreased to the extent that in FY14, for the first time, the State began providing an appropriation to help cover the gap between the district's revenues and expenditures.

Between FY11 and FY14, the Judicial District Office's local revenues have decreased while expenditures have remained relatively constant.

Local revenues have decreased to the extent that in FY14, for the first time, the State began providing an appropriation to help cover the gap between the district's revenues and expenditures. Recently, in FY14 local revenues are on the incline, but nowhere near the FY11 baseline.

Number of Divisions/Sections of Criminal Court for Each Court in District (Include City Court, Municipal Court, etc.)	Three Divisions of Court. Each Division holds court in both the District and Annex Courthouses.

Explain District's Method of Assigning Lawyers to Cases in Courts/Sections	According to a pre-set grid or table, the cases are generally divided among the lawyers based on the division of court and the last digit of the case number. Example: In each division of court, the cases that end in an odd digit are normally assigned to one attorney and those ending in an even digit are assigned to another. When a defendant has more than one case in a division of court, the same lawyer is assigned to all such cases. When there are more than two clients in any case, the lawyers who handle cases in another division of court are assigned according to that grid. A copy of the grid has been attached to the electronic version of the district narrative.

Does the Location of Detention Facilities Affect Quality of Representation or Budget? If So, How?	Yes; to get to the Youth Detention Center from the Public Defenders Office requires approximately 2 hours and is a 85.2 miles round trip.
Do your courts routinely bring juveniles before the judge in shackles if they are being held in detention or secure custody at the time of the hearing? If not, please describe your courts' shackling policy and procedure.	Yes; each juvenile is transported in shackles and remains shackled during the hearing. Only once the judge orders the juvenile's release from custody are the shackles removed.
Has Your District Experienced Any Difficulty Accessing Detained Clients at Any Detention Facility? If So, Please Describe	Yes; each local jail has only one attorney booth. Thus, only one attorney at a time can visit clients in jail, unless the public visitation area is used. Also, the hours for attorney visitation are restricted, limited to only 6 hours per day, 3 hours in the morning and 3 hours in the afternoon, with a 2 hour break in between. Attorney visitation during weekends and holidays is also restricted and requires advanced permission from the warden.

Drug Court Judges	Judge Madeline Jasmine
Mental Health Court Judges	None
Other Specialty Court	Yes

Name of Specialty and Brief Description:	Truancy Court. The judge reviews the attendance of juveniles registered in schools of St. John the Baptist Parish, including absences and tardiness. Nearly 80% of cases are resolved during the initial stage, where the judge orders that both the juvenile and the parent comply with the attendance policy of the school. At a subsequent date, if the juvenile is not in compliance, the FINS coordinator files a truancy petition alleging that the juvenile is either not attending school or has a substantial amount of tardiness. If the District Attorney determines that the parent is at fault, a misdemeanor charge of improper supervision may be filed against him/her and a trial may be held in truancy or misdemeanor court. Judge Mary Hotard Becnel presides over Truancy Court.
Indigency Determined by Whom and How?	Every Thursday, during office hours, the Public Defender Office takes applications from persons who are not incarcerated and who are seeking a public defender. The applicant is questioned using a standardized application form, which may be longer depending on the financial circumstances. The sworn application is reviewed by the District Defender who then either assigns counsel or files a certification of ineligibility. Both the "Affidavit of Poverty and Application for Public Defender Services" (short form) and the "Application for Public Defender Services" (long form) have been attached to the electronic version of the district narrative. Also the "Notice of Assignment of Counsel" and the "Certification Regarding Eligibility for the Services of a Public Defender" have been attached to the electronic version of the district narrative.
When is Assignment/Appointment of Counsel Made?	Within 72 hours after arrest, the duty judge speaks to the inmates by telephone or by video. An order appointing counsel is faxed to the PDO. The District Public Defender is appointed by name to all cases. He or an investigator does the initial jail visit to assign a line defender, generally within 3 judicial days. The client is given a paper with information about applying for services upon release on bail and the name and phone number (free, not collect, calls) of the defender who is assigned. That information is also filed into the court record. For those who post bail, counsel is assigned after a formal application is made (see previous answer).
Initial Client Intake Conducted By Whom? (Name and Title)	When the order appointing counsel is received at the PDO, or after formal application, the information is entered into the database by either Diana G. Tambunga, secretary, or Ashley A. Bogac, secretary.

