3. IC TRAVEL (ALTERNATE I) (11/01) Travel Costs are a Separate Contract Line Item from the Service Line Item(s) Travel costs are not included in the IC's base service fee. However, travel costs are part of the overall contract value. The IC will invoice and be paid necessary costs incurred in connection with travel as authorized by the Government: - Invoicing and reimbursement for travel lodging and meals and incidental (M&IE) expenses will be limited to the lesser of: a. The rates and allowances in effect at the time of travel as set forth under the Federal Travel Regulations (for travel in the conterminous 48 United States), the Joint Travel Regulation (for travel in Alaska, Hawaii, The Commonwealth of Puerto Rico, and territories and possessions of the United States), or the Standardized Regulations for travel in areas not covered by the Federal Travel Regulations or the Joint Travel Regulation, or b. The alternate rate (if any) established by the component funding the contract. - Airfare or other transportation costs shall be invoiced and reimbursed to the extent that the costs comply with the provisions of section 301-10 (transportation, including Fly America provisions) of the Federal Travel Regulations (FTRs) and the policies of the component that is funding the contract. Business class travel must be approved in advance by the component that is funding the contract. In special or unforeseen situations, costs in excess of the above limits may be allowed, subject to the approval of the Contracting Officer and the Approving Officer of component that is funding the travel. Such approval must be obtained in advance, unless the circumstances were unforeseen (e.g. incidences of civil unrest or natural disaster). A scheduled event (e.g. the Olympics) cannot be considered to be an unforeseen circumstance. Thus, advance approval would be required to invoice costs in excess of the above limits. Funds for travel expenses under this contract will not be advanced to the IC. All travel reimbursements under this contract are considered taxable income and will appear on the IC's Form 1099. Thus, the IC is to retain travel receipts for tax purposes; receipts are not to be submitted with the invoice. <u>Task fee</u>	<u>Travel & ODC's</u>	<u>Total Contract Value</u>
\$79,000	\$20,900	\$99,900

3. PERIOD OF PERFORMANCE (03/03)

The period of performance of this contract shall be from 13 June 2003 to 12 June 2004.

4. IC TRAVEL (ALTERNATE I) (03/03) Travel Costs are a Separate Contract Line Item from the Service Line Item(s)

Travel costs are not included in the IC's base service fee. However, travel costs are part of the overall contract value. The IC will invoice and be paid necessary costs incurred in connection with travel as authorized by the Government.

- Invoicing and reimbursement for travel lodging and meals and incidental (M&IE) expenses will be limited to the lesser of:
 - a. The rates and allowances in effect at the time of travel as set forth under the Federal Travel Regulations (for travel in the contiguous 48 United States), the Joint Travel Regulation (for travel in Alaska, Hawaii, The Commonwealth of Puerto Rico, and territories and possessions of the United States), or the Standardized Regulations for travel in areas not covered by the Federal Travel Regulations or the Joint Travel Regulation; or
 - b. The alternate rate (if any) established by the component funding the contract
- Airfare or other transportation costs shall be invoiced and reimbursed to the extent that the costs comply with the provisions of section 301-10 (transportation, including Fly America provisions) of the Federal Travel Regulations (FTRs) and the policies of the component that is funding the contract. Business class travel may be allowable if it is in accordance with the terms of section 301-10.124 of the FTRs and the policies of the component that is funding the contract. Business class travel must be approved in advance by the component that is funding the contract.

In special or unforeseen situations, costs in excess of the above limits may be allowed, subject to the approval of the Contracting Officer and the Approving Officer of component that is funding the travel. Such approval must be obtained in advance, unless the circumstances were unforeseen (e.g. incidences of civil unrest or natural disaster). A scheduled event (e.g. the Olympics) cannot be considered to be an unforeseen circumstance. Thus, advance approval would be required to invoice costs in excess of the above limits.

Funds for travel expenses under this contract will not be advanced to the IC. All travel reimbursements under this contract are considered taxable income and will appear on the IC's Form 1099. Thus, the IC is to retain travel receipts for tax purposes; receipts are not to be submitted with the invoice. The Government has the right to examine such receipts for the purpose of verifying invoices.

5. NON PUBLICITY (03/03)

It is a material condition of this contract that the IC shall not use or allow to be used any aspect of this contract for publicity or advertisement purposes. It is further understood that this obligation does not expire upon completion or termination of this contract, but continues indefinitely. The IC may request a waiver or release from the foregoing but shall not deviate there from unless authorized to do so in writing by the Contracting Officer. It is further agreed that this contractual relationship shall not be disclosed except as allowed by law or regulation.

