Do we want to lock in a date? We are actually going to be in beta for V2 by then of the portal so the timing is perfect... Thanks!

All foreign national meetings require approval 20 days in advance for unclassified visits and 30 days in advance of classified visits. Please coordinate with me in advance.
Thank you for reaching out. I will look at the calendar and see what is available. At the moment, we are looking into December.

V/R,

Data Analytics Technology Center
Science and Technology Directorate
Department of Homeland Security

All foreign national meetings require approval 20 days in advance for unclassified visits and 30 days in advance of classified visits. Please coordinate with me in advance.

As we mentioned in our last conference call with you, V2 of our portal is anticipated to be released in 1st QTR of 2020 and we wanted to see about getting on your calendar in the next week or so to provide you and your team a sneak peak on V2 of the Venntel Portal. Should be no more than 30 minutes and we'd be able to show you the new UI and features of the portal.

Let me know a good day/time for us to come to Vermont Ave for this demonstration.

Thanks again,

Venntel, Inc.
In May we briefed the following, attached are the slides. Any updates?

20 Minutes

- Joint Enforcement and Data Intelligence (JEDI)
- Open Source and Social Media (OSSM) - Night Fury Research Activity
- Project Alexander

All foreign national meetings require approval 20 days in advance for unclassified visits and 30 days in advance for classified visits. Please coordinate with me in advance.

Subject: Technology Center Tasker 10-0003770 - Border Security Quad Updates for SORDUSS Meeting with SI Response required by 11/25/2019 8:00:00 AM

This is an auto-generated email. Please do not reply. Automated notification was initiated by account Fogey, Anne (CTR).

Please respond to the Technology Center Tasker for Border Security Quad Updates for SORDUSS Meeting with SI and submit your responses before 11/25/2019 8:00:00 AM

INSTRUCTIONS:
SORDUSS is meeting with the new Acting SI in the near future to discuss Border Security. We want to provide the SORDUSS with a complete set of Quad Charts that cover all of our work in the area of Border Security. The plan is to provide SI and the ASI an executive summary/strategic outlook for R&D investments on Borders, Immigration, and Infringe efforts using the inputs we receive from this data call. We will also plan to provide the ASI leave behind quad charts to provide to his staff.

The Secure Borders IPT held a review of SI’s border security efforts on 1-3 May 2019; projects that were briefed are listed in the attached agenda. The Quad Charts presented at the May review need to be validated/updated. Also, Quad charts needed for ongoing FY20 border security work not briefed at the May review.

Quad Charts used for the May 2019 review can be found at the following SharePoint site:

If you have any questions please contact the TCO Front Office via email.

Thank you.

Hi,

Attached is the updated document, please excuse the delay. The one row highlighted in yellow is a PR that’s already in the tracker but withdrawn at the end of FY19. We plan to resubmit it and that should account for all the remaining funds.

Thank you,

[b][b]Data Analytics Technology Center
Science and Technology Directorate
Department of Homeland Security

All foreign national meetings require approval 20 days in advance for unclassified visits and 30 days in advance of classified visits. Please coordinate with me in advance.

[b][b]When you complete this – make sure to unhide Column H – PR Amount. Not sure why it is hidden.

Subject: DA-TC FY19/FY20 Spend Plan

Hi,

Thank you for answering all of our questions. Attached is the DA-TC input for FY20. We will send you the FY19 information the morning. The plan is to resubmit the PRs that were rejected in the waiver process which accounts for all the funds.

If there any questions, please let us know.

V/r,

Data Analytics Technology Center
Science and Technology Directorate
Department of Homeland Security

I hope you had a great weekend. I want to offer my sincere thanks for allowing Venntel to provide the briefing to your Privacy/OGC folks. We appreciate your confidence in our capabilities and how it supports the DHS mission. It's not often that you find people as passionate about their jobs and who think outside the box and are willing to take risks on a small company and believe its solution will ultimately pay huge dividends in protecting the country. I couldn't be any more excited about working with you and your team moving forward.

I want to follow up on a couple of items and look at the next possible steps. Not in any particular order.

1. Would like to get feedback (if possible) on the briefing that we gave on Thursday. It seems to me to have hit your objectives but want to verify that.

2. Private briefing/demo for

3. Priorities 2020. There were a number of items that we discussed on future capabilities and other tech we may be able to bring to the mission and thought it would be good to prioritize with you. Items include (again, not in any order - but feel free to suggest what is your priority)
   1. Audience attendance data (Opioid Crisis)
   2. Near-real time signal data (to include Migration)
   3. Enterprise wide data (how to get our data in the hands of the operators)
   4. Bringing the Eastern Hemisphere data into your data lake (to round out having the entire collection - would like to get this into your hands soonest - your 1qtr 2020?)
   5. Helping performance issues with a tech exchange with our core platform team.