Does this District Use an Intake Form? (If So, Please Attach to Hard Copy)	The lawyers have been provided with an interview sheet to use when conducting client interviews at the jail. The first jail visit or video conference is done by the District Defender, during which data is entered into the database and notes are made. In most misdemeanor cases, no formal interview sheet is used for initial interviews. Copies of the interview sheets are attached, labeled Exhibit A.
Brief Explanation of Intake Process	The lawyers have been provided with an interview sheet to use when conducting client interviews at the jail. The first jail visit or video conference is done by the District Defender, during which data is entered into the database and notes are made. A line defender is assigned by the District Defender. In most misdemeanor cases, no formal interview sheet is used for initial interviews. Copies of the interview sheets are attached, labeled Exhibit A.

How Many Applications for Services Were Received?	Approximately 202
How Many Application Fees Were Waived?	Unknown; The application fee is waived while the defendant is incarcerated and only when a defendant has applied and been approved in an open pending case, and is subsequently charged in a new case. Only then is the fee waived in the second case.
How Many Application Fees Were Reduced?	None
Total Application Fee Dollars Collected in 2014	8,073. Previous reported amount (reported for CY2013) was inaccurate since other income was erroneously included.

\$45/\$35 Special Cost (Court Fees, per R.S.15:168)	
Total Revenue from \$45/\$35 Special Costs Received in 2014	679,819
Does the Court Assess the Mandatory Special Cost (Court Fee) in Every Case Resulting in Conviction? If Not, Explain.	Yes; except in some cases, where a term of incarceration, without suspension, is actually imposed. Additionally, if a client is arrested for failing to appear in court to prove that they have paid the court costs, the appointed lawyer may request credit for time served, in lieu of payment, in which case the money is not collected.
What, If Any, Accounting Documentation is Provided to You Regarding Fees Assessed and by Whom is it provided?	In those cases handled by a Public Defender, information is received from the trial lawyer. Ordered fees, over and above the mandatory \$45 court fee, are entered into the database from information received from the trial lawyer. A collection letter is then sent out to the client and followed up by a report to the Louisiana Department of Revenue's "Refund Offset Program" if said fees are not paid in a timely manner.

Who Collects the Assessed Court Fees?	As to the mandatory \$45 court fee, the sheriff collects the funds and distributes them monthly. Other court ordered fees are collected directly from the clients at the Public Defender Office or by a probation officer.
What, If Any, Accounting Documentation is Provided to You Regarding Fees Collected and by Whom is it Provided?	As to the mandatory \$45 court fee, a monthly statement is received from the sheriff specifying the amount collected. The District Attorney provides a monthly print out of costs collected. The Sheriff provides a form similar to that created by the LPDB.
Who Remits the Court Fees Collected?	Court Costs, including the mandatory \$45 court fee, are distributed by the sheriff.
What, If Any, Accounting Documentation is Provided to You Regarding Fees Remitted to You and by Whom is it Provided?	As to the mandatory \$45 court fee, a monthly statement is received from the sheriff specifying the amount distributed. Ordered fees, over and above the mandatory \$45 court fee, are entered into the database when received.
Partial Indigence Payments (per R.S.15:175/Ch.C.Art. 321)	
Method for Determining Reduced Rate Charged For Legal Services if Client is Deemed Capable of Partial Payment	At the time of application, if the answers to the financial inquiries indicate that the defendant is partially indigent, he/she is requested by the District Defender to set a reasonable weekly or monthly amount to pay until the disposition of the case, without creating a substantial financial hardship to him/herself or to his/her dependent(s).
What, If Any, Accounting Documentation is Provided to You Regarding Fees Assessed and by Whom is it Provided?	A record is made at the time of the application and certification is submitted to the judge. If the judge orders the payment, it is entered into the database as an ordered fee by either Diana G. Tambunga or Ashley A. Bogac.
Who Collects the Assessed Partial Payments?	The PDO staff collects the assessed partial payments.
What, If Any, Accounting Documentation is Provided to You Regarding Fees Collected and by Whom is it Provided?	A receipt is given and the payment is entered into the database by PDO staff.

**THE 41ST JUDICIAL DISTRICT
PUBLIC DEFENDERS' OFFICE
ORLEANS (NEW ORLEANS)**

DISTRICT DEFENDER: DERWYN D. BUNTON
2601 TULANE AVENUE, STE. 700
NEW ORLEANS, LA 70119
(504) 821-8101

41ST JUDICIAL DISTRICT

During calendar year 2014, the 41st Judicial District Public Defenders Office handled 22,011 cases. The office received \$6,078,135 in total revenues to handle these cases, approximately 61% of which came from local funding. This funding was derived primarily from traffic tickets and special court costs.

With the exception of a few anomalies, the 41st Judicial District has generally failed to realize the 25% increase in local funds that was expected to materialize as a result of Act 578 (2012).