6. ELECTRONIC INVOICING (03/03)

Invoices may be submitted as tasks or sub-tasks are completed, but not more often than once a month.

If the IC has access to the e-Invoicing system (which resides on the Agency Data Services Network), the IC shall submit all invoices electronically via the e-Invoicing system, in accordance with the procedures for that system. The IC may use the e-Invoicing system to directly check the status of invoices the IC has submitted via that system.

If the IC does not have access to the e-Invoicing system, the IC shall submit hard copy invoices to the IC's Independent Contract Administrator (ICA), who in-turn shall input the data into the e-Invoicing system. The hard copy invoices submitted by the IC to the ICA shall be proper and complete. To be considered proper and complete, an invoice must include:

- a. the IC's name;
- b. an invoice number;
- c. the invoice date;
- d. the contract number;
- e. a description of the tasks and price for services actually rendered;
- f. dates services performed;
- g. the IC's signature; and,
- h. any other information or documentation required by this contract.

If the IC is working at a field location that precludes the IC from having access to the e-Invoicing system, or that precludes the IC from presenting invoices directly to the ICA, the IC is to present proper and complete invoices to the Chief of the Installation or designee. The Chief of Installation or designee is then responsible for transmitting the invoice information to the ICA in accordance with internal procedures.

The payment periods designated by the Prompt Payment Act will begin on the date a proper and complete invoice is received in CFO. Vendor Payments via the e-Invoice system.

For invoices submitted via an ICA (either directly or through the Chief or the Chief's designee at a field installation), the IC shall direct inquiries to the ICA regarding the status of previously submitted invoices.

7. ELECTRONIC FUNDS TRANSFER (03/03)

Payments under this contract shall be made by the Government by electronic funds transfer only. The IC shall designate a financial institution for receipt of electronic funds transfer payments and shall submit the proper information to the Contracting Officer on a Standard Form 1199A or an alternate form provided by the Contracting Officer. In the event the IC, during the performance of this contract, elects to designate a different financial institution for the receipt of payment, notification of such change and the required information specified above must be received by the appropriate Government official 30 days prior to the date such change is to become effective. IC's failure to properly designate a financial institution or to provide appropriate payee bank account information will delay payments.

8. PROMPT PAYMENT (03/03)

The IC is entitled to payment in accordance with the Prompt Payment Act. Specifically, the due date for making invoice payments shall be on the 30th (calendar) day after the designated billing office has received a proper invoice from the IC. Payment shall be considered as being made on the day the electronic funds transfer is made. An interest penalty shall be paid if payment is not made by the due date and

a proper invoice was received by the designated billing office.

9. TERMINATION (03/03)

This contract may terminate earlier than the end of the period of performance for any of the following reasons:

- If the Contracting Officer determines that a real or potential conflict of interest exists with respect to the relationships described in the "Rules of Conduct/Conflict of Interest" paragraph below, the Government may terminate this contract upon ten (10) days notice.
- Upon thirty (30) days notice by either party for any reason.
- By the Director of Central Intelligence or designee, in accordance with the Director's non-reviewable discretion, when termination is in the interests of the United States.
- When the Contracting Officer determines that the IC has failed to fully comply with the security requirements of this contract as a result of the willful misconduct or lack of good faith.

Upon termination of this contract, the IC will be required to turn in his/her badge or any other items of identification issued by this Agency as well as any Government-purchased, owned or provided property. Termination or expiration of this agreement will not release the IC from the security restrictions or from the obligations of any security oath that he or she may have taken. In event of termination, the Government shall be liable only for payment for services rendered prior to the effective date of termination.

10. FOREIGN TRAVEL (03/03)

On return from official or personal travel outside the United States, the IC shall report to the cognizant Contracting Officer's Security Representative (COSR) any unusual incidents, including incidents of potential security concern, encountered during such travel.

11. FOREIGN CONTACTS (03/03)

The IC shall report to the cognizant Contracting Officer's Security Representative (COSR) all contacts with individuals of any foreign nationality, either within or outside of the scope of the IC's official activity, in which: (a) illegal or unauthorized access is sought to classified or other sensitive information; or (b) the IC is concerned that he/she may be the target of actual or attempted exploitation by a foreign entity.