4. I want to see about getting on your calendar and have the week of September 16th open and available. Let me know if there are any day/times that work for you. We can jump into any of the items listed above to help guide priorities.

Thanks again to [redacted] for herding the cats - no small feat I am sure. She is an amazing asset to your team.

Hey (b)(6)

Thanks for the note and will work with Jessica on scheduling. Hopefully the briefing cleared the way for using the data again.

Have a great vacation and safe travels.

On Thu, Sep 12, 2019 at 2:09 PM (b)(6) wrote:

Many thanks. I hope that you had a great weekend as well!
As you can tell we are working through a number of questions with the team.
It is indeed good to have the energy and focus. The team is greatly appreciative of your efforts to explain the data and ecosystem and that information was very helpful. I do believe that there will be additional opportunities the brief on this topic.
We will need to wait on input from our team before we can prioritize and proceed. We are hoping to have that input soon.
Happy to get together with you but I am on vacation next week and at Strata the week after.
Let me know what works and (b)(6) will make sure that we get together.
Talk to you soon,

Subject PRs funds have already been decommitted, but the Budget Team and FINOPS would like to maintain all the carryover PRs commitment in FFMS until the end of the fiscal year. We cannot rebuild your commitment PR as the funding line associated with it is deficient by (b)(4). Please know that if you would like this requisition to be part of the carryover list, we will need to reestablish the commitment, which means that we will need a funding line for the shortfall. Please let us know if you would like to proceed.

Thank you.

Subject: RE: 2nd Request - FW: CO for PR RSTC-19-00057 - Venntel Marketing Data

Thank you for all of your hard work in supporting the Data Analytics Technology Center and the critical missions of DHS. We have been in a long deliberative process regarding this effort. Unfortunately, we are now in a legal review that may take until October to complete. With this uncertainty, we will not be expecting to award this effort in FY19. We are interested in leaving the paperwork in place if that is possible, but to schedule this effort for award in FY20. We will withdraw and close this PR, and re-submit for FY-20 execution once the legal analysis is completed.

Subject: RE: CO for PR RSTC-19-00057 - Venntel Marketing Data
Please see final review comments in the attached documents. The market research report will require some work form the PMO, please work with them to revise the report so it conforms to the template and the process outlined in the market research guide (attached for reference). Due to the dollar value, the scrutiny for this will be rather high and the entire package needs to present a cohesive and easily-followed case supporting the brand name requirement.

I did not see an IGCE attached to your initial message.

Happy to discuss if needed. Thanks.

Respectfully,

Contracting Officer

Hey

Just wanted to let you know that the PoP for the portal licenses (5) expired on 9/20/2019 for DHS S&T.

Unfortunately, it looks like I will have to have to turned off access. Hopefully we can get this cured in the near term. It does seem that they way the contract was awarded, that you could renew the contract by having the monies obligated (I think I am reading this correctly).

Please call me if you have any questions.

We appreciate your support,

v/r

Venntel, Inc.
It seems that the PoP for the Data feed has also expired and Venntel will need to turn off access to this data feed effective tonight.

Please let me know if you have any questions.

v/r

Venntel, Inc.
Got it. We continue to wait for the analysis to complete so that we understand how to proceed. I believe that we will have an answer in FY20 and will keep you posted. We greatly appreciate your participation in our review process and for your support to Homeland Security.

Will be in touch soon,

From: [b](6)

I was speaking to our CEO and he would like to jump on a quick call to better understand the issue(s) that might be affecting S&T's ability to acquire/renew data licenses and how best can we support you.

Let me know when would be a good time to connect and I'll set it up.

v/r

Venntel, Inc.
Thanks if there is anything I can do to help please let me know. Thanks!

Following up to see if the privacy folks have gotten back to you and what the outcome is. Additionally I'd like to get to you a new quote for the data so that we can true-up the missed months of historical data and see if there is still interest in obtaining the 'rest of the world'. Lots to cover but thought that it would be good to align priorities to support your mission.

Thanks and look forward to hearing from you.

Best,

Venntel, Inc.
I am still waiting on our general counsel. Just queried and will let you know what I learn as soon as possible! Greatly appreciate your support of our missions,

As we mentioned in our last conference call with you, V2 of our portal is anticipated to be released in 1st QTR of 2020 and we wanted to see about getting on your calendar in the next week or so to provide you and your team a sneak peak on V2 of the Venntel Portal. Should be no more than 30 minutes and we'd be able to show you the new UI and features of the portal.

Let me know a good day/time for us to come to Vermont Ave for this demonstration.

Thanks again,

Venntel, Inc.