The 41st Judicial District office has exhausted its fund balance, however due to significant investments made by the City of New Orleans, the office is expected to remain solvent.

In the 41st Judicial District, public defense attorneys make an average annual salary of \$51,570 while maintaining caseloads near the recommended caseload limit for each attorney.

Through increased training and supervision, client outcomes have significantly improved over the last five years.

CAPITAL REPRESENTATION

Since 2009, the 41st Judicial District has averaged 29 new capital prosecutions each year. However, the district only has the local capacity to handle four capital prosecutions and is almost completely reliant on program offices for representation.

Without the contract programs, the ability to prosecute capital cases will be greatly reduced in the 41st Judicial District due to a lack of capially certified attorneys and/or funding to support capital services in the District Office.

<p>Explain District's Method of Assigning Lawyers to Cases in Courts/Sections</p>	<p>Once appointed to the case by a judicial officer, after an initial conflict analysis, OPD assigns the case to either the OPD trial division, the OPD conflict division, or the OPD conflict panel. Within each of these, a case is assigned to an individual attorney based on the type of case/charge and the practice level of the attorney. OPD does continuous representation of all clients from appointment through the final disposition of the case. In the OPD Trial Division, case assignments are also made based on the initial allotment of the section of court for the case. In Municipal Court, all cases are misdemeanors and are at the same practice level. There, four full-time lawyers are permanently assigned to sections of court and cases are assigned after appointment based on the section of court for the case. Another full-time lawyer is also assigned to Municipal Court to handle cases in all sections of court. OPD employs one part-time attorney for Traffic Court and all traffic cases go to that attorney. Juvenile Court work is mostly handled independently by the Louisiana Center for Children's Rights (formally Juvenile Regional Services) through a contract between LCCR and the Louisiana Public Defender Board. Both the OPD Trial Division and the OPD Conflict Division represent juvenile clients who face the possibility of either discretionary or mandatory transfer from Juvenile Court to Criminal District Court. There is continuous representation of juvenile transfer clients by OPD Trial Division and OPD Conflict Division -- starting from the clients initial continued custody through disposition of the case in either Juvenile or Criminal District Court.</p>
<p>Name of Adult Detention Facilities in This District</p>	<p>Orleans Parish Prison, Templeman Phase V, Conchetta, Tents, Temporary Detention Center, and Central Lockup.</p>
<p>Name of Adult Detention Facilities Outside the District Which Hold Clients</p>	<p>Orleans Parish may house pre-trial clients outside the parish due to a lack of appropriate capacity in Orleans Parish Prison facilities, which is undergoing construction. For instance, OPD clients with acute mental illness are housed at the Hunt Correctional Facility. Other OPD clients are housed in St. Charles Parish. Additionally, OPD is called upon to represent clients held in Louisiana Department of Public Safety and Corrections (State) facilities. This usually occurs because clients are serving a sentence for one charge (or set of charges) while awaiting trial on another charge or charges.</p>
<p>Name of Juvenile Detention Facilities In This District</p>	<p>Youth Study Center; 1100 Milton Street, New Orleans, LA 70122</p>
<p>Name of Juvenile Detention Facilities Outside the District Which Hold Clients</p>	<p>N/A</p>
<p>Does the Location of Detention Facilities Affect Quality of Representation or Budget? If So, How?</p>	<p>OPD is not able to adequately represent clients held at facilities distant from Orleans Parish. With regard to clients with mental health issues held at Feliciana, we are attempting to institute a programmatic response, tasking a small unit of attorneys with handling mental health cases. This is a significant outlay of limited budget resources, but is necessary for the adequate representation of all clients.</p>
<p>Do your courts routinely bring juveniles before the judge in shackles if they are being held in detention or secure custody at the time of the hearing? If not, please describe your courts' shackling policy and procedure.</p>	<p>Yes</p>

Has Your District Experienced Any Difficulty Accessing Detained Clients at Any Detention Facility? If So, Please Describe	Due to difficulties seeing our detained clients in Orleans Parish Prison - long wait-times, lack of confidential and private meeting areas, irregular visitation hours - OPD sued Sheriff Marlin Gusman in Orleans Parish Civil District Court. OPD entered into a stipulated judgment and conditions are improving under the watchful eye of the court. Also, clients detained in facilities outside Orleans Parish hinder access to clients and costs OPD additional expenses for its staff to visit clients.