12. TAX AND LICENSES (03/03)

This contract is written to the best of the Government's ability to conform to Internal Revenue Service tax guidelines for Independent Contractors as presently known. Tax concerns of the IC should be discussed with a tax consultant/attorney on an unclassified basis. If classified information is involved, the IC's tax consultant or attorney must be cleared by the Government and approval must be received from the ICA and COSR prior to discussing any classified information with the tax consultant/attorney. No taxes will be withheld from the contract price. It is the responsibility of the IC to report such income under existing federal, state, and self-employment (Social Security) income tax laws and regulations. The IC is also responsible for obtaining any necessary business licenses and paying any Federal, state, or local taxes.

13. EXECUTION OF DOCUMENTS (03/03)

If, during performance under this contract, the IC assumes the custody of United States Government funds or takes possession of property of any nature whatsoever and wherever situated, which property has in fact been purchased with monies of the United States Government, the IC hereby recognizes and acknowledges the existence of a trust relationship, either express or constructive, and agrees to execute whatever documents may be required by the Government to evidence this relationship.

14. STATUS (03/03)

The IC's legal status under this agreement is that of an Independent Contractor. Nothing contained herein shall be construed as appointing the IC into the civil service of the United States, implying the creation of an employer-employee relationship, or establishing any entitlement to federal retirement benefits or any other federal employee benefits, such as benefits under the Federal Employees' Compensation Act. If the IC feels such a situation exists, he/she is obligated to inform immediately the Contracting Officer.

15. INSURANCE (03/03)

The IC assumes all risks associated with his/her performance under this contract. As such, the IC is encouraged to obtain appropriate insurance (e.g., liability, health, automobile, disability, professional, etc.) to cover such risks. The IC acknowledges that, unless otherwise provided in this contract, the IC will not be reimbursed for any insurance related costs.

16. RULES OF CONDUCT (03/03)

If work will occur on Government premises, the IC acknowledges that the Agency has a zero tolerance policy for harassing behavior as defined in AR 9-2. Any IC who is found to be culpable in incidents of harassment on Government premises may be escorted from the premises and denied further access. As a specific condition of this contract, the IC agrees to observe and be bound by all conduct regulations of this Agency.

17. CONFLICT OF INTEREST (03/03)

The IC agrees to provide, upon request, a listing of relationships and activities which are external to this Agency, and it is understood that such listing shall be reviewed by appropriate members of this Agency for the purpose of determining whether a real or potential conflict of interest exists.

18. SECRECY AGREEMENT (03/03)

This contract specifically incorporates the provisions of all secrecy agreements signed by the IC in consideration for service with this organization, including pre-publication requirements.

19. MERGER CLAUSE (03/03)

The parties mutually agree that this contract encompasses all provisions and entitlements offered prior to the IC's engagement and that no promises or commitments pertaining to rights, privileges, or provisions other than those expressly stipulated in writing in this agreement or any written modification thereto shall be binding on the United States Government.

20. CHOICE OF LAW (03/03)

This agreement is to be interpreted under the laws of the United States of America and the U.S. common law.

21. COPYRIGHT (03/03) (Applies if the Independent Contractor prepares reports & studies).

The IC agrees not to register or allow to be registered any claim to copyright consisting of any work subject to copyright that is first produced in the performance of this contract without prior written permission of the Contracting Officer. When a claim to copyright is made by registration with the U.S. Copyright Office, the IC shall affix the appropriate copyright notice of 17 U.S.C. 401 and 402 and acknowledgment of Government sponsorship to such data when delivered to the Government, as well as when the works are published and/or deposited for registration with the U.S. Copyright Office. In such cases, the IC grants to the Government, and others acting on its behalf, a paid-up non-exclusive, irrevocable, worldwide license for all such data to reproduce, prepare derivative works, distribute copies to the public, and perform publicly and display publicly, by or on behalf of the Government.

The IC also agrees, upon request from the Contracting Officer, to assign copyright in works first produced in the performance of this contract to the United States Government where the works are intended for the Government's internal use only, as determined by the Contracting Officer. Copyright may also be assigned to the Government where the copyrighted works are unsuitable for commercial exploitation because of the subject matter or lack of commercial capabilities, as mutually determined by the parties to this contract. The IC agrees to execute all applicable documents necessary to effectuate the assignment.