Veterans Court is designed to assist military veterans gain access to programming and support designed to assist them and prevent criminal involvement. Domestic Violence Court is an intensive probation. Homeless Court is designed to assist the homeless receive much needed treatment and services.
Indigency Determined by Whom and How?	In Criminal District Court, the judicial officer at first appearance determines indigency for arrestees - often with the assistance of information gathered by interviews of the arrestee by New Orleans Pretrial Services. Sometimes, there is also a colloquy between the arrestee and the judicial officer before the determination is made. If an arrestee has not been deemed indigent at first appearances, the arrestee is then set for a hearing to determine counsel (HTDC) within a week. If the arrestee is still incarcerated at the HTDC, and has not secured private counsel, the arrestee is deemed indigent and appointed to OPD. In Criminal District Court, judges routinely revisit indigency determinations at arraignment. In Municipal Court, first appearance and arraignment occur simultaneously. Incarcerated arrestees are presumed indigent by the court. Those not in custody who cannot afford to hire attorneys are referred to OPD staff, who interview the defendant and makes a recommendation to the Court. The Municipal Court judge then makes a decision regarding indigency.
When is Assignment/Appointment of Counsel Made?	OPD assigns counsel after an indigency and appointment determination is made by the Court. For the majority of assignments, OPD assigns an attorney to the case on the same day OPD is assigned to the case. When appointment is made at night or weekends, OPD assigns the case to an attorney within 24 hours.
Initial Client Intake Conducted By Whom? (Name and Title)	At First Appearances, initial client intake is conducted either by the magistrate attorney or by a client advocate from OPD's Client Services Division. After appointment, the attorney assigned does the initial interview. If the OPD client is incarcerated, the initial interview is conducted by the assigned attorney within 72 hours of appointment.
Does this District Use an Intake Form? (If So, Please Attach to Hard Copy)	Yes

Brief Explanation of Intake Process	OPD and the judges of the Orleans Parish Criminal District Court entered into an agreement to work cooperatively to carry out the mandates of La. R.S. 15:1758. On June 3, 2011, the judges met en banc and approved a plan to assist OPD in the collection of the \$40.00 application fee. If a defendant is deemed to be indigent at arraignment, the judge will order the defendant to pay the application fee of \$40 to the cashier on the first floor of Criminal District Court. In Municipal Court, any application fee is paid to OPD staff.
\$40 Application Fees (per R.S. 14:175)	
Does the Office Collect the \$40 Application Fee?	Yes, the OPD collects the application fee in Municipal Court. No, the OPD does not collect the application fee in Criminal District Court. The fee is paid to the CDC's cashier.
How Many Applications for Services Were Received?	Once the court determines a defendant to be indigent and appoints OPD to represent the defendant, there is no additional application that the defendant must complete in order to receive representation. The defendant may complete a brief client questionnaire with contact information, medical issues, and other issues the defendant may want to bring to the attention of the assigned attorney.
How Many Application Fees Were Waived?	Pursuant to an agreement entered into with the Criminal District Court, the court will not order pretrial detained, indigent defendants to pay the \$40 application fee. In other words, the fee is practically waived for incarcerated, indigent defendants.
How Many Application Fees Were Reduced?	Pursuant to an agreement entered into with the Criminal District Court, the application fee is not reduced. The defendant must pay the full \$40.
Total Application Fee Dollars Collected in 2014	\$8,771 (\$3,761 from Criminal District Court (CDC), collected by CDC cashiers and \$5,010 from Municipal Court, collected by OPD).
Does Another Agency Collect This Fee On Your Office's Behalf? If So, Which Agency Collects These Fees?	OPD does not physically collect the \$40 fee from the indigent defendant in Criminal District Court. The defendants are ordered by the court to pay the fee to the Cashier's Office in the Criminal District Court. The defendants are provided with a payment slip which they are to bring to the Cashier's Office. The Criminal District Court charges a 25% collection fee.
\$45/\$35 Special Cost (Court Fees, per R.S.15:168)	
Total Revenue from \$45/\$35 Special Costs Received in 2014	1,642,933 (Revenue was down in 2014. However, in 2013, \$200,180 in safety belt revenue was included in the \$2,120,118 total that should not have been).
Does the Court Assess the Mandatory Special Cost (Court Fee) in Every Case Resulting in Conviction? If Not, Explain.	Every time there is a conviction, judges assess court costs. Included in the court costs is the mandatory special cost. Many judges do not specify on the record that they are assessing the mandatory special cost. Thus, the understanding is the special cost is included in the total court costs that is assessed to each convicted defendant.
What, If Any, Accounting Documentation is Provided to You Regarding Fees Assessed and by Whom is it provided? The payment summary includes: the defendants name, section and case number, date the costs are assessed and collected, amount of assessment and actual collection.
Who Collects the Assessed Court Fees?	The Cashier's Offices in the courts collect all court fines, fees and costs.
What, If Any, Accounting Documentation is Provided to You Regarding Fees Collected and by Whom is it Provided?	The Judicial Administrators are responsible for providing documentation to OPD on a monthly basis.