To be consistent with Executive Order 12333, the IC may be required to attribute the Agency as the source of the materials. This requirement applies regardless of whether the materials are copyrighted or not.

22. GOVERNMENT CLOSURES (SCHEDULED/UNSCHEDULED HOLIDAYS, WEATHER, ETC.) (03/03)

When Agency employees have been officially released from work, the IC must work in accordance with the terms of this contract, unless (a) the Government prohibits the IC from working; or (b) the work requires interaction with the released Government employees. If the workplace is accessible, then the IC shall continue performance. If the workplace is inaccessible, then the IC may be entitled only to additional time to complete performance as determined by the Contracting Officer. If this contract is a Fixed-Price Level-of-Effort or Labor-Hour contract, the IC shall be paid only for the hours worked.

23. VEHICLE INSURANCE & MOTOR VEHICLE ACCIDENTS (03/03) -- IC Solely Responsible; Use of a Government-Owned Vehicle Not Authorized

The IC is not an employee of the United States Government and shall be solely responsible for any liability, including liability to third parties, resulting from activities involving motor vehicles, including rental vehicles or privately-owned vehicles. Such expenses shall not be reimbursed in whole or in part by the Government. The IC is not authorized to use a Government-owned vehicle for performance of this contract.

24. SERVICE AND CANCELLATION (03/03)

The Government agrees to provide, at a minimum, five (5) working days notice in the event that any block of scheduled services to be provided hereunder is not required in its entirety. Under such circumstances, there are no costs to be borne by the Government in association with the cancellation of a scheduled block of services in its entirety. In the event that the Government fails to provide the indicated minimum notification, the IC may invoice the Government for such canceled blocks of scheduled appointments in accordance with the payment terms set forth herein unless, as may be determined by the Contracting Officer, that cancellation is due to an act of God (i.e. singular, unexpected and irregular visitation of a force of nature). In those instances where individual appointments, vice an entire scheduled block of appointments are canceled, the IC shall only invoice and be paid for those services actually performed. The Independent Contractor Administrator (ICA) will be informed of all cancellations with less than the required five (5) working days notice for which the Government is to be invoiced. It is further understood and agreed that the IC shall provide the ICA a minimum of three (3)

1. SERVICES (ALT I) (FEE FOR TASK) (11/01)

The Contractor shall provide the following tasks:

- Task 1. Provide consultation and recommendations for applying methodology/CONUS
 Task 2. Conduct specific applied research projects/CONUS

2. PRICE (ALT IB) (FEE FOR TASK - WITH ADDITIONAL CONTRACT FUNDS FOR TRAVEL) (11/01)

In consideration for the satisfactory completion of all of the tasks described below, as determined by a responsible Agency official, the contractor will be paid a firm, fixed price of \$348,000.00. This amount will be disbursed as follows:

Task 1. For the satisfactory completion of consultation and recommendation for applying methodology/CONUS:
 \$,1000.00/per day.

Task 2. For the satisfactory completion of conducting specific applied research projects/CONUS: \$1,8000.00/per day.

In addition to the above task fee, this contract also includes travel expenses not to exceed \$,448,000.00. Therefore, the total price of this contract is as follows:

Task fee	Travel	Total Contract Value
\$270,000.00	\$76,500.00	\$348,000.00

3. IC TRAVEL (ALTERNATE D) (11/01) Travel Costs are a Separate Contract Line Item from the Service Line Item(s) Travel costs are not included in the IC's base service fee. However, travel costs are part of the overall contract value. The IC will invoice and be paid necessary costs incurred in connection with travel as authorized by the Government.

- Invoicing and reimbursement for travel lodging and meals and incidental (M&IE) expenses will be limited to the lesser of:

- The rates and allowances in effect at the time of travel as set forth under the Federal Travel Regulations (for travel in the conterminous 48 United States), the Joint Travel Regulation (for travel in Alaska, Hawaii, The Commonwealth of Puerto Rico, and territories and possessions of the United States), or the Standardized Regulations for travel in areas not covered by the Federal Travel Regulations or the Joint Travel Regulation; or
- The alternate rate (if any) established by the component funding the contract.

- Airfare or other transportation costs shall be invoiced and reimbursed to the extent that the costs comply with the provisions of section 301-10 (transportation, including Fly America provisions) of the Federal Travel Regulations (FTRs) and the policies of the component that is funding the contract. Business class travel may be allowable if it is in accordance with the terms of section 301-10.124 of the FTRs and the policies of the component that is funding the contract. Business class travel must be approved in advance by the component that is funding the contract.

In special or unforeseen situations, costs in excess of the above limits may be allowed, subject to the approval of the Contracting Officer and the Approving Officer of component that is funding the travel. Such approval must be obtained in advance, unless the circumstances were unforeseen (e.g. incidences of civil unrest or natural disaster). A scheduled event (e.g. the Olympics) cannot be considered to be an unforeseen circumstance. Thus, advance approval would be required to invoice costs in excess of the above limits.

Funds for travel expenses under this contract will not be advanced to the IC. All travel reimbursements under this contract are considered taxable income and will appear on the IC's Form 1099. Thus, the IC is to retain travel receipts for tax purposes; receipts are not to be submitted with the invoice. The Government has the right to examine such receipts for the purpose of verifying invoices.

4. NON PUBLICITY (11/01)

It is a material condition of this contract that the Contractor shall not use or allow to be used any aspect of this contract for publicity or advertisement purposes. It is further understood that this obligation does not expire upon completion or termination of this contract, but continues indefinitely. The Contractor may request a waiver or release from the foregoing but shall not deviate there from unless authorized to do so in writing by the Contracting Officer. It is further agreed that this contractual relationship shall not be disclosed except as allowed by law or regulation.

5. ELECTRONIC INVOICING (03/02)

Invoices may be submitted as tasks or sub-tasks are completed, but not more often than once a month.

If the IC has access to the e-Invoicing system (which resides on the Agency Data Services Network), the IC shall submit all invoices electronically via the e-Invoicing system, in accordance with the procedures for that system. The IC may use the e-Invoicing system to directly check the status of invoices the IC has submitted via that system.

If the IC does not have access to the e-Invoicing system, the IC shall submit hard copy invoices to the IC's Independent Contract Administrator (ICA), who in-turn shall input the data into the e-Invoicing system. The hard copy invoices submitted by the IC to the ICA shall be proper and complete. To be considered proper and complete, an invoice must include:

- a. the IC's name;
- b. an invoice number;
- c. the invoice date;
- d. the contract number;
- e. a description of the tasks and price for services actually rendered;
- f. dates services performed;
- g. the IC's signature; and,
- h. any other information or documentation required by this contract.

If the IC is working at a field location that precludes the IC from having access to the e-Invoicing system, or that precludes the IC from presenting invoices directly to the ICA, the IC is to present proper and complete invoices to the Chief of the Installation or designee. The Chief of Installation or designee is then responsible for transmitting the invoice information to the ICA in accordance with internal procedures.

The payment periods designated by the Prompt Payment Act will begin on the date a proper and complete invoice is received in CPO Vendor Payments via the e-Invoice system.

For invoices submitted via an ICA (either directly or through the Chief or the Chief's designee at a field installation), the IC shall direct inquiries to the ICA regarding the status of previously submitted invoices.

6. ELECTRONIC FUNDS TRANSFER (11/01)

Payments under this contract shall be made by the Government by electronic funds transfer only. The Contractor shall designate a financial institution for receipt of electronic funds transfer payments and shall submit the proper information to the Contracting Officer on a Standard Form 1199A or an alternate form provided by the Contracting Officer. In the event the Contractor, during the performance of this contract, elects to designate a different financial institution for the receipt of payment, notification of such change and the required information specified above must be received by the appropriate Government official 30 days prior to the date such change is to become effective. Contractor's failure to properly designate a financial institution or to provide appropriate payee bank account information will delay payments.

7. PROMPT PAYMENT (11/01)

The Contractor is entitled to payment in accordance with the Prompt Payment Act. Specifically, the due date for making invoice payments shall be on the 30th (calendar) day after the designated billing office has received a proper invoice from the Contractor. Payment shall be considered as being made on the day the electronic funds transfer is made. An interest penalty shall be paid if payment is not made by the due date and a proper invoice was received by the designated billing office.

8. TERMINATION (11/01)

In addition to either party's common law right to terminate the contract for default, this contract may terminate earlier than the target date listed on page one for any of the following reasons:

- (a) If the Contracting Officer determines that a real or potential conflict of interest exists with respect to the relationships described in the "Rules of Conduct/Conflict of Interest" paragraph below, the Government may terminate this contract upon ten (10) days notice.
- (b) Upon thirty (30) days notice by either party for any reason.
- (c) By the Director of Central Intelligence or designee, in accordance with the Director's non-reviewable discretion, termination is deemed necessary or advisable in the interest of the United States.
- (d) When the Contracting Officer determines that the IC has failed to fully comply with the security requirements of this contract as a result of the willful misconduct or lack of good faith.