The payment summary includes: the defendants name, section and case number, date the costs are assessed and collected, amount of assessment and actual collection.
Partial Indigence Payments (per R.S.15:175/Ch.C.Art. 321)	

Method for Determining Reduced Rate Charged For Legal Services if Client is Deemed Capable of Partial Payment	The judges will determine whether a defendant is indigent or partially indigent. If the defendant is partially indigent, the judges will assess a representation fee to the defendant. The judges do not provide any documentation to the defendant but orders the defendant to pay the Indigent Defender Fund either by the next court date or by the end of the case.
What, If Any, Accounting Documentation is Provided to You Regarding Fees Assessed and by Whom is it Provided?	N/A
Who Collects the Assessed Partial Payments?	The defendant is ordered to pay the Indigent Defender Fund directly. The defendant then comes to OPD and makes a payment or a payment arrangement with the administrative staff.
What, If Any, Accounting Documentation is Provided to You Regarding Fees Collected and by Whom is it Provided?	Since this fee is collected by OPD directly, OPD is responsible for accounting this money.
Who Remits the Partial Payments Collected?	Again, since this fee is collected by OPD directly, OPD is responsible for accounting this money from collection to remittance.
What, If Any, Accounting Documentation is Provided to You Regarding Fees Remitted to You and by Whom is it Provided?	Again, since this fee is collected by OPD directly, OPD is responsible for accounting this money from collection to remittance.

Other than funding issues, what External Factors (outside of your control) Negatively Affect the Delivery of Services in Your District?	The ongoing issue regarding jail visitation and contact/confidential visits, which is currently under a stipulated judgment from a lawsuit filed on behalf of OPD, affects delivery of services. Hostile and unprofessional reaction to zealous advocacy for our clients, especially in the presence of our clients, affects our delivery of services. The inability to meaningfully consult with and interview clients after appointment and before first appearances, affects our advocacy for our clients at First Appearances.

<p>What Changes Have You Implemented in Your District Office in 2014 That Have Improved the Delivery of Public Defender Services?</p>	<p>OPD increased its training capacity in 2014 - holding numerous CLE sessions, monthly investigator trainings, weekly trainings for new attorneys, and weekly caserounds by practice level. OPD improved and grew both the Capital Division (started in late 2012) and the Conflict Division (re-started in late 2012). 2014 also involved continued implementation of planned changes to the OPD conflict panel. The quality of panel attorneys has improved and the billing process was simplified and streamlined for increased savings. In addition, in 2014 OPD sought outside funding sources to improve delivery of Public Defender Services -- including the Ben Levick-Sullivan investigative fellowship and City funding for an additional social worker for Client Service Division. 2014 was the second full year of our reorganized, consolidated Client Services Division, which assists OPD in fulfilling its mission to advocate for our clients in a more holistic and comprehensive manner. 958 new direct services were initiated to 574 different OPD clients (with new 2014 cases) by OPD's Client Services Division -- including alternatives to incarceration, assisting with substance abuse and mental health treatment for clients, social service referrals and mitigation.</p>

THE 42ND JUDICIAL DISTRICT
PUBLIC DEFENDERS' OFFICE
DESOTO (MANSFIELD)

DISTRICT DEFENDER: STEVEN R. THOMAS
111 NORTH WASHINGTON AVENUE
MANSFIELD, LA 71052
(318) 872-6250

42ND JUDICIAL DISTRICT DESOTO PARISH

During calendar year 2014, the 42nd Judicial District Public Defenders Office handled 1,538 cases. Traditionally self-reliant, the 42nd PDO's local revenues have slowly increased since FY11, primarily from traffic tickets and special court costs, with a notable FY13 increase during the Haynesville Shale Natural Gas Boom.

From FY11 to FY14 expenditures have remained relatively constant resulting in Fund Balance accruals. By virtue of a Cooperative Endeavor Agreement with the 11th PDO following the creation of the 42nd, the fund balance of both districts are shared. The shortfalls in the 11th are slowly depleting gains in the 42nd.

Since the passage of Act 578 (2012) in the 42nd PDO, the expected 25% increase in local revenues has frequently failed to materialize. Act 578 revenue expectations were met or exceeded in only 8 out of 24 months during FY13 and FY14, as shown in the graph below.