Upon termination of this contract, the Contractor will be required to turn in his/her badge or any other items of identification issued by this Agency as well as any Government-purchased, owned or provided property.

Termination or expiration of this agreement will not release the Contractor from the security restrictions or from the obligations of any security oath that he or she may have taken.

9. FOREIGN TRAVEL (11/01)

On return from official or personal travel outside the United States, the IC shall report to the cognizant Contracting Officer's Security Representative (COSR) any unusual incidents, including incidents of potential security concern, encountered during such travel.

10. FOREIGN CONTACTS (11/01)

The IC shall report to the cognizant Contracting Officer's Security Representative (COSR) all contacts with individuals of any foreign nationality, either within or outside of the scope of the IC's official activity, in which: a) illegal or unauthorized access is sought to classified or other sensitive information, or b) the IC is concerned that he/she may be the target of actual or attempted exploitation by a foreign entity.

1. SERVICES (ALT 1) (FEE FOR TASK) (03/03)

The Independent Contractor (IC) shall provide psychological consultation and training support services to the debriefing programs of Counter-terrorism Center (CTC):

Task 1. Contractor will provide OCONUS on-site guidance to CTC's debriefing efforts (max. 150 days).

Task 2. Contractor will provide CONUS consultative support and specialized training to CTC (max. 120 days).

2. PRICE (ALT 1B) (FEE FOR TASK - WITH ADDITIONAL CONTRACT FUNDS FOR TRAVEL) (03/03)

In consideration for the satisfactory completion of all of the tasks described below, as determined by a responsible Agency official, the IC will be paid a firm, fixed price of \$390,000. This amount will be disbursed as follows:

Task 1. For the satisfactory completion of OCONUS on site guidance, \$1,800 per day (\$1,800,000 max.)

Task 2. For the satisfactory completion of CONUS consultative support and specialized training, \$1,000 per day (\$120,000 max.)

In addition to the above task fee, this contract also includes Travel Expenses not to exceed \$75,000, Other Direct Costs (related to quick reactive responses) not to exceed \$1,500 and Personal Liability Insurance not to exceed \$1,000. Therefore, the total price of this contract is as follows:

<u>Task fee</u>	<u>Travel</u>	<u>Other</u>	<u>Personal Liability</u>	<u>Total</u>
		<u>Direct Costs</u>	<u>Insurance</u>	<u>Contract Value</u>
\$390,000	\$75,000	\$1,500	\$1,000	\$467,500

3. PERIOD OF PERFORMANCE (03/03)

The period of performance of this contract shall be from 01 January 2004 through 31 December 2004.

4. IC TRAVEL (ALTERNATE 1) (03/03) Travel Costs are a Separate Contract Line Item from the Service Line Item(s)

Travel costs are not included in the IC's base service fee. However, travel costs are part of the overall contract value. The IC will invoice and be paid necessary costs incurred in connection with travel as authorized by the Government:

- Invoicing and reimbursement for travel lodging and meals and incidental (M&IE) expenses will be limited to the lesser of:

a. The rates and allowances in effect at the time of travel as set forth under the Federal Travel Regulations (for travel in the contiguous 48 United States), the Joint Travel Regulation (for travel in Alaska, Hawaii, The Commonwealth of Puerto Rico, and territories and possessions of the United States), or the Standardized Regulations for travel in areas not covered by the Federal Travel Regulations or the Joint Travel Regulation; or

b. The alternate rate (if any) established by the component funding the contract.

Airfare or other transportation costs shall be invoiced and reimbursed to the extent that the costs comply with the provisions of section 301.10 (transportation, including Fly America provisions) of the Federal Travel Regulations (FTRs) and the policies of the component that is funding the contract. Business class travel may be allowable if it is in accordance with the terms of section 301.10.1.4 of the FTRs and the policies of the component that is funding the contract. Business class travel must be approved in advance by the component that is funding the contract.

In special or unforeseen situations, costs in excess of the above limits may be allowed, subject to the approval of the Contracting Officer and the Approving Officer of the component that is funding the travel. Such approval must be obtained in advance, unless the circumstance were unforeseen (e.g., incidences of civil unrest or natural disasters). A scheduled event (e.g., the Olympics) cannot be considered to be an unforeseen circumstance. Thus, advance approval would be required to invoice costs in excess of the above limits.

Funds for travel expenses under this contract will not be advanced to the IC. All travel reimbursements under this contract are considered taxable income and will appear on the IC's Form 1099. Thus, the IC is to retain travel receipts for tax purposes; receipts are not to be submitted with the invoice. The Government has the right to examine such receipts for the purpose of verifying invoices.

5. NON PUBLICITY (03/03)

It is a material condition of the contract that the IC shall not use or allow to be used any aspect of this contract for publicity or advertisement purposes. It is further understood that this obligation does not expire upon completion or termination of this contract, but continues indefinitely. The IC may request a waiver or release from the foregoing but shall not deviate therefrom unless authorized to do so in writing by the Contracting Officer. It is further agreed that this contractual relationship shall not be disclosed except as allowed by law or regulation.

6. ELECTRONIC INVOICING (03/03)

Invoices may be submitted as tasks or sub-tasks are completed, but not more often than once a month.

If the IC has access to the e-Invoicing system (which resides on the Agency Data Services Network), the IC shall submit all invoices electronically via the e-Invoicing system, in accordance with the procedures for that system. The IC may use the e-Invoicing system to directly check the status of invoices the IC has submitted via that system.

If the IC does not have access to the e-Invoicing system, the IC shall submit hard copy invoices to the IC's Independent Contract Administrator (ICA), who in-turn shall input the data into the e-Invoicing system. The hard copy invoices submitted by the IC to the ICA shall be proper and complete. To be considered proper and complete, an invoice must include:

- a. the IC's name;
- b. an invoice number;
- c. the invoice date;
- d. the contract number;
- e. a description of the tasks and price for services actually rendered;
- f. dates services performed;
- g. the IC's signature; and
- h. any other information or documentation required by this contract.

If the IC is working at a field location that precludes the IC from having access to the e-Invoicing system, or that precludes the IC from presenting invoices directly to the ICA, the IC is to present proper and complete invoices to the Chief of the Installation or designee. The Chief of Installation or designee is then responsible for transmitting the invoice information to the ICA in accordance with internal procedures.

The payment periods designated by the Prompt Payment Act will begin on the date a proper and complete invoice is received in CFO Vendor Payments via the e-Invoice system.

For invoices submitted via an ICA (either directly or through the Chief or the Chief's designee at a field installation), the IC shall direct inquiries to the ICA regarding the status of previously submitted invoices.

7. ELECTRONIC FUNDS TRANSFER (03/03)

Payments under this contract shall be made by the Government by electronic funds transfer only. The IC shall designate a financial institution for receipt of electronic funds transfer payments and shall submit the proper information to the Contracting Officer on a Standard Form 1199A or an alternate form provided by the Contracting Officer. In the event the IC, during the performance of this contract, elects to designate a different financial institution for the receipt of payment, notification of such change and the required information specified above must be received by the appropriate Government official 30 days prior to the date such change is to become effective. IC's failure to properly designate a financial institution or to provide appropriate payee bank account information will delay payments.

8. PROMPT PAYMENT (03/03)

The IC is entitled to payment in accordance with the Prompt Payment Act. Specifically, the due date for making invoice payments shall be on the 30th (calendar) day after the designated billing office has received a proper invoice from the IC. Payment shall be considered as being made on the day the electronic funds transfer is made. An interest penalty shall be paid if payment is not made by the due date and a proper invoice was received by the designated billing office.

9. TERMINATION (03/03)

This contract may terminate either at the end of the period of performance for any of the following reasons:

- a. If the Contracting Officer determines that a real or potential conflict of interest exists with respect to the relationships described in the "Rules of Conduct/Conflict of Interest" paragraph below, the Government may terminate this contract upon ten (10) days notice.
- b. Upon thirty (30) days notice by either party for any reason.
- c. By the Director of Central Intelligence or designee, in accordance with the Director's non-reviewable discretion, when termination is in the interests of the United States.
- d. When the Contracting Officer determines that the IC has failed to fully comply with the security requirements of this contract as a result of the willful misconduct or lack of good faith.

If the IC feels such a situation exists, he/she is obligated to inform immediately the Contracting Officer.

15. INSURANCE (03/03)
